NEGOTIATIONS AT PARIS WILL SOON BE ENDED

Secretary Day Says the Peace Commission Will Finish Its Work Before Congress Meets this Winter.

THE SITUATION IS CLEARING UP

Spaniards Indisposed to Prolong the Negotiations Since Becoming Convinced that No Outside Aid Can Be Expected.

NEW YORK, Oct. 10.—A dispatch to the Herald from Washington says:

From a dispatch received from Chairman Day, the authorities are still of the opinion that the work of the peace commission will be completed by the time congress meets. Mr. Day takes quite an optimistic view of the situation. It is his desire to limit the time of discussion of the various points raised as much as possible, in order that the negotiations may reach an early conclusion.

Information which has been received here, shows conclusively that Spain has no further hope of foreign intervention, and this fact leads the authorities to the belief that she will not attempt to drag the negotiations out as long as she would if she thought there was a chance of any European government attempting to secure a modification of the American terms.

The United States may submit a diplomatic protest to Spain through the French government against its action in sending a Spanish auxiliary cruiser loaded with arms and ammunition to the Philippines. In any event, the matter is under consideration, and it is believed has been called to the attention of the American commissioners now in Paris.

FOREST FIRES SPREADING AGAIN

Colorado Intermountain and State and East River Districts Devastated—Gothic in Danger.

MARBLE, Colo., Oct. 10.—The big forest fires are gaining momentum again, the fall of snow a week ago in the Elk mountains in range only having proved a temporary check. The cattle herds are being removed from the muddy meadows, as prairie fires are sweeping them. The intermountain country is ablaze in several places, one of the heaviest of the fires devastating the country between Slate and East rivers and the Pittsburg breakers, and the town of Gothic is again threatened.

A big blaze has been started on Bellevue mountain, on the Maroon trail of East Rock Creek.

From the West Elk mountains come reports of the narrow escape of Crystal prospectors, who had to move camp three times in one night.

DID NOT JOIN THE CONFERENCE

Yesterday's Attempt to Compromise the Leech Lake Trouble a Failure—Situation Still Grave.

MINNEAPOLIS, Minn., Oct. 10.—Federal and state authorities are now working in harmony towards quelling the In-

dian revolt. General Bacon offered to confer with Governor Clough, but the latter advised a conference by wire. He received the following message from Bacon:

"Situation bad. Conference yesterday resulted in nothing. No Indian chiefs there. Lumbermen all coming into Walker. Troops needed at Cass lake."

Construction crews on the northwest extension of the Brainerd & Northern, at Bemadji and northward to Cass lake have joined the refugees at Walker, and it may be necessary to send them back to work under guard, as these two extensions in the event of a prolongation of the trouble would be of great strategic value. Troops may be placed at other places in addition to the present forces at Fosston line points.

From Park river the governor received a personal statement, signed by chief Ned Gay Bag Enanoway Ruch, as follows:

"Pine Point, Oct. 9.—We, the Chipewewa Indians, at Pine Point beg to state to the public that we are perfectly friendly to the whites, and have no ill feeling, and are in no way hostile. We decided at a council not to take any part whatever in the Leech lake trouble."

How to Prevent Croup.

We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy and it always prevents the attack. It is a household necessity in this country, and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined. —J. M. Nickle, of Nickle Bros., merchants, Nickleville, Pa. For sale by Blakeley & Houghton.

Three Doctors In Consultation.

From Benjamin Franklin.

"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e., Theory) says is best is to be chosen in the last place. But if you can get Dr. Inclination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. For sale by Blakeley & Houghton.

AN ANSWER WHICH DOES NOT ANSWER

Secretary Alger's Reply to the Investigating Committee's Question is Very Unsatisfactory.

WHOLE REPORT IS FARCIAL

Secretary Will Be Called Upon to Furnish a Complete Report—Matter of Locating of Army Camps Barely Touched Upon in Report.

NEW YORK, Oct. 10.—A dispatch to the Herald from Washington says:

Secretary Alger has sent an answer to the war investigating committee, which, in the words of one of the commissioners "does not answer."

"In the first place," said this commissioner, "we asked who had been influential in selecting the camp sites. The only answer vouchsafed is that General Lee selected the camp at Jacksonville. I do not think that any other camp is mentioned. But this omission will, no doubt, be remedied in the supplemental report for which we will call upon the secretary."

Secretary Alger's report includes 3000 words, and in addition to the Jacksonville camp matter, covers only these points: The selection of Tampa as a point of embarkation; Rear-Admiral Sampson's dispatch; the cause of hastening troops to Santiago; Commodore Remy's dispatch; the cause of the subsequent delay of the troops. Discussion of these points exhausts the report. No attempt seems to have been made to explain the cause of the hardships suffered by the soldiers in Tampa. The matter is brushed aside with apparent contempt in the relation that Tampa was considered a good location and the most convenient place of embarkation.

Secretary Alger will be asked for a more complete answer.

The program of the commission for this week is to have no witnesses except those who may be caught passing through Washington. The time will be spent in reading the voluminous report of the adjutant-general, then the report of Surgeon-General Sternberg, and then the reports of other heads of departments.

Members of the commission expect to leave for a tour of the camps a week from Monday. They go first to camp Meade before it breaks up. They will go to Jacksonville, where Colonel Bryan will be one of the principal witnesses. The tour of the camps, it is thought, will consume about two weeks. The commission will return to Washington and later go to New York city.

In New York two prominent witnesses will be called—Colonel Theodore Roosevelt and R. B. Roosevelt. The latter made grave charges against the administration of Commissary-General Agan, and he will be asked to substantiate them.
