AMERICANS HOLD PUERTO PRINCIPE

Last of the Spanish Forces Have Been
Withdrawn From the Province.

THE STARS AND STRIPES RAISED

The Fifteenth United States Infantry
Has Arrived There and Our Flag
Has Been Raised With Appropriate
Ceremony.

NEW YORK, Dec. 27.—A correspondent of Nuevas, Cuba, who writes to the New York Times, says: The last of the Spanish forces in this the province of Puerto Principe, has left and the Fifteenth United States infantry has arrived. Our flag has been raised with much ceremony by two daughters of the alcalde, a Cuban, formerly of the autonomist government, who was reappointed by General Carpenter, governor of the province.

Yellow fever and typhoid are said not to exist here, though severe malaria prevails. Our soldiers are provided with large hospital tents and cots. The tents are being flooded. The extremely dense and impenetrable undergrowth on the hills where the camp is situated was cut down by ex-Cuban soldiers with their machetes, the great quantities of guano, a poisonous plant closely resembling in appearance the holly, rendering it dangerous for our men to do the work. The Cubans, however, are fearless, although showing the effects of terrible sores on hands and legs. A plant usually found growing near the guano is claimed to be an antidote for the poison.

Several of the men have been bitten by scorpions, but the insects here do not seem to be as dangerous as elsewhere. A few drops of ammonia applied to the sting prevents further trouble.

TIME-EXPIRED MEN IMPATIENT

Dewey Therefore is Anxious for the Arrival of the Naval Recruits.

NEW YORK, Dec. 27.—A special to the Tribune from Washington says:

Admiral Dewey cabled to the navy department asking when he might expect the Buffalo to arrive at Manila, and requesting that she might be hurried as much as possible. The Buffalo is carrying 500 men to the Asiatic squadron to take the place of those whose terms of service have expired, and who are now exceedingly anxious to return to the United States. Many of these men would have ordinarily come home on the flagship Olympia, which was on the point of starting for San Francisco when the Maine was blown up, but were retained by Admiral Dewey on a cable warning from Secretary Roosevelt.

The admiral has now informed the navy department that the conditions in the Philippines are so materially improved that he will send a few officers and men to San Francisco on the next army transport which leaves Manila. He is not yet willing, however, to recommend any reduction of the fleet, and notwithstanding the reports to the contrary, he has never intimated any desire to come home himself, but in fact refused to take advantage of the permission extended to him to temporarily leave the East and visit Paris when the peace commission was there.

Formation of a New Cabinet Intrusted
to a Rigid Opponent of Aguinaldo
—The Insurgent Leader Has Fled.

MANILA, Dec. 27.—A steamer which has arrived here from Samar reports that the Tagal insurgents have been in possession of Kalbaon since December 11. Business there is said to be entirely suspended and all the Spaniards of the vicinity have sought refuge in the house of a man named Scott, an American.

All efforts to induce the Visayas to join the revolution have been fruitless. The situation here so far as the insurgents are concerned is serious. The formation of a new cabinet has been intrusted to a Filipino named Madi, a rampant, irreconcilable of unknown antecedents and a bitter opponent of Aguinaldo, especially on the question of Spanish prisoners.

It is reported that Aguinaldo refused to release their prisoners, although the cabinet decided to accede to the request of General Otis for their release.

It is rumored that Aguinaldo has fled to an inaccessible region back of Cavite with a few followers, fearing assassination.

An expedition commanded by General Miller has left here for Iloilo.

Two Pointed Questions Answered.

What is the use of making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single scale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by Blakeley & Houghton.

Trouble Brewing in France.

LONDON, Dec. 27.—Special dispatches from Paris say that in view of the daily preparation for a royalist coup d'etat the revolutionary socialists have organized a vigilance committee in each district, charged with the detection of any anti-republican movement. Counter preparations are also being made. Officers of the highest rank in the army are said to have been soundered on the subject of a coup d'etat, but the results are said to have been disheartening.

MEN FOR NAVAL SHIPS NEEDED

Dewey Asks for Crews for His Three
Captured Vessels.

A KNOTTY PROB- LEM FOR LONG

Some Have Already Been Secured, How-
ever, and Arrangements are Be-
ing Made for Sending Them to Ma-
nila as Soon as the List Shall
Have Been Completed.

NEW YORK, Dec. 27.—A special to the Herald from Washington says:

A cablegram has been received at the navy department from Rear-Admiral Dewey asking for the immediate dispatch of officers and men for service on the three captured Spanish vessels that are to be refitted and added to his fleet.

