NEVER IMITATED IN QUALITY.

**THE EXCELLENCE OF SYRUP OF FIGS** is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

tunnel, nor be let down in the shaft.  
All aboard for Glenwood Springs over the Colorado Midland Railway, while the grandeur of the scenery along the route fairly awes us as we ride over Hauer, man's Pass at an altitude of 11,500 feet. This is the dividing line of the continent, water flowing eastward to the Atlantic and westward to the Pacific. At Hell Gate the track curves and twists for fourteen miles to reach a point half a mile below, and when we reach Glenwood Springs, which has 1,500 inhabitants and is a romantic spot, our heads are fairly whizzing. Here—"oh joy, oh rapture unforeseen"—we are invited to deposit the surplus real estate which we have collected en route, in the great swimming pool which covers an acre of ground, is three and a half feet deep, paved with brick, and is filled by a stream conducted from one of the hot springs. Its temperature varies from ninety-three to ninety-eight degrees Fahrenheit. In our hurry to get "in it," we scarcely had time to stop and have a hearty laugh at the comical figure which some of the "editorial forms" cut when the not overly beautiful bathing suits were donned.  
The pride of Glenwood is the Colorado hotel. This building cost a mint of money, and we understand had for its contractor a Mr. Hampshire, an uncle of J. F. Hampshire of this city. It inadequately conveys an idea of this splendid establishment to say that its dimensions are 224x260 feet; that it is built around three sides of a court 124 feet square; that the walls are of colored stone and Roman brick; that the architecture is patterned after the Villa Medicea of Rome; that it contains two hundred guest rooms lighted by electricity and provided with open fireplaces, and forty bath rooms. Amid this splendor we registered and stayed a few moments, or long enough to view the building, attending a party in the evening within its walls.  
Next morning at Grand Junction, Oregon left the editorial party for a visit with friends in Salt Lake City and to see just what sort a person a real live Mormon is. And we saw.  
But what of Colorado scenery compared with Oregon? If you had given us something easier we could tell you now; but are compelled to attempt to do so in our next.
