Salmon, halibut, crabs, clams, lobsters, shrimps, and in fact any thing desired in the line of fish, on Wednesdays and Fridays at the Stadelman Commission Co.

Smith and Cockerline, who have bought the grocery store of Fred Fisher, took possession today. THE CHRONICLE welcomes them to the business circles of The Dalles, and wishes them success.

Are you preparing to aid in making our fair a success? If not, do so at once. Have you not some exhibit which will interest others and advertise our section of the country? Think the matter over.

The Tennessee Students are to be in our city for two evenings next week, Monday and Tuesday. The company is composed of six first-class singers, and press notices given them are very complimentary.

The Antelope Herald says: Al Esping, who for some time had charge of the alleys in the Umatilla House, is in charge of the setting up of E. C. Dickerson's new alley. The old quarters have been enlarged and refitted, and will soon be ready for business.

Could anyone ask for more beautiful weather than the people of Eastern Oregon are enjoying at present? The rain of last Wednesday having cleared the atmosphere, settled the dust and left our roads in a splendid condition, everyone seems to be enjoying the situation to the fullest extent. In fact, we "like the place."

Rev. DeForest being absent in Goldendale yesterday, the pulpit of the Episcopalian church in this city was filled by Rev. Hammond, of Portland, who recently came to the coast from Chicago. At the Congregational church Rev. W. H. Burr, of Condon, conducted services in the morning, there being no service in the evening.

For a time this morning it was feared the Inland Flyer would be compelled to

swell in order to accommodate the large list of passengers which thronged her decks. Many were harvest hands returning home, while there were a number of tourists who were indeed fortunate in having such a perfect day in which to make the trip of all trips.

One would naturally expect the Oregon hens to lay golden eggs, especially those of the gold fields of Eastern Oregon. However, they are beginning to show silver tendencies, not only in price, but size. Saturday Eddie Reed brought to our office a specimen of hen fruit which weighed two drachms and it would take very nearly sixteen to make one good sized egg.

Mr. Emil Schanno shipped some of Eastern Oregon's best fruit to Portland this morning, where it will be exhibited at the exposition. By the interest which Mr. Schanno takes in the horticulture of this section of the state, he has done much to advertise the state, and deserves much credit. In many ways unknown to the people generally, he is working indirectly for the welfare of the fruit-growers.

Richard Gorman laid down his pencil Saturday and left the local columns of THE CHRONICLE to the tender mercies of a new reporter, who not only solicits the sympathy of a suffering public, but also asks their indulgence while he practices our new lesson. Mr. Gorman left yesterday for Salem, not accompanied by an officer, but of his own free will, and will probably remain during the session of the legislature.

The Prineville Review has an account of the marriage of a former Dalles boy, Albert Lee Weigel, and Miss Lola Wilkins, of Corvallis, at the latter place last Tuesday. Lee was brought up in this city, removing with his parents to Prineville a few years ago, where he is engaged in the stock business and will make his future home. He was a student in the academy here, and his old schoolmates as well as friends, have only the best wishes for his future.

With the state fair in full blast and the extra session of the legislature convening today, Salem is in her liveliest mood. Every train brings in not only senators, representatives and numberless clerks, but many others directly and indirectly interested. The Oregonian says politicians are little in evidence in Portland; but certainly the effect of their visit is plain to be seen in the heading of that paper, which is minus a date, probably due to the surplus of dates with the Simon faction.

A sad case of destitution is reported by the Salvation Army, who in spite of the many criticisms which are made concerning them, are always found ready to relieve the needy. The family in question are living near the garrison and the mother and one son are dangerously ill with typhoid fever, while an infant of three years, who died yesterday of the disease, was buried this afternoon. The county has taken the matter in hand, and buried the child, while our citizens have rendered their assistance.

There was enough business going on

in the East End this morning to suffice for two cities the size of The Dalles. From early morning till late this afternoon the road from the warehouses reaching far up on the brewery grade was so crowded with wheat teams that it was impossible to pass with a single rig. Then in the stockyards were a number of cattle, some belonging to the packing company and a band which Mr. Mays had disposed of to Charles Butler of Port Townsend.

