SPECIAL MARKET LETTER.

Of Interest to Stockmen and Therefore to All of Us.

The following special letter received this morning from Omaha will be of interest to our stock dealers, and though not perhaps directly, indirectly effects us all:

The condition of the Western cattle market is much the same as last week. Receipts still continue liberal and are composed mostly of fair to medium grades of feeders. Good beef grades are scarce and in demand at strong prices, being at least ten cents higher than at the close of last week.

We quote you Western grass beef steers \$3.90 to \$4.60; cows and heifers, \$2.75 to \$4.15. Western stockers and feeders: Yearling steers, \$3.80 to \$4.45; heifers, \$3.50 to \$4; two-year-old steers, \$3.80 to \$4.45; three-year-old steers, \$3.70 to \$4.45. Feeding cows, \$2.75 to \$3.50. Cows with calves by their side, \$28 to \$45, per head.

Receipts of sheep still continue liberal and are composed almost entirely of Western shipments. The demand from packers for all kinds of fat sheep and

lambs has been good during the week and especially so for good lambs, which seem to be scarce. Feeders have bought up everything in the feeding line at a good price, and twice the number received could have been disposed of.

We quote you weathers, \$3.75 to \$4.10; ewes, \$3.50 to \$3.75; yearlings, \$4 to \$4.25; lambs, \$4.60 to \$5.25.

FANNY DAVENPORT DEAD.

The Famous Actress Dies of Enlargement of the Heart.

Many who were not aware of the fact that the famous actress, Fanny Davenport, or Mrs. Melbourn McDowell, as her real name was, she having married her leading man, McDowell, in 1889, had been suffering for some months with heart trouble, were grieved to learn of death through dispatches yesterday.

Miss Davenport has played in every important city of the United States, in such roles as La Tosca, Gismonda and Cleopatra, with her husband as her opposite. Her plays were all produced on a splendid and lavish scale, and with such success that the celebrated actress amassed a fortune in the practice of her art, being classed among the few really wealthy stage celebrities of the country.

Fanny Davenport was born in London, England, April 10, 1850. A mere child she appeared in "Metamora" at the Athenaeum, in Boston, and that was the beginning of a career that has covered a period of more than thirty-five years.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.
