

**NEVER IMITATED IN QUALITY.**

**THE EXCELLENCE OF SYRUP OF FIGS** is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

**It's Human Nature.**

This readiness to accept the wonderful and miraculous in preference to commonplace truth. A plausible and glib-tongued doctor can go from town to town curing, or trying to cure, people, and have a great influx of shekels, while every community in which the so-called doctor goes is supplied with quiet, learned practitioners, who have forgotten more than the fakir ever learned, and they can give you the best treatment within the reach of human knowledge. While your home doctors carry you from year to year, get up at all times of the night and are your servants during the day, and you pay them when you are well or able, the fakir gets the cash, and is gone forever. If your eyes are troubling you in any way, call on Prof. F. G. Dant, the only graduated optician or doctor of refraction in The Dalles, two doors west of Keller's bakery. I am here to stay, and guarantee all eye work.

Prof. P. G. Dant.

**HOW TO SELECT MEATS.**

The Cost of the Choicest Cuts is in Inverse Ratio to Their Real Food Value.

The finest roasts and steaks are found in the hind quarter, as well as the juiciest meats for making beef tea, meat pies, beef a la mode or potted beef. Sirloin, of course, gives the very choicest roasts and steaks; next comes the rump, this being cut in three parts. The back, the middle and the face are good roasting-pieces; but the most economical is the middle cut, as it is free from bone and has not a scrap of waste on it. Good steaks are cut from the top of the round; some people go so far as to say that the flavor of a round steak is superior to that of any other. The lower portion of the round is used for braizing and for beef tea.

The tenderloin has the most tender meat, but it is neither so juicy nor so well flavored as other portions that are not so tender, and it is not nearly so nutritious as portions that require much cooking. The sirloin comes next in tenderness and delicacy. These cost more than any other cuts, but there is less nutritive value than is found in the cheaper parts. Indeed, the cost of the meat seems to be in inverse ratio to its food value. Of course, this is so because of the much smaller proportion of the so-called choicer cuts. It is one of the wise economies of nature that it should be so. The harder-working class of people, those who do a great deal of manual labor, and particularly those whose occupation takes them a great deal into the open air, need the nourishment and sustaining quality of the heavier meats. And these are found in the cheaper parts, particularly where there is a great deal of juice in the meat and rich marrow in the bone.

Stews and braized meats, or those that are steamed in their own juices over the fire, as pot-boiled or roasted meats, give the most nutriment, and add the physical strength that is needed, besides, in cold weather, supplying a great deal of warmth by furnishing carbon for the body.—Sallie Joy White, in Woman's Home Companion.

**Airing Clothing.**

All clothing worn in the warm weather which cannot be washed, should be very carefully dusted and aired after it is taken off. Freshen such portions of the lining as touch the flesh by wiping it off with a clean cloth dipped in alcohol and cold water. A dainty muslin or any dress, even one of the most delicate, may be worn a season or more if it is aired and cleaned when necessary in the way described after it is taken off. Keep a soft flannel cloth or a velvet brush to brush the dust from velvet trimmings.—N. Y. Tribune.

**What is Scott's Emulsion?**

It is a strengthening food and tonic, remarkable in its flesh-forming properties. It contains Cod-Liver Oil emulsified or partially digested, combined with the well-known and highly prized Hypophosphites of Lime and Soda, so that their potency is materially increased.

**What Will It Do?**

It will arrest loss of flesh and restore to a normal condition the infant, the child and the adult. It will enrich the blood of the anemic; will stop the cough, heal the irritation of the throat and lungs, and cure incipient consumption. We make this statement because the experience of twenty-five years has proven it in tens of thousands of cases. Be sure you get SCOTT'S Emulsion. 50c. and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York.

**Deafness Cannot be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

**DEPARTMENT OF THE INTERIOR,** General Land Office, Washington, D. C., May 27, 1898. Notice is hereby given of the following Executive Order, restoring certain lands in the Cascade Range Forest Reserve to settlement and entry: "EXECUTIVE MANSION," Washington, D. C., April 29, 1898. In accordance with the provisions of the Act of June 4, 1897 (30 Stat., 39), upon the recommendation of the Secretary of the Interior, the west half of Township one South, of Range ten East, Willamette Meridian, Oregon, within the limits of the Cascade Range Forest Reserve, is hereby ordered restored to the public domain after a 30 days notice hereof, by publication, as required by law, it appearing that said tract is better adapted to agricultural than forest purposes. The above land will be subject to entry at the United States Land Office, The Dalles, Oregon, on and after October 17, 1898.
