## EXPRESS TRAINS CRASH HEAD-ON

Serious Collision on a Pennsylvania Road.

## FIVE MEN WERE INSTANTLY KILLED

Four Others Were Seriously Injured—  
All the Killed and Injured Men  
Were Members of the Crews of the  
Wrecked Trains.

WILKESBARRE, Nov. 11.—The Buffalo express on the Lehigh Valley railway, which left New York at 3:30 last night, ran into the New York and Philadelphia express going east on the Wilkesbarre mountain, at 3 o'clock this morning.

Five of the trains crews were killed and four others seriously injured.

The train going east had the right of way on a single track. The Buffalo express, in charge of Engineer Robblin, had orders to keep on a siding on the mountain and let the New York express pass. As he approached the siding he discovered that his air brakes would not work. The train was moving about thirty miles an hour on a down grade. The engineer whistled frantically for the hand brakes. He knew the other train was about due. He reversed his engine and stuck to her, but could not avert the collision.

In less than a minute the express from the West hove in sight. A terrible crash followed. Nearly all the passengers on both trains were asleep. Many of them were thrown out of their berths by the shock, but none seriously injured.

The engines and baggage and express cars were piled up in a heap in the cut. As soon as possible the dead and injured were taken from under the cars. The road is completely blocked and will not be opened up for several hours. A heavy wind storm prevailed on the mountain last night, which caused leaves from the forest to accumulate on the track. The engine plowed into the leaves, which clogged the breaking apparatus.

### Farmhouse Burned.

LONG CREEK, Or. Nov. 10.—The house of Mr. and Mrs. A. Duel, an aged couple living within a few miles of this city, was yesterday destroyed by fire, with all its contents. The fire originated from a defective flue. There was no insurance on the building or contents. Mr. Duel, who is a paralytic, had a narrow escape from death. The unfortunate couple were entirely without means, and kind neighbors raised a subscription for rebuilding and furnishing their home.

### May Result Fatally.

ASTORIA, Nov. 10.—Colonel A. H. Stone, of Knappa, one of the pioneers of this part of the state, was nearly killed last night by taking an overdose of an opiate. His physicians stated today that while he has recovered from the effect of the drug the shock to his system may result fatally, as he is a very old man and in poor health.

## PURCHASABLE SHEEP SCARCE

Report of Buyers Who Have Been  
Through Grant, Harney and Crook  
Counties.

LONG CREEK, Nov. 10.—Sheepbuyers who have recently been through Grant, Harney and Crook counties, report a shortage of sheep, at least purchasable ones. Good mutton sheep, they say, are

out of the question, owing to the poor ranges. Even the mountain ranges, heretofore as good as could be desired, have been short this season. Flocks which have come out of the mountains in poor condition have found their home range killed out by drought, and a great many owners are already feeding hay. Nearly every band that has passed through northern Grant county this year show unmistakable evidence of having had to hustle to live.

## ARCHBISHOP GROSS BETTER

Health of the Oregon Metropolitan Much Improved.

BALTIMORE, Md., Nov. 10.—Archbishop Gross, who has been ill here for several days, was said to be much improved yesterday. The archbishop has been in Maryland about eight weeks, having come here from the annual meeting of the archbishops at Washington for a needed rest. He went to St. Charles college, near here, and conducted a retreat, after which he went to the Redemptorist college at Ilchester Mills. There he was taken ill with an affection of the heart, and his cousin, Dr. J. I. Gross, had him removed to St. Joseph's hospital, this city. His condition at first was regarded as serious, but his hardy constitution seems likely to pull him through.

## NO PROVISION FOR COMFORT

Of Those Embarking at Santiago Thirty  
Per Cent are Certain Never to  
Reach Spain Alive.

NEW YORK, Nov. 11.—A Santiago special to the Herald says:  
The Spaniards are evacuating the Hologun district rapidly. Four thousand men on board two vessels left last week. Three more vessels will take the balance.

There has been a total disregard of the health and comfort of the soldiers. Of the soldiers at Santiago thirty per cent are certainly doomed. There have been thirty deaths of soldiers on the wharf at Gibara in one day. The bodies were buried in the bay and credited to the transportation company as passengers.

### Rebels Take Negros Island.

LONDON, Nov. 11.—Advices received at the office in this city of the Philippine Commercial Company say the insurgents have taken the island of Negros, one of the Philippines separated by narrow channels from Panay and Zebu, and that they are besieging Iloilo, the capital of the island of Panay, and the second largest port in Philippines.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

## ADMINISTRATION HAS SO DECIDED

Whole Amount to Be Allowed Will  
Probably Not Exceed One Million  
—President and Cabinet Carefully  
Noted the Sentiment of the Country  
in Regard to the Amount of  
Indemnity.

NEW YORK, Nov. 11.—A dispatch to the Herald from Washington says:

Instead of paying Spain \$40,000,000 as an indemnity for the cession of the Philippines to the United States, President McKinley intends to reimburse her only for public improvements.

President McKinley and his cabinet have carefully noted that the sentiment expressed throughout the country by the elections has been in opposition to the suggestion to indemnify Spain to the extent first proposed. As was put out by the administration authorities, it was intended to give the capital of the entire debt floated, with the Philippines as security, and amounting to \$40,000,000. What will be paid by the United States, according to the present intention of the president, is the debt contracted by Spain for the establishment of light-houses, harbor improvements and public buildings. All told, this does not amount to a very large sum, being fixed at about \$1,000,000.

Friends of Spain in the diplomatic corps say that it is an outrage for the president to offer such a small sum.

From Mr. Day the officials have learned that the American commissioners yesterday presented the reply to the Spanish refusal to surrender the islands, and it is expected that now the administration has been so satisfactorily indorsed by the country the Spaniards will appreciate the hopelessness of their position and accede to the demands of this government.

### Taken Under Advisement.

MADRID, Nov. 11.—The queen regent presided at the cabinet council today. Sagasta read a letter from Rios, president of the Spanish peace commission, announcing that the American peace commissioners had refused to assume the Cuban debt and had exacted the Philippines. The cabinet will meet again this evening and decide upon a reply.
