#### WAYSIDE GLEANINGS.

**Tonight**  
At the Baldwin  
The Wilder Quintette concert.  
For every purchase amounting to ten cents ask for a ticket at A. Keller's bakery.

If one of the many seats engaged for tonight's concert is not yours, be wise and secure one or pay your 50 cents at the door.

This morning about 11:30, three special cars, occupied by officials of the O. R. & N., O. S. L. and U. P., passed through the city east-bound.

The Leaguers invite their friends to be present at their reunion Friday evening at the M. E. church. A good time will be had, and they say: "Come and bring your friends."

All those who take part in the program of Cedar social at Fraternity Hall Friday evening are requested to be at the hall at 8 sharp. Program to begin at 8:15. All be on hand promptly. By request of the committee.

The boys are busily engaged in practicing their turn for the Catholic bazaar. Four will take part in the turn, which is to be extra good. This will assure the ladies a crowded house, not mentioning other excellent features of the program.

Cedar Circle, women of Woodcraft, have issued invitations to 150 Woodmen of Mt. Hood camp and their wives, to meet with them for a social evening and banquet, at Fraternity Hall tomorrow evening (Friday). Doors open at 7:30 sharp.

What is commonly known as the Palouse section of Washington, claims to be the banner wheat raising country of the world. Within a radius of six miles a crop to the amount of 2,000,000 bushels was raised, and harvested this year. The record is a good one and hard to beat.

All Foresters are requested to be at the hollow log at 7:30 sharp, Friday, Nov., 18th. Two most worthy heralds will be in attendance to assist Robin Hood with his haversack which will be well filled. The Friar will have his canteen on tap. Business of the evening, initiation.

This evening at the Baldwin a concert will be given which deserves the patronage of every Dallesite who has the slightest ear for music. These people have entertained a large audience in every city where they have given concerts, and The Dalles should not be behind in its appreciation of such talent.

At Tuesday's election in Multnomah county Dr. S. E. Josephi, Republican candidate for state senator, was elected to succeed Hon. Joseph Simon in the state senate. Although the vote was light, being less than half of what it was at the general election in June, the result shows that the Republicans of

Multnomah county are still very much alive. Out of a total of 7733 votes cast, Dr. Josephi obtained 4646, a majority of 1559 over all of his competitors.

The "Pulse of New York" Company, which was billed to appear in the Vogt on the 21st of this month, has changed its date until the 5th of December. We had hoped to have the Bittner company with us soon, but Manager Kinerly has had no word from them recently and they are now playing in the Kootenai country.

Today has been one of those days that "must be dark and dreary." It rained and the wind was never weary. But we have no complaint to make unless it is that it didn't rain enough. Yesterday the fall was .10 of an inch; today it has been much less. However, it is to be hoped that it has been more plentiful in the country surrounding us.

The will of Hampton Kelly, who died on Juniper Flat, October 16th, was filed for probate in the county clerk's office yesterday in Portland. He bequeaths all of his personal property and real estate to his wife and children, with the exception of \$400 to Helen O. Manly, a span of horses to Delward Lloyd Truman, and the use of certain property to the Methodist Episcopal church.

A number of changes are being made in the agents of the O. R. & N. company at different stations along the line. J. A. Walden, who has acted as night operator here during the absence of I. H. Keffler, has been appointed agent at Tekoa to relieve J. E. Crane, who goes to Arlington, F. C. Hindle, who has been agent at the latter place having been appointed to fill a vacant place at Dayton, Wash.

This morning twenty-one members of Wasco tribe, I. O. E. M., left by boat to attend the funeral of James Roberts, which occurred at Hood River this afternoon. He was a member of the order in California and was also a Past Sachem. At such a time the brotherhood of the various orders is shown to be genuine, for whether it be a personal friend or one who is only known as a fellow brother, the same respect is shown and the same offices performed.

Incorporation papers of the Columbia & Klickitat Railway Company have been filed in the secretary of state's office. The capital is \$300,000, and the incorporators are E. E. Lytle, D. C. O'Reilly and A. E. Hammond. The office will be located at Wasco, Sherman county. The purpose of the corporation is to construct and equip a railway and telegraph line from a point on the Columbia river at or near Lyle, Klickitat county, Washington, to Goldendale in the same county; to consolidate with, lease or operate any road or roads in Oregon or Washington; to facilitate the construction and equipment of any railroad or steamship line in either state, and to do a general railroad business.

**REMOVE THE OBSTRUCTIONS.**  
Astoria Is Awake to the Interest of Our State and Demands an Open River.

At a meeting of the Astoria Chamber of Commerce Monday evening, the following resolutions were adopted, which are of great interest to the people of Eastern Oregon:

"The joint committee of the Astoria Progressive Commercial Association and the Astoria Chamber of Commerce report the following resolutions for adoption by their respective bodies:

"Resolved: That the phenomenal development of the Columbia river valley within the states of Oregon, Washington and Idaho, and the rapid growth of the coast and ocean commerce of the Pacific states, require the removal of all obstructions to free and easy navigation of said river from its head of navigation to the sea.

"Resolved, That the government of United States should take prompt action to secure the early removal of said obstructions to free and easy navigation.

Resolved, That the government of the United States should make adequate appropriations, in accordance with the report of its engineers, for the early completion of the ship railway, to be built within the state of Oregon from Celilo to The Dalles, for which \$250,000 have been appropriated, as this single improvement when finished, will permit continuous navigation of the Columbia and Snake rivers from Priest rapids and Lewiston to the sea.

"Resolved, That the government of the United States should afford the commerce of said river temporary and immediate relief, in accordance with the recommendations of its engineers, by constructing a portage railway between Celilo and The Dalles; and, if practicable, so locate and build the said portage railway that it may be operated during the construction of the said ship railway and finally adopted as a part thereof.

"Resolved, That the efforts of the United States government in promoting the commerce of the Columbia river should be continually directed and applied in the construction of the aforesaid portage railway and ship railway until the same are completed.

"Resolved, That a copy of these resolutions be sent to the Oregon congressional delegation, urging them to take all proper steps to secure the early completion of the improvements that are referred to in these resolutions."

It was also recommended that an open river convention of the citizens of Oregon and Washington, to be held in some convenient city in Eastern Oregon, early in December of this year; and further suggested that the secretary be instructed to correspond with commercial bodies tributary to the Columbia river to the end that unanimity of action be secured.

**Last and Final Notice.**  
I hereby give notice that on and after the 1st of November, 1898, I will, without further notice, proceed to levy upon all property upon which taxes remain unpaid for the year 1897.

ROBERT KELLY, Sheriff,

#### It's Roman Nature.

This readiness to accept the wonderful and miraculous in preference to commonplace truth. A plausible and glib-tongued doctor can go from town to town curing, or trying to cure, people, and have a great influx of shakels, while every community in which the so-called doctor goes is supplied with quiet, learned practitioners, who have forgotten more than the fakir ever learned, and they can give you the best treatment within the reach of human knowledge. While your home doctors carry you from year to year, get up at all times of the night and are your servants during the day, and you pay them when you are well or able, the fakir gets the cash, and is gone forever. If your eyes are troubling you in any way, call on Prof. P. G. Daut, the only graduated optician or doctor of refraction in The Dalles, two doors west of Keller's bakery. I am here to stay, and guarantee all eye work.

PROF. P. G. DAUT.
