You need make no arrangements to procure turkeys and chickens for Thanksgiving dinner, as the ladies of the Catholic church will have them on sale at their bazaar.

A meeting of the United Artisans will be held this evening at 7:30, at the K. of P. hall. Members are requested to be present as matters of great importance will be discussed.

A letter received from Mrs. W. H. Biggs by her Sunday school class tells of the safe arrival of herself and Mr. Biggs at Canton, Mo., where they are greatly enjoying their visit with relatives.

Uncle Sam today adopted a son in the person of Ludwig Maier, a German by birth. Those German boys always make good citizens, and Uncle Sam has an eye to business when he adopts them.

Friday evening at the Methodist church the Leaguers will have a reunion, to which they invite all their friends. A good entertainment is being prepared, and you may enjoy yourselves "free, gratis, for nothing."

For Thanksgiving the ladies of the Lutheran church will sell cakes, pies, etc., at the music store of I. C. Nickelson on Wednesday, Nov. 23d, and they invite all their friends to give them a call; especially those who desire a supply of pastry for Thanksgiving.

Albert J. Frye, engineer for the Pacific Bridge Co., is up from Portland arranging to have work begun immediately laying the new water mains in the city. The foreman will arrive this evening and tomorrow the job will be begun according to the contract let. It will require a month or six weeks in which to complete the work.

The Dalles has a new male quartet, which was organized last Saturday evening at Prof. Lundell's studio, and is composed of the following members; M. V. Phelps, first tenor; J. S. Landers, second tenor; Rev. D. V. Polling, first bass; Prof. A. W. Lundell, second base. It will be known as the Columbia Quartet of The Dalles. Prof. A. W. Lundell is director and J. S. Landers manager. These gentlemen are each known to be good musicians, with fine voices, and The Dalles is fortunate in having such an organization in her midst.

Even the Mormons know a good thing when they see it, and have therefore purchased a half section of sugar beet land near La Grande; also 500 acres near the Pierce tract, and other reality, making a total of \$40,000 worth. They have platted the land, surveyed a street through the center of the entire tract, and divided the land into 40-acre lots. A Mormon family will be placed on each 40-acre tract. Next spring they will put in a large department store and settle a colony of Latter-Day Saints there. Presumably a goodly number of polygamists will be among them, which will be encouraging to many lone women who are now resorting to newspaper advertising to secure some one to support.

Court Notes.

The case of the State vs. William Daly, charged with burglary committed on June 29th, when Chrisman's slaughter house was broken into and several sheep pelts were stolen, was before the court this morning. N. Gates appeared for the defendant. No decision has as yet been reached.

The attention of the court was occupied almost the entire day in the hearing of the case of John Dee, vs. W. D. Jones. At the time of going to press the case was submitted to the jury.

The grand jury today brought in two indictments. One against David Patterson, Jr., for burglary. The other against Thomas Riley for larceny in a store.

It Raineth and All Are Happy.

So welcome was the shower this morning that not a single individual was heard to remark "Rain, rain go away," for Johnnie is perfectly willing to postpone his play indefinitely for the sake of listening to the patter of the rain upon the roof; but more particularly on the parched earth. Even the workmen, who have been endeavoring to get the work on the new buildings in such a shape that the coming showers would not affect them, would not deign to raise their voices in complaint; nor have we yet heard a murmur from a young lady in reference to new hats or bange.

All are content, and especially the farmer, for from reports the shower has extended into the country, where it is sadly needed. The petition that goes up now is that it may rain supreme and continue to do so until its effects are felt far and near. A bill has also been introduced praying that the weather remain warm and that frost be prohibited so that the most good may come from the shower.

Last and Final Notice.

I hereby give notice that on and after the 1st of November, 1898, I will, without further notice, proceed to levy upon all property upon which taxes remain unpaid for the year 1897.

ROBERT KELLY, Sheriff, Wasco County.

OUR BOYS MUST STAY.

No Immediate Prospects of Their Return From Manila.

It was hoped that some arrangements would be made whereby Oregon's soldier boys might soon return home. However, neither those who have enlisted nor their friends would ask for their recall if their services are yet needed, for did they not enlist with the understanding that they belonged to their country to be used for the maintenance of its principles and to uphold its honor?

The following dispatch puts a quietus on any hopes which might have been entertained as to their speedy return to home and friends:

Washington, Nov. 14.—Adjutant-Gen. Corbin said today, when asked if there was any prospect of the early return of the Oregon volunteers, that there is not at present, and that there are no regiments now available to take their place. There has of late been a strong demand to have the volunteers at Manila brought back to this country, but all such requests had to be refused, pending the peace negotiations. If it is determined in the end to maintain a garrison at Manila, congress will have to provide regular troops to replace the volunteers, all of whom are anxious to return to this country.

While relatives and friends of those who are to be held at Manila do not ask for their return unless their stay there is deemed unnecessary, yet they do ask, and it should be demanded by our governor, that they be treated as human beings. While reports are conflicting concerning their treatment, enough has been written to assure us that the government or its officers are remiss in duty; and to such a degree that their slackness becomes criminal. The very fact that the men have been denied that which rightly belonged to them, or required to purchase what had already been given them, is proof sufficient; but such extracts as the following, taken from letters written by men whose statements we cannot deny, make even those who have no loved ones who are compelled to stand such treatment, fairly wild, or almost determined to snatch them as brands from the burning. One letter says:

"Of the quarters provided us, you cannot depict the horrors of our present ones. We are quartered in an old Spanish building, the closet of which is in the same room. The sewerage is defective, and the stench which arises from this cesspool of disease is beyond description. There is no smell in America equal to it. To reach the closet proper, we have to wade through human offal, thus laying the foundation for the fevers which are prevalent, and generally ending in death. We are forced to sleep in this loathsome atmosphere, and if we were not the strong, healthy men that we are, could not stand it. As it is, we arise in the morning with headaches and sick stomachs. No wonder our hospitals are full. Could this be remedied? Of course it could; but the officers only laugh and do nothing."

How much can be gleaned by reading between the few lines of the following:

Puddin' Head Wilson

Says: "The fool saith, 'Put all thy eggs in different baskets'; which means, scatter your money and your attention; but the wise man saith: 'Put all your eggs in one basket, and watch the basket.'"

We have only one basket, and we are watching it in optics. Having made a thorough study of the subject, graduating from three of the best colleges, we are enabled to give you a scientific examination. It doesn't matter whether you buy a \$10 glass or a \$1 glass, or and glasses at all, you get an examination, and a thorough one at that, which is one is worth your time to know your eyes. I fit all cases of eyes, and am permanently located in The Dalles. I am no traveling fake, and best of all I guarantee all work in optics to give you entire satisfaction. Yours to serve, PROF. P. G. DAUT, the optician. Two doors west of Keller's bakery, The Dalles, Oregon.
