

# Opportunities for Money Saving.

Bargains always bring results. That has been our experience. What we propose now is a bargain sale which shall be general throughout our store. The cream of the season's goods are here at prices way below the ordinary, and if quality is the test of cheapness you'll surely find these goods cheap. Our store is very interesting just now—and very busy. But it will be busier later on. The most leisurely, comfortable holiday shopping is to be done right now.

### THE WATER QUESTION.

Why There Was Not Water, Water Everywhere This Morning.

Some of the residents on the hill this morning found themselves without water for domestic purposes, and the reports which began to fly around promiscuously as to the length of time which would elapse before it would again be turned on caused quite a sensation. The truth of the matter was that the workmen on the main had been compelled to cut the pipe and put in a temporary gate just above Ninth street, which was the cause.

Later in the morning it became necessary to close the main gate at the reservoir on account of difficulty with a gate on the alley between Fifth and Sixth streets, which leaked and prevented work on the pipes. It was intensely amusing to watch the proceedings for about an hour and a half over the city, as, armed with a kettle of boiling water, and with blood also boiling for fear of a plumber's bill, one after another started to thaw out the pipes at the same time ejaculating, "Didn't I tell you to let this water run? Now it's frozen!" But in vain did the hot water fall on its back, for the streams had as little effect as water on a duck's back.

Inquiry has developed the fact that the water on Union, between Seventh and Tenth will be shut off for three days, when the cup of cold water will have to be borrowed from neighbors. Those above Ninth will be supplied from the large reservoir by mains extending east on Tenth and west on the alley between Ninth and Tenth, while all below Seventh will get their supply from the small reservoir.

Arrangements have been so made that at no time will the city be without water, unless it might be for a very short time on account of some unforeseen cause. The contractor is doing his best in the matter and we should not complain if we are inconvenienced slightly, when we remember that it is unavoidable and the great good that will come to the city by the renewed supply.

It was most interesting this morning to watch the work as it progressed on Union street, where here and there were seen fires built along the trenches in order to melt the lead so that the old pipes might be removed and the new ones put in, three of which it requires four horses to haul.

For Five Dollars you can buy a Camera that will take larger pictures than any other Camera on the market. For sale by Clarke & Falk.

Just to see what the Dufurites were doing this morning, THE CHRONICLE reporter, at the request of Mr. Vorse, the new agent here, "Helloed" over the new line which has just been put in by the Oregon Telephone Co. It didn't take us long to find out, for there was no reason for asking Mr. Balch to repeat, so distinctly was the sound transmitted. Of course he told us about the weather, which he said was very cold, the thermometer standing at 20° above, and it was attempting to snow. The company is now engaged in putting in a loop, or extra metallic wire between this place and Biggs, so that all the messages from the Goldendale country will come directly through this office. The rate has also been reduced from fifty to twenty-five cents.

The Sick.

Mrs. S. B. Adams is reported as slightly better, and it is now hoped she may recover.

Letters received from Mrs. Smith French at Portland, announce that Dr. Gertrude is still improving, although the disease has left her heart in a weakened condition.

A telegram received last night from Ferris, Cal., is to the effect that George Rice is improving and may possibly survive the terrible disease from which he is suffering.

Wm. Henzie, who was injured yesterday by his team running away, seems to be suffering a great deal today from his bruises, which prove to be much worse than was at first thought, although no bones were broken.

The mumps seem to be holding undisputed sway. Not only are the school children afflicted with them, but the older children come in for their share. The officer on his round of duty is commanded to hold up his head and get them in the neck, and so Constable Hill is not seen meandering our streets at present, being confined at home with the mumps, and we suppose the dumps as well.

Constipation prevents the body from ridding itself of waste matter. De Witt's Little Early Risers will remove the trouble and cure Sick Headache, Biliousness, Inactive Liver and clear the Complexion. Small, sugar coated, don't gripe or cause nausea. Snipes-Kinnersly Drug Co.

### WAYSIDE GLEANINGS.

The married men gained the victory in the bowling contest last night.

Dressmaking and plain sewing by the Misses Hollis at Mrs. Stone's residence on Federal street.

Don't buy your Christmas presents until you see the articles at the fair next week, Dec. 14th, 15th and 16th.

Pease & Mays have accepted the inevitable and will now adopt the penny system. Today they received 2500 from Portland.

Two drunk and disorderlies occupy the city jail today, while in the yard may be found a man who is sawing wood as payment for a night's lodging.

This morning Mr. M. J. Manning, who is a wool buyer at this place, received a letter announcing the death of his sister, Mrs. Foley, at Grade, Or., on the 6th. Her remains will be brought to this city for interment, arriving tonight or in the morning.

Mahara's Minstrels will appear at the Baldwin on Tuesday, the 13th. The Oregonian says of it: "To say that the audience was delighted is putting it mildly. This was evidenced by the continuous applause and laughter during the three hours of entertainment."

Mr. N. Wheelon reports a sale of 3500 acres, being the north portion of

what is known as the Thompson place, at the junction of Five and Eight-Mile. The purchase was made by D. P. Ketchum, who will use the land as a receiving station in his sheep business and for feeding grounds during the winter season.

There will be no excuse for some time for the presence of tramps or bobos in our midst, and if you are annoyed with the hand-out fiends just remind them that 3000 men can secure employment on the branch road which is to be constructed between Wallula and Riparia. For the next eight months that many men can obtain work at \$1.75 a day. Common laborers, scraper-drivers, quarymen and teamsters, besides camp cooks, waiters, foremen, etc., will be needed on the work.

The leading question now is, "Are we to have Christmas this year?" In other words, "Will Monday, the 26th, be observed as a holiday?" From all we can gather by inquiry the general opinion is that it should be, for surely we must have a Christmas day, and Sunday cannot necessarily be observed as such. Not that it is not an appropriate day for the Christmas festival, but the usual Sabbath exercises will prevent it being observed as it always is by family gatherings, trees for the children, etc. Of course we must have Monday.

Miss May Fiske, the winsome Kitty Starlight of the Dazzler, who will be seen at the Vogt, Monday, Dec. 12th, is this year singing better than ever. Always a charming singer, and with a voice remarkable for its strength and carrying qualities, she seems this season

to be fairly outdoing herself in her musical numbers. Her characterization of the part of the London Concert Hall singer is light and dainty with delicious bits of comedy here and there, which serve as a fine background for the broader work of the comedians.

A McMinnville paper says: "The Pacific Progress is soon to begin a general write-up of every county in the state, giving one county each month. Mr. Hugh Gourlay, of The Dalles, an able descriptive writer, will have the matter in hand, which means that it will be well done. Mr. Gourlay will be in this city in a few days to interview our people in his line." From a gentleman who was permitted to glance over Mr. Gourlay's write-up of Wasco county, we learn that our county gets such a send off as it never had before, but justly deserves.

This afternoon when Mrs. Bonzey, whose home is on Third street, next door to the court house, went to get some money from a satchel, she discovered that it had disappeared to the amount of \$90. Suspecting a man who has been rooming in the house and sawing wood for a living, search was made for him; but although his bed had apparently been disturbed he had disappeared during the night or early this morning. Her suspicions were directed to him from the fact that he had often watched her go to this satchel for money when paying small bills at different times. No doubt he will be apprehended, as the officers have been informed of the robbery.

The city of Seaside, Clatsop county, is
