ARTICLES BEING FORMULATED

Secretaries of the Two Commissions are Drawing Up a Treaty.

WORK WILL BE QUICKLY DONE

Terms of the Protocol Regarding Cessions Will Be Transferred Bodily to the Treaty—Numerous Articles Will Be Discussed at Wednesday's Meeting.

PARIS, Nov. 29.—The secretaries of the two peace commissions, Moore and Ojeda, have been at the joint task of formulating the articles of the peace treaty this afternoon, as directed by the respective commissions at yesterday's conference. The work will be easy and rapid as to the relinquishments and cessions referred to in the protocol, the terms of which will be transferred bodily to the treaty.

The secretaries, moreover, will embody in tentative articles for discussion Wednesday the subjects of the religious freedom of the Caroline islands, a naval station for the United States in the same group, cable landings at other points within Spain's jurisdiction, release of

insurrectionist prisoners, and the revival of treaties broken by the war.

Washington Notified.

WASHINGTON, Nov. 29.—The government has been officially notified of the successful termination of the Paris negotiations with Spain. A cablegram to this effect, which had been received from Chairman Day, was read at today's cabinet meeting. By the terms of the treaty, which will be signed during the present week, Spain surrenders to the United States her sovereignty in the Philippine and Guam islands and one of the Ladrone group. In lieu of all indemnity the United States will pay Spain \$20,000,000.

Before returning to the United States our Paris commissioners will secure from the Spanish representatives, if possible, a proposition for the sale to the United States of a strong island, one of the Caroline group, for a cable station.

A large part of the time of today's cabinet meeting was consumed in the discussion of the new customs tariff which is to be put into operation in all parts of Cuba as soon as the United States takes formal possession.

Wisconsin Fast in the Mud.

SAN FRANCISCO, Nov. 29.—The battleship Wisconsin is stuck fast in the mud-bank into which she ran when launched on Saturday morning. All efforts to pull her into deep water have proved unsuccessful. Dredges will now be used, and in a few days it is expected that the war vessel will be towed to her temporary dock at the Union iron works.

A PECULIAR REMEDY

Something About the New Discovery for Curing Dyspepsia.

The Rev. F. I. Bell, a highly esteemed minister residing in Weedsport, Cayuga Co., N. Y., in a recent letter writes as follows: "There has never been anything that I have taken that has relieved the dyspepsia from which I have suffered for ten years except the new remedy called Stuart's Dyspepsia Tablets. Since taking them I have had no distress at all after eating and again after long years can sleep well. Rev. F. I. Bell, Weedsport, N. Y., formerly, Idalia, Colo."

Stuart's Dyspepsia Tablets is a remarkable remedy, not only because it is a certain cure for all forms of indigestion, by because it seems to act as thoroughly in old chronic cases of dyspepsia as well as in mild attacks of indigestion or biliousness. A person has dyspepsia simply because the stomach is overworked, all it wants is a harmless, vegetable remedy to digest the food and thus give it the much needed rest.

This is the secret of the success of this peculiar remedy. No matter how weak or how much disordered the digestion may be, Stuart's Dyspepsia Tablets will digest the food whether the stomach works or not. New life and energy is given not only to the stomach but to every organ and nerve in the body. A trial of this splendid medicine will convince the most skeptical that dyspepsia and all stomach troubles can be cured. The tablets are prepared by the F. A. Stuart Co., of Marshall Mich., but so popular has the remedy become that Stuart's Dyspepsia Tablets can now be obtained at any drug store at 50 cents per package. STORM CAUSES

DIRE DESTRUCTION

Steamer Portland With Passengers and Crew Lost.

100 PERSONS WERE DROWNED

Over One Hundred Vessels Wrecked Outright or Blown Ashore—Incoming Vessels Have Brought a Few Sailors From Wrecks.

Boston, Nov. 29.—A special to the Herald from North Truro says:

The steamer Portland, of the Boston & Portland Steamship Company, plying between Boston and Portland, was wrecked Sunday morning off Highland light, and that the entire crew and passengers perished. A large quantity of wreckage including trunks and material has washed ashore, and at dark last night thirty-four bodies had been recovered from the surf by the life-saving crews at High Head station.

News of the disaster was brought by a special train, as communication to Boston by wire from Cape Cod points, is impossible, owing to the storm.

There were about 100 persons aboard the Portland, including the officers and crew. The Portland was built in Bath, Me.,

in 1890, and was a side-wheel steamer of 1317 tons net burden. Her length was 230 feet, beam 42 and depth 15 feet. She was valued at \$250,000, and was fully insured.

Summing Up of the Disaster.

Boston, Nov. 29.—From reports that have come by wire, mail and passenger train to the Associated Press from New England points up to 10 o'clock this morning it is difficult to estimate the total loss of life and damage to shipping along this coast, as the result of the recent storm. The list of the disasters seems to grow every hour, and from the dispatches thus far received, it seems that at least thirty schooners have been wrecked at different points from Eastport, Me., to New Haven, Conn.

Eighty-six schooners have been driven ashore and fourteen barges are aground.

This list does not include the thirty vessels, either wholly or partially wrecked in Boston harbor, nor half a dozen or more crafts which are reported

missing. When added the number exceeds 110 vessels.

The loss of life is hard to determine. It is known that about fifty people perished in and about Boston harbor. Reports from other places in some cases state that the crew of this or that vessel escaped. Many, however, state that the fate of the crews is unknown, some survivors having turned up, and life-saving stations and incoming vessels have brought a few sailors from wrecks.

Perhaps a score would cover those of whom nothing is known, not including sixty-five or more who were on board the Portland.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hargity, Lexington, Ky." Sold by Blakeley & Houghton, Druggist.

Found Dead in the Road.

UNION, Or., Nov. 28.—A miner, William Lamb, was found dead near Sanger, a few days ago. He became lost in a snow storm and was found frozen to death. It was reported that there was a gunshot wound on his body, and the coroner went out to hold an inquest, but this proved to be untrue. The body was brought here for burial, which took place today.
