AMERICAN FLAG OVER MATANZAS

Blanco Refused to Sustain the Provincial Governor-General in His Demand That the Stars and Stripes be Removed From the Roof of the Trocha Hotel—Affairs in Matanzas.

MATANZAS, Sept. 22.—Yesterday morning the American flag was hoisted over the Trocha hotel. General Arolas, the military governor, went to the palace at noon and protested against the insolence of the action, saying that as military governor he should issue an order forbidding the Stars and Stripes to be hoisted today. Captain-General Blanco said he would allow no such order to be issued, as the American commissioners were entirely within their rights in having the American flag floated over their residence, and consequently the flag this morning was waving over the headquarters of the commission. The insurgent chief Eduardo Garcia, with 500 men, pitched his camp on Sunday on the estate Ingent, two miles from Matanzas, within the limits of the zone designated by the Spanish government. General Molina, the Spanish military governor, sent a polite communication to Garcia, informing him that he was inside the limits and would be expected to move his camp. The insurgent leader answered that he considered he was not infringing on the provisions of the armistice and would remain where he was. To a second and more urgent request Garcia replied that he meant to stay where he was and could only be moved by force.

A clash appeared imminent. General Molina mustered his men and prepared to send them to delog the Cubans, but first consulted Captain-General Blanco by wire. General Blanco replied, advising General Molina to avoid a clash. The Cubans continue to remain encamped in their previous position. Great distress and sickness prevail in Matanzas, the streets remaining unclean and no attention to their condition being given by the city officials.

A CRITICAL TIME

During the Battle at Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba Were all Heroes—Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we lauded we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrad and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life." The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by Blakeley and Houghton.