At an adjourned session of the county court of Grant county last week, it was decided to levy a toll of one-half cent per head on all sheep driven across the North Fork bridge at Monument. This will affect Morrow county sheepmen, who range their herds in Grant county, as the bridge is on the trail over which these herds annually pass. It is stated that the court took this action for the purpose of making the bridge self-sustaining, as it is claimed over \$600 was paid out on it last year for repairs, the damage being caused by the passage to and fro of sheep.

The railroad rate war ended Saturday night. The new schedule of fares, formulated after the Canadian Pacific's acquiescence in the decision of the interstate commerce commission took effect yesterday, and Eastern travelers will from now on have to pay from \$20 to \$40 more for tickets than formerly. The ending of the war had a stimulating effect on travel the last few days. Thursday and Friday, a large number of tickets were sold, and Saturday every train that left Portland was crowded with people who took advantage of the last opportunity to get low rates, and several extra cars were added to each train.

The beach back of the Umatilla House is beginning to assume the appearance of a big wood yard. Almost every day one or more scows laden with fuel arrive from parts down the river and return hastily for another cargo, and in spite of the fact that load after load of wood is distributed daily among the residents, the piles continue to increase so rapidly that soon all the space will be occupied, and another place will have to be chosen in which to pile the same until it is sold and distributed. Mr. Reynolds alone has nine hundred cords of wood on the beach, while other wood merchants have considerable amounts.

LATEST FROM SALEM

Simon Elected President of the Senate

A late dispatch from Salem is to the effect that Joseph Simon is elected president of the senate. Carter defeats Maxwell for speaker of the house. Carter is radically anti-Simon.

The factional complexion of the senate and house are plainly opposite, as the choice of president and speaker will show.

THE SALEM SESSION.

Members Gathered for Governor Lord's Twenty-day Session.

A representative of THE CHRONICLE was at Portland most of last week and yesterday, and he reports conditions quite different from that reported by the Oregonian.

It is generally supposed that Senator Simon will be the president of the senate, though it was conceded that there was considerable objection to him. If there is any sort of combined action, he will be defeated today. It is repeatedly urged that he had held the place long enough.

It is extremely doubtful if a caucus can be called for organization in the house. If not Carter, or some other Republican besides Maxwell will be chosen.

In the matter of the senatorship, it is pretty generally conceded that Corbett cannot win. It is not likely that a caucus can be called on the matter, and this falling, down goes the aged banker. Most of the country members favor a harmonious course and the candidacy of Hon. M. C. George is growing in favor.

Salem will be full of Corbett lobbyists and boodlers. Graham Glass and Attorney Joseph will lead the army of sack-holders, but their presence will not have the effect that they had hoped. While a few weak-kneed members may succumb to the "influence", yet most of them will quail before the awful responsibility of having foisted upon the people a man whose very election is significant of boodling, and one that can never represent the Republican party or the people. A member who cold-bloodedly trains with Glass and that gang can expect that his constituents will charge him with selling out.

THE CHRONICLE expects to hear regularly from Salem during the contest, which will commence today.

INTENSE SUFFERING

From Dyspepsia and Stomach Trouble.

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, But Not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: The patient was a man who had suffered to my knowledge for years with dyspepsia. Everything he ate seemed to sour and create acid and gases in the stomach; he had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night.

I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a fifty-cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediately relief was given and after he had used four boxes he was to all appearances fully cured.

There was no more acidity or sour watery risings, no bloating after meals,

the appetite was vigorous and he had gained between ten and twelve pounds in weight, of solid, healthy flesh.

Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but vegetable and fruit essences, pure pepsin and Golden Seal.

Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach however slight or severe.

Stuart's Dyspepsia Tablets are made by the Stuart Co., of Marshall, Mich., and sold by druggists everywhere at fifty cents a package.

Tried for Larceny.

As we go to press the trial of N. E. Myers is going on in Justice Bayard's court. Myers was arrested yesterday, the charge being larceny from the dwelling of W. G. Odell, near the Deechutes. Among the articles stolen was a watch, which the culprit tried to dispose of to G. A. Clarke. The result of the trial will be published in tomorrow's issue.
