

# SYRUP OF FIGS

**THE EXCELLENCE OF SYRUP OF FIGS** is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

### DICK'S GOOD TIME.

**He Was a Very Humane Boy and He Was Enjoying His Well-Earned Reward.**

A portly gentleman sat on the porch and smiled, while a small boy, also smiling, painted the front fence. "Look at that boy," the portly man remarked to a visitor; "he thinks he is having a good time. A small boy is surely the drollest creature on earth. When I was a youngster I remember that there were certain kinds of work I considered play, and one of them was painting. I was always crazy to paint. Many times I have taken a bucket of muddy water and an old paint brush, and have spent a whole half day putting a thick coat on the side of my father's barn.

"So with my boy, Dick, the little chap painting the fence; he has always been crazy to paint. He is enjoying himself now—you can see he is; and he will paint that whole fence, too, just as well as he knows how. I don't care if it is a tittle smeared; he's getting joy, solid joy, thicker than the paint on his hands and clothes.

"There's a mean side to it, too; he wanted to paint the fence and I wanted the weeds pulled out of the yard. So, like an underhanded rascal, I bargained with him; I told him that if he would pull all the weeds out I would let him paint the fence. He went through the other job like a soldier—he hates to pull weeds—all boys do—and now he thinks he is getting his reward. It is a downright shame to fool him that way—don't you think so?"

The portly gentleman chuckled again, and the small boy, wild with joy, went on plastering paint on the fence.—Detroit Free Press.

**Declined with Thanks.**  
A Chinese editor returned a contribution on the ground that if he printed it the emperor of China would insist on everything in the paper being maintained at the same high standard. That is a more soothing reply to the contributor than "declined with thanks." Why not put the case thus: "Sir, your article (or story) is so magnificent that if it were to appear in our pages our readers would clamor against the rest of the contents. We are compelled to employ other writers, who, if you were a competitor, would have to retire to the workhouse. In the cause of charity, therefore, we beg to express the hope that you will give up literature and apply your genius to the manufacture of marking ink."—London Sketch.
