Baker City will hold its first municipal election in four years on the first Monday in November.

A fine showing is made in the report of the condition of the First National bank, which appears in another column.

The Walls Walla fruit fair opened yesterday under the most favorable circumstances, with over 6,000 people in attendance.

Last night the Dalles City made an extra trip to Lyle, where they took on 1800 sacks of wheat. A small party took the opportunity to enjoy a trip on the Columbia by moonlight, and report a jolly time.

Majestic; an imported kid glove of German manufacture, can be had in green, tan, brown, black and red for \$1.00 at Pease & Mays. This is without exception the best glove for the money that we have had the good fortune to offer.

The grand lodge, Knights of Pythias, will convene in Portland on the 11th of this month. The Rathbone Sisters, Roweny temple, No 20, will put on the beautiful work of the grand temple, on the night of October 12, at Elks' hall. These services will be followed by a reception and supper.

Word has been received that the gentlemen who were expected to organize the Native Sons of Oregon in our city last week, will be here on Saturday, and an organization will be effected that evening in K. of P. hall. All native sons of Oregon over twenty-one years of age are invited to be present and become members.

A number of farmers took advantage of the fine weather today and made a visit to the city. The usual number of wheat teams are in evidence in the East End, and while the price of wheat is not booming, business is. Yesterday a number of freight teams left for the Prineville country, and several from that section came in today.

The editor of a Pennsylvania paper thus takes his readers into his confidence: "Fellow readers, in these piping times of hustle and bustle, and when you are receiving an advance upon your grapes, just take time between breaths and roll a cartwheel into 'The Breeze' office to apply upon your subscription. We're gosh-darned hard up, and don't care who knows it, either."

The complimentary vote given Judge Bennett, of The Dalles, is a just recognition of a worthy citizen. Judge Bennett has persistently followed the course politically that assured him at all times failure to win the honors his talents

made him deserve, and yet by his conscientious advocacy of what he believes right he has won respect from all the people of Oregon.

School district, No. 52, near Mosier will have appropriate exercises tomorrow afternoon, and the "Stars and Stripes" will thereafter wave over the school building. Superintendent Gilbert will be in attendance, J. M. Carroll, teacher in No. 52, and Miss Lillian Ackerman, of district No. 8, will suspend school for the afternoon to attend the exercises.

The little squabble between Byers' new mill, at Pendleton, and the Star, at Tygh Valley, over the matter of Mr. Scholl as head miller, has been settled in a neighborly way, and to the entire satisfaction of all concerned. Mr. Scholl goes to Pendleton and Mr. Shultz to the Star. Both men are full apprenticed German millers, with thorough experience in modern American mills and milling, and are fortunate in having up-to-date mills to operate. The owners of the respective plants are equally fortunate in having secured such men to manage their expensive machinery.

The Goldendale Sentinel says: "Saturday Mr. Thomas A. Hudson, from The Dalles, representing a company of capitalists of San Francisco, came to Goldendale to get statistics as to the yield of grain, etc., and of the amount of business done in the valley. The company proposes to build a narrow gauge road from Lyle to Goldendale, only asking from the people the right-of-way and sufficient grounds to build a depot and other terminal buildings upon. If they decide to construct this road, which we think they will, it will be here in time to move the crop of 1899."

Sheriff Matlock, of Morrow county, left Canyon City for Heppner Sunday having in charge V. R. McConigill, who is wanted for disposing of a band of 1600 sheep, upon which the First National bank, of Heppner, held a mortgage. Recently the bank made a demand for the sheep, and McConigill, it is said, claimed they had been lost in the mountain. An investigation, however, showed that they were being driven out of the country, and for the past ten days Sheriff Matlock and deputies have been scouring the John Day country in search of them. They finally located 300 head, all that were left, and learned that McConigill had sold the rest. McConigill was arrested Monday.

Portland is to have a big dry dock. Senator Mackay will abandon his bill fostering this enterprise, and Wolff & Zwicker will take the work in hand. This firm has for some time had the scheme in contemplation, and now are almost prepared to carry it into practical effect, in connection with their ship-building plant. They purpose increasing their capital \$250,000, of which a large amount already is subscribed, and available whenever needed. It is believed all the increased capital stock will be secured within the next two or three weeks, when active steps will be taken in the consummation of the enterprise.

The dock will be a floating one, built of steel, and suitable for all purposes for many years ahead.

Not content with the popularity already gained, the East End this morning attempted to scare up a runaway. The event, however, was not a howling success. The leading participants were a four-horse team, a wagon, from which a load of wheat had just been taken, and a driver who certainly is an adept in the art of mazing a runaway team. The latter fact spoiled a fine newspaper item, and as he turned the horses and made them run up on the sidewalk at the corner of Baker's saloon thus stopping their progress, our reporter in the East End heaved a sigh and started for greener fields.

Reception to Rev. and Mrs. Poling.

Last evening the members of the Congregational church and their friends gathered at the home of Mr. and Mrs. Truman Butler and gave their new pastor, Rev. Poling, and his wife a hearty welcome to our city and to the pastorate of the church here. During the entire evening the house was well filled with those who were eager to meet the new pastor and assure him, as well as his excellent wife, that never was a more heart-felt greeting given them than that extended by the people of The Dalles.

The parlors had been artistically decorated with cut flowers, and an atmosphere of welcome seemed to pervade the house, as guest after guest arrived and joined in social converse. Light refreshments were served during the evening, tending to make everyone feel more at home.

The impression which prevailed Sunday (after listening to Mr. Poling's addresses) that a better choice of pastor could not have been made, was intensified last night when all had an opportunity to meet him personally.

Woman's Foreign Missionary Society.

This evening the convention of the Columbia river branch of the Woman's Foreign Missionary Society of the M. E. church will convene in the auditorium of the church. Delegates from Oregon, Washington, Montana and Idaho will be present and the public is invited to attend. The program for tonight is as follows: Prayer services led by Rev. J. H. Wood; reception in charge of secretary of Columbia river conference, Mrs. S. L. Barrill; words of welcome from auxiliary branch, Mrs. Smith French; words of welcome from the church, Rev. J. H. Wood; response by Mrs. Wilmot Whitfield.

WHO WILL BE SENATOR?

Echo Answers Who, While the People are Anxiously Waiting—Bill Abolishing Railroad Commission Was Passed.

THE CHRONICLE's special from Salem today says:

The bill abolishing the railway commission has passed both houses and now awaits the signature of the governor. A unanimous vote was cast.

The measure providing exempt certificates for Astoria volunteer firemen passed the house.

A bill creating the office of game and forestry warden also passed the house.

Curtis' bill to provide for regulating sturgeon fishing was made a special order for Monday.

The agricultural committee's report on fire at the agricultural college comes up this afternoon.

Senate today worked on routine matter, doing no important business.

The senatorial situation remains virtually unchanged. So far Corbett's forces are still firm. George may develop unexpected strength any day. The vote today is as follows: Corbett 36; Eakin 6; Fulton 1; Williams 6; Hewitt 1; George 17; C. B. Moores 1; John H. Smith of Clatsop 24.

The silver members, as usual, vote tomorrow on a new candidate.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick, of N. C. Trial bottle free at Blakley & Houghton Drug Store. Regular size 50c and \$1. Every bottle guaranteed.
