

SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

morning, but upon reaching Rankin's Landing just across the river, they were compelled to give up the job, and there she has taken up winter quarters. We are informed that the freight for this line will be brought up by train.

The river gauge this morning stood at zero, and the water being so low will no doubt cause extra difficulty, for from weather reports, the cold snap will continue.

Don't Say You Haven't Been Told.

Residents below the bluff would do well to draw sufficient water with which to make their coffee and wash their faces in the morning, as the water will be turned off between the hours of 8 and 10 a. m.

Nothing disconcerts a girl more than to brace herself to meet the shock of a marriage proposal and the shock fails to materialize.

For a limited time Pease & Mays are offering any ten dollar suit in their large stock of men's clothing for seven dollars and twenty-nine cents.

According to the bible, there will be no marrying or giving in marriage in Heaven—probably because there won't be enough men to go around.

A display of neckwear that is certainly way ahead of anything ever shown here, may be seen in Pease & Mays furnishing goods' window. See them if for no other reason than to know what is correct and stylish.

When a man marries a girl with golden hair and it gradually assumes a terra cotta hue he is up against the old gold-brick swindle in a new form.

PERSONAL MENTION.

Mrs. Frank Huot returned last night from a visit with her daughters in Portland.

E. B. Norton, secretary of the Oakland Iron Works, is in the city today representing his company.

Miss Alice Heot left for Portland today, where she will join Mr. and Mrs. R. W. Barter on a trip to California.

Miss Shelton arrived in this city Saturday evening from Portland, and has accepted a position in The Chronicle office.

Miss Ashley, of Portland, arrived in the city Saturday evening and has accepted a position in E. Jacobsen's store until after the holidays.

J. B. Golt returned last night from Hood River, where he has been for the past three weeks on a surveying tour. He will leave soon for Moro, where he has been summoned to do some surveying in that vicinity.

Mr. E. Boucher, a newspaper man from Missouri, arrived in the city last evening and spent the day visiting the family of his cousin, Mrs. D. J. Cooper. He has been visiting relatives through the Willamette valley.

This morning Mr. and Mrs. James Blakeney left for Portland where Mr. Blakeney will enter the hospital. For some reason his leg, which was broken early in the summer, did not seem to knit as it should have and it is now feared it will have to be broken and set again.

IN WINTER'S ICY GRASP.
The River Blocked and Traffic Suspended—Boats to go to Hungry Harbor.

Visitors to the water front today were persuaded that winter had come, and from reports has come to stay. Not because today is the coldest we have had since December '93, but the river presents a sight, which though causing a cessation of traffic and much annoyance to steamboat men, is beautiful to look upon. Floating down the river are huge blocks of ice, which have completely blocked the stream at Crate's Point and on down, and along its edge the ice is an inch and a half thick.

This morning the employes at the D. P. & A. N. dock were busily engaged in breaking the ice and removing freight from the wharf boat, preparatory to taking that, with the Dalles City hull and the Regulator, up to Hungry Harbor, about a half mile above the city, as great damage would result were they to remain in their present position, the ice jam being strongest at that point. Later the hull was successfully moved, and the Regulator was taken for a short distance by attaching horses to her, and she is now waiting a little above the foot of Washington street until the wind changes, when the ferry boat will tow her to her winter destination. The Kickitat will also follow suit and be tied up to await developments.

Saturday about 12:30 the Inland Flyer passed the Dalles City in the locks, the latter going on to Portland; but as the water was very low the former was compelled to wait for four hours before getting out. Finally succeeding and passing out of the upper gate she encountered ice and remained there till 8:30, when the passengers were transferred to the train and brought to this city.

Yesterday about 4:10 she again started up the river and by working bravely passed Hood River at 8 o'clock this
