## PEACE HAS NOW BEEN RESTORED

The Treaty Was Signed at Paris on Last Saturday.

## COMMISSIONER'S WORK IS ENDED

Preliminary Arrangements Looking to a Restoration of Diplomatic Relations With Spain Under Way at Washington.

PARIS, Dec. 10.—Peace has been restored between the United States and Spain. The treaty was signed at 8:45 in the evening.

The joint commission met at 3:30 p. m., but the engrossing of the treaty had not been finished, and at 5 o'clock a recess was taken until 7 p. m. Upon the reassembling of the commission, another wait ensued. At 8:30 the engrossing of the treaty had been completed, and fifteen minutes later the treaty was signed.

The extremely long session this afternoon and the subsequent recess were due only to the fact that each article of the treaty had to be carefully read and compared in the Spanish and English, and to the fact that the engrossing of the last article in Spanish was incomplete. It is expected that the session which has just reconvened will only last a few moments.

Many officials interestedly watched every detail of the proceedings. The last seal being impressed, the commissioners rose, and without formality each member shook the hands of all his antagonists and exchanged assurances of sincere personal esteem.

The Spaniards afterward commented acridly upon what they termed the bad taste of the Americans in mustering a crowd of attaches to gloat over the consummation of their downfall and scramble for relics.

The signing was finished at 8:45. At that time the door of the chamber opened, and Senor Villaurrutia appeared, and exclaimed to a group of correspondents who were waiting in the corridor, "C'est fini." The other members of the Spanish commission followed him and passed silent through the vestibule to their waiting carriages.

The American commission strolled out chatting complacently, and as they descended the steps the lights in the chamber were darkened.

## Diplomatic Relations to Be Restored.

WASHINGTON, Dec. 10.—In view of the approaching signature of the peace treaty the government will be obliged to very speedily take steps looking to the restoration of the diplomatic machinery necessary to friendly relations with the Spaniards.

The recent visit to the White House of Woodford, late minister to Madrid, has been erroneously constructed to indicate a determination on the part of the president to return the minister to Madrid. As a matter of fact this is improbable, as the whole line of diplomatic precedent is in the direction of wiping out all old issues and starting anew after a war, with new ministers on both sides. The reappointment of Woodford might mean the return to Washington of Polo y Bernabe, whose residence in Canada during the war rendered him so obnoxious to the American people.

If custom is followed, either the next United States minister to Madrid or next Spanish minister to Washington will be accredited with credentials as special envoy to exchange the ratification of the treaty now being completed at Paris. Having fulfilled this function he will

then present his credentials as minister resident, and remain in that capacity. Just which of the ministers will be called upon to perform this function depends upon the place selected by the Paris commissioners for exchange of the final ratification.

## PECULIAR POISONS

GENERATED IN THE HUMAN BODY

The Result of Imperfect Digestion of Food.

Every living thing, plant or animal, contains within itself the germs of certain decay and death.

In the human body these germs of disease and death (called by scientists Ptomaines), are usually the result of imperfect digestion of food; the result of indigestion or dyspepsia.

The stomach, from abuse, weakness, does not promptly and thoroughly digest the food. The result is a heavy, sodden mass which ferments (the first process of decay) poisoning the blood, making it thin, weak and lacking in red corpuscles: poisoning the brain causing headaches and pain in the eyes.

Bad indigestion irritates the heart, causing palpitation and finally bringing on disease of this very important organ.

Poor digestion poisons the kidneys, causing Bright's disease and diabetes.

And this is so because every organ, every nerve depends upon the stomach alone for nourishment and renewal, and weak digestion shows itself not only in loss of appetite and flesh, but in weak nerves and muddy complexion.

The great English scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and peptogenic products; the most sensible remedy in all cases of indigestion is to take after each meal, one or two of Stuart's Dyspepsia Tablets, because they supply in a pleasant, harmless form all the elements that weak stomachs lack.

The regular use of Stuart's Dyspepsia Tablets will cure every form of stomach troubles except cancer of the stomach. They increase flesh, insure pure blood and strong nerves, a bright eye and clear complexion, because all these result only from a wholesome food well digested.

Nearly all druggists sell Stuart's Dyspepsia Tablets at 50 cents full sized package or by mail by enclosing price to Stuart Co., Marshall, Mich., but ask your druggist first.

## Cave-in in Wardner Mine.

WALLACE, Idaho, Dec. 10.—A cave-in in the Bunker Hill and Sullivan mine at Wardner today caught several men. Only meager details have been received here. Two men are known to be dead, and probably three. One of the victims was John Luxton, who leaves a wife and three children.

## Two Pointed Questions Answered.

What is the use of making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single scale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by Blakeley & Houghton.

## COLONEL BRYAN WILL RESIGN

Has No Desire to Go With His Regiment to Cuba.

SAVANNAH, Dec. 10.—Colonel W. J. Bryan, of the Third Nebraska regiment, has either forwarded his resignation to Washington, or is about to do so. Of this there seems to be no doubt. Today he called on General Lee, commander of the Seventh corps, and Colonel Keifer, commander of the first division of the corps of which Bryan's regiment is a part, and is understood to have announced his intention of quitting the service. Gen. Lee is to sail for Havana on the transport Panama tomorrow, and Col. Bryan is believed to have hastened his decision in order that his corps commander be made acquainted with his intentions prior to his departure for the for the island.

"It is well to have the newspapers to talk through," he said with a laugh. "They beat your hat all hollow."

## Attention Bowlers.

F. W. Weinschenck, manager of Moody's bowling alleys, will give to three persons making the highest average scores in five successive games of bowling between now and Christmas, one turkey pie. After December 1st, each Thursday evening and Monday afternoon will be reserved for ladies and their escorts only. To the lady making the highest average score in five successive games between December 1st and April 1st, he will give a handsome silver tea set consisting of one teapot, one sugar bowl, one cream pitcher and one spoonholder. To the lady with the next highest average score, one silver cake dish. To the lady with the third highest score, one silver pie knife. 11-23-10

## Severe Wind Storm.

SAN FRANCISCO, Dec. 9.—The storm which raged all over the Pacific coast last night and today was one of the most severe ever recorded by the weather bureau. It extended from the northern border down to Texas and from the Pacific as far east as Nebraska. In this city the wind attained a velocity of 45 miles an hour, but at Point Reyes, right in the teeth of the gale, the wind swept along at 96 miles an hour. Considering the great velocity of the wind, the damage done to shipping was slight, and \$10,000 will pay for everything, including the charges of towboat men for extricating vessels from dangerous positions.

## Mrs. Cynthia L. Jackson.

CASTLE ROCK, Dec. 10.—Mrs. Cynthia L. Jackson died at her home near Castle Rock this morning, at 8:15 o'clock, at the age of 88. Mrs. Jackson, then Mrs. Burbee, crossed the plains in 1848 with an ox team. She settled in Cowlitz county the same year, where she had lived since. She left six sons and a number of grandchildren.

## \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work.
