NO 168

EXTRA SESSION OF LEGISLATURE LAUNCHED

Both Houses Convened at the State House.

PROCEEDINGS HARMONIOUS

Senate Republicans in Caucus Decide Upon Temporary and Permanent Officers, Everyone of Whom Were Seated.

SALEM, Sept. 26.—In obedience to a call issued by Governor Lord, the Oregon legislature convened in special session at the state capital today.

The attendance of members in both houses is nearly full.

Thus far the proceedings have been entirely harmonious.

A caucus of senate Republicans was held early in the day, and the program regarding selection of temporary and permanent officers then formulated was carried out, Joseph Simon being chosen president, and most of the other offices going to Multnomah county men.

In the house temporary organization was effected, and an adjournment was taken to give the credentials committee time to formulate a report.

The report was adopted when the senate reconvened, and the new members were sworn in by Chief Justice Wolverton.

The resolution providing for permanent organization was presented by Reed of Douglas, and adopted.

The election of others proceeded with the following results:

President, Joseph Simon, of Multnomah.

Chief clerk, S. L. Moorehead, of Junction.

Assistant chief clerk, S. F. Yates, of Multnomah.

Reading clerk, J. D. Lee, of Multnomah.

Calendar clerk, Frank C. Middleton, of Multnomah.

Sergeant-at-arms, Joseph S. Purdom, of Grant's Pass.

Doorkeeper, W. W. Smith, of Clackamas.

Mailing clerk, V. H. Humphrey, of Salem.

Pages, Harvey Bell and Frank Hartman.

The minor officers of the senate were then sworn in.

A resolution calling upon the secretary of state for his report on the financial condition of the state was presented and adopted.

The senate then adjourned until 2 p. m., when the rules of the session of 1897 were adopted.

Mulkey of Polk introduced a resolution for a joint committee of two from each house to examine and report upon the books of the secretary of state. It carried.

A bill was introduced by Brownell of Clackamas to repeal the act creating the state railway commission, and passed to its second reading.

Mackay of Multnomah introduced a bill to provide new pilotage rules for the port of Portland.

Daly of Benton introduced a bill to reduce the statutory rate of interest to 6 per cent.

The senate then adjourned until 10 a. m. tomorrow.

Routine in the House.

SALEM, Or., Sept. 26.—At 10:30 a. m. Ralph E. Moody, member from Multnomah and chief clerk at the last two sessions of the house, called that body to order. The following temporary officers were named:

George T. Myers, temporary speaker.

A. V. R. Snyder, temporary clerk.

Messrs. Hill, Hawson, Massingill, Nichols and Gregg were appointed a

committee on credentials. Ross, of Multnomah, just previous to adjournment, made a motion that the Republican members go into caucus on organization. On motion of Moody the house adjourned until 1:30 p. m. The house met and organized at 1:30 this afternoon with E. V. Carter, of Jackson, as speaker. The other officers elected were: Chief clerk, A. C. Jennings. Assistant chief clerk, A. V. R. Snyder. Sergeant-at-arms, Frank Metter. Doorkeeper, A. D. Griffin. Calendar clerk, M. P. Isenberg. Clerk, D. B. McKay.

GEN. SHAFTER WILL RETURN

He Says That He Will Resume Command of the Department of California.

SAN FRANCISCO, Sept. 26.—Advices from General Shafter to friends in this city say that he will soon return to resume his station here as commander of the department of California, relieving General Merriam, who will probably be assigned to his former duties as commander of the department of the Columbia.

Brigadier-General Miller says he may go to Manila on one of the first transports to leave with what remains to him of the First brigade, of which the Washington regiment is now considered a part. In that case, Colonel Funston, with the Kansas, Iowa and Tennessee regiments, forming the second brigade, will go last.

Should no general officer be assigned to duty as commandant at the presidio, Major G. H. Kinsie will be General Miller's probable successor to that title.

CUBANS EATING MULES AND HORSES

Terrible Conditions Reported in Santa Clara—Troops Are Starving and Desperate and General Gomez Has Sent an Appeal to This Country for Relief.

NEW YORK, Sept. 26.—Telegrams were received at the Cuban legation last night from commissioners who arrived at Key West, says the Press correspondent at Washington, sent to this country by General Gomez, the Cuban insurgent leader.

These telegrams depict the situation in the province of Santa Clara as most critical. The Cuban army is said to be starving. The vegetables are almost gone, and the last mules and horses have been killed to feed the sick. Old people and children are said to be dying by dozens every day.

The general appeals for aid and says the situation is desperate. The Spaniards are doing all they can to make the insurgents' situation more terrible. It is feared that serious results may arise from this, and the Cubans cannot be blamed if they are forced to take the necessities of life. This they could do by capturing a town, but they have pledged themselves not to violate the armistice, and they, therefore, appeal to the United States in order to avoid a conflict.

THE OREGON GOES TO MANILA THIS WEEK

Captain Barker Receives Orders to This Effect.

READY FOR THE VOYAGE

Iowa Will by Tomorrow Be in Condition to Accompany the Oregon, and Work on Other Vessels to Join the Fleet Is Now Being Rushed to Completion.

NEW YORK, Sept. 26.—A dispatch to the Herald from Washington says:

Instructions given by the navy department to Captain Barker, commanding the battle-ship Oregon and senior officer of the squadron which is under orders to proceed to Manila, require him to sail during the present week to Honolulu.

Reports received at the navy department announce that the Oregon is ready for the voyage, and the Iowa will be in condition to sail tomorrow, while the supply-ship Celtic, the distilling-ship Iris and the four colliers, which will accompany the battle-ships, will be ready during the next few days.

The department is considering the advisability of attaching the engineering repair-ship Vulcan, which did such excellent work in Cuban waters, to the squadron. Admiral Dewey is in need of such a ship. The Vulcan received orders yesterday to come North at once. She will undergo such repairs as may be necessary, take on board supplies and will be ready for the voyage, it is stated, by the latter part of the week. With the Vulcan at Manila, it will be unnecessary to send the ships to Hong Kong for repairs.

A CRITICAL TIME

During the Battle at Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba Were all Heroes—Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrad and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by Blakeley and Houghton.

A Chicago dispatch of late date says: "The London auction sales, are looked forward to as a factor which will have a stimulating influence upon the present condition of the wool trade. Many close observers of the strength of foreign markets think that there will be an advance of fully five per cent. upon merino wools. There will be about 230,000 bales of wool offered at these series, and if good competition asserts itself with a reasonable advance, all doubts regarding the values of American wool will be removed. It is reported upon good authority that several hundred thousand pounds of foreign wool now lying in bond at sea-board points, is soon to be shipped to foreign ports. If a fair remuneration is received by the shipper in this venture large lines of other wool will certainly follow. It may be the means of opening the eyes of some large manufacturer to the reality of present cheapness of American wools, and release the market from the inactivity and sluggishness that has so long existed.
