

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

CALIFORNIA FIG SYRUP CO.
SAN FRANCISCO, CAL.
LOUISVILLE, KY. NEW YORK, N. Y.

PERSONAL MENTION.

F. M. Warner is in from Nansene today.
C. A. Buckley is in from Grass Valley today.
James Brown, of Mosier, called at the CHRONICLE office this afternoon.
Miss Eva Wellman arrived in the city yesterday from Detroit, Michigan.

It's Human Nature.

This readiness to accept the wonderful and miraculous in preference to commonplace truth. A plausible and glib-tongued doctor can go from town to town curing, or trying to cure, people, and have a great influx of shekels, while every community in which the so-called doctor goes is supplied with quiet, learned practitioners, who have forgotten more than the fakir ever learned, and they can give you the best treatment within the reach of human knowledge. While your home doctors carry you from year to year, get up at all times of the night and are your servants during the day, and you pay them when you are well or able, the fakir gets the cash, and is gone forever. If your eyes are troubling you in any way, call on Prof. P. G. Daut, the only graduated optician or doctor of refraction in The Dalles, two doors west of Keller's bakery. I am here to stay, and guarantee all eye work.
Prof. P. G. DAUT.

TAKE WARNING.

Notice is hereby given to all property owners that all flues and chimneys must be constructed in accordance with the ordinance against danger by fires, and if said chimneys and flues are not constructed in accordance therewith, the

full penalty will be inflicted on the offender.
The following is a copy of said ordinance, regulating the building of flues and chimneys:
Section 9. That every chimney or flue that hereafter may be built in any frame building within the city shall have walls of good quality of brick or stone at least four inches in thickness, and be laid in good lime and mortar and be plastered on the inside, and when passing through or near the wood work to be plastered on the outside.
No chimney or flue shall be built which shall have any joist or timber resting on or entering into the same further than will have at least six inches between the end thereof and the chimney or flue. They shall be well secured and shall extend at least four feet above the roof of the building to which they are attached, measuring from the point where each chimney or flue passes through the roof, and should such chimney or flue be deemed unsafe to the building or buildings adjoining by the fire warden, they shall be carried up to such height as may be deemed necessary, not to exceed four feet above the extreme height of said building or buildings adjoining.
And notice is further hereby given that all chimneys and flues now in use, contrary to the above ordinance must be removed on or before December 1, 1898
GEORGE J. BROWN,
Fire Warden.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

PURE, FRESH Candies
DELICIOUS FLAVORS
Are supposed to taste extra fine, but if they taste better than
Our Candies.
We would like to steal the maker's secret. Our confections are absolutely pure. We lay particular stress on this fact. The freshness and delicious flavor of everything we make is apparent, but the purity has to be vouched for. Try a sample pound of Chocolate Creams. We are certain you will acknowledge them superior to anything ever tasted before.

AMERICAN SILVER TRUSS.

Retains Severest Hernia with Comfort.
LIGHT, COOL, Easy to Wear. No pressure on Hips or Back. No understraps. Never moves.

Is Used by Many

Leading institutions throughout the United States and Canada, and have been adopted by Guy's and Westminster Hospitals, London, England. In this Truss the principle hitherto so greatly desired has at last been achieved, that of firmly and constantly holding the rupture with a gentle hand-like pressure.
It does not pass around the hip like other trusses, but over the hips, the silver wire lying in the hollow of the side, thereby allowing the free movement of the hips and limbs, allowing the wearer to stride out freely, and doing away with the fear and dread that something will go wrong that usually attends the wearing of other trusses.
Its lightness is featherweight in comparison with other trusses. It is so light the wearer scarcely knows he has anything on, and this is a great comfort, enabling the wearer to forget his ailments.

It can be altered by the wearer to the shape of the body, not being made of hardened steel, and can, with a little judicious and careful bending, be made stronger or weaker in pressure, as desired.
