

We Shall Give Away One Hundred Cameras.

Beginning Monday next, and as long as they last, we shall give with every five-dollar—or more—cash purchase, in our Dry Goods, Men's Furnishing and Shoe Departments, one Yale Camera, complete with developing and printing outfit. This Camera takes a picture 2 1/2 x 2 1/2 inches, and can be used either for snap shot or time exposure. The supply is limited to one hundred, and "first come first served" will be the rule. They'll not last long, and if you want one we would advise an early visit.

YALE CAMERA COMPANY,
Manufacturers of
THE YALE CAMERA.
General Offices and Factory, 38 East Randolph Street.

CHICAGO, Ill., October 3, 1898.

MESSRS. PEASE & MAYS,
The Dalles, Oregon.

Gentlemen: We have your valued favor of recent date to hand and take pleasure in forwarding, as per request, sample No. 1 1/2 Camera for your examination and test. We trust we may have your early report on the matter, as we permit the use of same to but one dealer in each city, believing this to be to the best interests of all.

The camera craze is now at its height, and we believe the time is ripe for using a camera as an advertising or premium offer. We are prompted in making this offer by the phenomenal success which a number of the largest merchants in the East have had using our camera in this manner. Each outfit is guaranteed fully by us, and same will be replaced if found defective in any way. We trust we may have the pleasure of allotting your territory, and await your early report.

Very truly,
YALE CAMERA CO.

WAYSIDE GLEANINGS.

The county clerk has collected fees amounting to \$332.50 during the month of November.

Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon and is pleasant and safe to take. Sold by Blakeley & Houghton.

Ladies earn \$8.00 per week working at home, no canvassing. Enclose self-addressed stamped envelope. Standard Novelty Co., 101 Beekman St., New York City.

The steam laundry, which is now in running order on First street, has greatly improved quarters, and the building is to be replete in everything that goes to make a first-class laundry.

The Viavi company has rented the office formerly occupied by Dr. Eshelman, in French bank building, where their agent, Miss Roberts, may be found between the hours of 2 and 4 p. m.

Mr. Daniel Leedy, the pioneer who died at his home in Albany Sunday at the age of 80 years, was the father of Mr. John Leedy and Mrs. Sarah Baltimore, who formerly resided in this city.

A number of the citizens of The Dalles who are musically inclined will meet at the home of Mr. C. J. Crandall this evening to organize a Philharmonic society, for the purpose of promoting the music interests of the city.

Are you planning to hear Chaplain Losier tomorrow evening at the Methodist church? If not you will miss something good, for his Apron Strings entertainment is very novel and something you want to hear. Admission 25 cents.

Last evening Constable Traverse arrived from the Cascade Locks, having in custody George Denny, who had been sentenced to ten days in the county jail for breaking windows and demolishing property belonging to Traverse. He is now under care of Jailer Fitzgerald.

A cipher may stand for nothing and it may stand for a great deal. Yesterday its omission in speaking of the life insurance of Philip Brogan, which was received from the New York Life Insurance Company, meant \$4500, for instead of the payment being \$500, it was \$5000.

From encouraging news received Tuesday by Mr. J. E. Barnett in regard to his nephew, George Rice, it was hoped that he would recover. However a telegram was received by Mrs. D. W. Mann last evening saying that physician had given him up and that there is no hope for his recovery.

The steamer Hattie Belle will leave Portland today for Gray's harbor. She will proceed as far as Astoria, and lay for a streak of fine weather in which to make the ocean voyage, which it is expected can be done in four hours from Astoria, when the east winds smooth the sea a bit. The steamer has been pro-

vided with a stout mast, on which a boom will be placed for hoisting cargoes, as the tides of Gray's harbor are unusually high.

This morning Chas. Miller, formerly of Lipman & Wolfe's dry goods store in Portland, accepted a position with Pease & Mays. We regret to learn that Mr. A. J. Tolmie resigned some time since and will in the near future leave our city to start in business for himself in some city where he may find a good opening.

The famous "Pulse of New York" will play its engagement at the Vogt opera house Dec. 5th. Miss Emyline Barr, the Baltimore belle, is at the head of this season's company, supported by all star cast of singers and dancers, including Miss Madge Maitland, the wonderful Thompson tots, and sixteen other famous favorites.

Pains in the chest when a person has a cold indicate a tendency toward pneumonia. A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the chest over the seat of pain will promptly relieve the pain and prevent the threatened attack of pneumonia. This same treatment will cure a lame back in a few hours. Sold by Blakeley & Houghton.

Encouraging news of the rain storms comes from Milton. A gentleman from that section says: "Several fields that were lying dry and with the seed un-sprouted, have begun to grow and look green and thrifty. Farmers are generally plowing and seeding, moisture having come in sufficient quantity to render the ground fit for cultivation."

What's the matter with the married men? Such was the question asked last night at the club; and the answer came, "Sure they couldn't stand up on their pins," being nineteen pins short in a bowling game against the single men, whose team was composed of Messrs. Schmidt, Sinnott, Ballard, Stadelman, Mays and Baldwin. The following, who have always been termed the "better half," set up the oysters: Messrs. Bradshaw, Houghton, Tolmie, DeHuff, Nolan and Phillips.

The Star flouring mills is perhaps the scene of the most activity to be found in all the country round Tygh Valley. Having started the fall run on September 14th, they have been running constantly ever since, Sundays not excepted. One hundred and three days and nights without stopping is a very remarkable record for any line of machinery to make, and especially so for a flour mill, when the vast number of seemingly complicated machines that must be kept in perfect adjustment is considered. This is one of the best equipped mills on the coast, and its location is a good one.

Mr. J. P. Lucas is in receipt of a letter from his friend, Harvey C. Condon, well known to all Dallesites. He has recently returned to Seattle from the Klondike region, and expects to start back in the course of a month perhaps going all the way in on the ice. Harvey seems perfectly satisfied with his success while there, saying that he did much better than the average of last year's Klond-

ikers, making more than he could have possibly made by remaining at home, selling the bench claim which he had traded for more than double what it cost. Beside he regained his health and would not take anything for the experience he gained. He says: "While there are a great many opportunities of making money, yet I would scarcely like to advise a man to leave a position and take the chances, especially if he has any one depending on him."

This morning, about 8 o'clock a telegram, which arrived during the night, was received by Mr. Smith French, announcing the illness of his daughter, Dr. Gertrude French, at Portland, and requesting that the family come on the first train. Later a telephone message was received from Dr. Ford Warner saying that her ailment was throat trouble and that as the tonsils had been opened, it was hoped she would get along all right. As the telegram was received too late for either west-bound train, a train was at once chartered and Mr. and Mrs. French and Frank left about 11 o'clock for Portland. Much anxiety is felt as her disease seems to be the same as that of her sister, Mrs. Condon, who died ten days ago. As many feared it might be diphtheria, Dr. Hollister telegraphed to Portland regarding the nature of the case, receiving word that physicians there pronounced it tonsillitis. No further word has been received, but it is hoped it will not prove so serious as was anticipated.

Leg Broken in Two Places. About 3:30 o'clock this morning, as Nightwatchman Phirman was making his rounds, he discovered a man lying near the electric light plant, on Laughlin street, and upon further investigation it was found that his right leg had been broken in two places, at the ankle and a little above.

As soon as possible a conveyance was obtained, and he was removed to the city jail, when Dr. Hollister was called and the fractures attended to. The patient although suffering much, was very brave and submitted to the operation with no complaint. He is doubly unfortunate in having but one arm.

The man, who is about 40 years of age, gave his name as George Peters, and claims to hail from Calaveras county, Calif. Papers found in his pocket show that he has worked as a miner in Colorado and Washington. When questioned as to the cause of the accident he said that he was walking the ties when he slipped and fell. It is thought, however, from the manner in which his leg was broken, that he must have been riding the brake beam and fell off. After falling he crawled nearer the electric light house, presumably to receive shelter or secure assistance.

He is now resting as easy as can be expected after receiving such an injury, and will later be taken to the county poor house.

KILLED AT UMATILLA.

George Gibson Run Over While Attempting to Uncouple Some Cars.

Tuesday afternoon, about 3:30 o'clock Umatilla was the scene of one of those terrible accidents which so frequently occur in railroad circles and sadden everyone to whom the news comes.

Yardmaster George Gibson, a young man of about 28 years, who has been employed by the O. R. & N. Co. for several years past was the unfortunate victim. Gibson was engaged in making up freight train No. 21, when he stepped between the cars, with the switch list in one hand and attempted with the other to pull the pin in order to detach some cars. He was standing across the rail and the brake beam caught his foot, pulling him under the wheels, which were in slight motion, and mashing his right leg completely. The right arm was also mashed to a pulp.

The poor fellow was at once taken to the hospital in Walla Walla for treatment. He was conscious for the most part of the time and talked very freely after reaching there, although being in intense agony. In a very short time, however, he died, the injuries having been so terribly severe that he could not rally and undergo the operating of the surgeons.

Mr. Gibson leaves a young wife, having been married scarcely a year. Their home was at Umatilla, but as his father and a brother live in Pendleton, which was also his former home, his remains were taken to that city, where he was buried yesterday.

Two Pointed Questions Answered.

What is the use of making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single scale they will be much greater in the aggregate.

How can you get the public to know your make is the best? If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by Blakeley & Houghton.

Insurance as an Investment.

THE DALLES, Or., Nov. 30, 1898.
H. G. Colton, Esq.,
Mgr. Mass. Mutual Life Ins. Co., Portland, Or.

Dear Sir: As administrator of the estate of the late Philip Brogan, I have this day received from your agent Mr. S. P. Hanawalt check for \$5,043.20 in payment of policy in your company.

This was the first policy issued to Mr. Brogan a little over a year ago and although you paid him a dividend of over 14 per cent, which he applied to reduce his second payment, I find his estate receives another dividend of \$43.20 only two months from payment of the last premium.

I can well understand how Mr. Brogan took an additional \$5000 policy in your company as he was satisfied beyond doubt that your company does more for the insured than any other doing business here.

Yours truly,
J. P. McNEERNY,
Admr. estate of Philip Brogan.

THE DALLES, Or., Nov. 30, 1898.
Mr. H. G. Colton,
Mgr. Mass. Mutual Life Ins. Co., Portland, Or.

Dear Sir: Through your agent, Mr. S. P. Hanawalt, I am in receipt of draft for \$5,045.15 in payment of policy on the life of the late Philip Brogan, Sr. This policy was only issued a month before his death and I am indeed surprised to receive a dividend for so short a time, in addition to the face of the policy, amounting to \$45.15.

I commend to the public a company that works under the famous non-forfeiture law of Massachusetts, as those left behind will surely receive their right.

Yours truly,
A. BRONSGEST, Rector,
Guardian of John Brogan.

S. P. Hanawalt, special agent for this company, will be in this city for some time, and will be pleased to explain matters relating to insurance with his company at any time. His office is in the Chapman block.