Owing to the mustering out of volunteer officers, the department will find it rather difficult to comply with the request. Captain Crowinshield, however, is doing the best he can to provide the officers and men desired, and arrangements are now being made to send a transport with them through the Suez canal.

Department authorities are anxious to commission the naval cadets who are now undergoing a course of sea duty preliminary to final graduation. But this cannot be done legally unless congress passes the pending naval bill. There is a provision in this bill which expressly opens the way for the immediate assignment of these cadets to duty as officers.

A POPULAR MISTAKE

Regarding Remedies For Dyspepsia and
Indigestion.

The national disease of America is indigestion or in its chronic form, dyspepsia, and for the very reason that it is so common many people neglect taking proper treatment for what they consider trifling stomach trouble, when as a matter of fact, indigestion lays the foundation for many incurable diseases. No person with a vigorous, healthy stomach will fall a victim to consumption. Many kidney diseases and heart troubles date their beginning from poor digestion; thin, nervous people are really so because their stomachs are out of gear; weary languid faded out women owe their condition to imperfect indigestion.

When nearly every person you meet is afflicted with weak digestion it is not surprising that nearly every secret patent medicine on the market claims to be a cure for dyspepsia, as well as a cure of other troubles, when in fact, as Dr. Werthier says, there is but one genuine dyspepsia cure which is perfectly safe and reliable, and moreover, this remedy is not a patent medicine, but it is a scientific combination of pure pepsin (free from animal matter), vegetable essences, fruit salts and bismuth. It is sold by druggists under name of Stuart's Dyspepsia Tablets. No extravagant claims are made for them, but for indigestion or any stomach trouble, Stuart's Dyspepsia Tablets are far ahead of any remedy yet discovered. They act on the food eaten; no dieting is necessary simply eat all the wholesome food you want and these tablets will digest it. A cure results, because all the stomach needs is a rest, which Stuart's Dyspepsia Tablets give by doing the work of digestion. Druggists sell these tablets at 50 cts.

Columbia's New Record.

PORTLAND, Dec. 27.—Items on the water front, as usual on a holiday, were scarce yesterday, but the good, fast steamship Columbia came to the rescue by breaking her own record between San Francisco and Portland, and coming within a few minutes of making the best time on record. Her time from dock to dock was but 47 hours and 55 minutes, while the actual running time was 46 hours and 15 minutes. The Columbia, in command of Captain George Conway, broke all previous records on the route about a year ago, but the State cut under that record about a week later, and since that time no remarkable fast trips have been made until yesterday. As Captain Green, who was master of the State when she made the record passage, is now in command of the Columbia, he has to his credit the two fastest passages that have ever been made on the route.

Enterprising Druggists.

There are few men more wide awake and enterprising than Blakeley & Houghton, who spare no pains to secure the best of everything in their line for their many customers. They now have the valuable agency for Dr. King's New Discovery for Consumption, Coughs and Colds. This is the wonderful remedy that is producing such a furor all over the country by its many startling cures. It absolutely cures Asthma, Bronchitis, Hoarseness and all affections of the throat, chest and lungs. Call at the above drugstore and get a trial bottle free or a regular size for 50 cents and \$1. Guaranteed to cure or price refunded.

Oregon and Iowa Honored.

NEW YORK, Dec. 27.—The Herald's correspondent at Callao telegraphed that the arrival of the United States battleships Oregon and Iowa at that port has caused the greatest excitement and enthusiasm. They entered the harbor at 7 o'clock in the morning and great crowds went out to see them during the day.

Delegations representing the Cuban residents of Peru went to Callao to meet the warships. They presented to each a gold plate. With the name changed, each bore the inscription:

"All honor to the commander, the officers and crew of the United States warship Oregon, victorious in the naval combat off Santiago de Cuba on the 3d day of July, 1898. This plate is given as a testimonial of the patriotic gratitude of all Cuban citizens of Peru."

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look; if your kidneys be affected, you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good Alternative and Tonic. Acts directly on the stomach liver and kidneys. Purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at Blakeley & Houghton's drug store. 50 cents per bottle. 5

Admiral Sampson's Daughter to Wed.

GLENNIDGE, N. J., Dec. 26.—The arrangements for the wedding of Miss Olive Farrington Sampson, daughter of Rear-Admiral W. T. Sampson, and Henry Harrison Scott, of San Francisco, which will take place January 4, at the Glennridge Congregational church, have been completed. The ceremony is to take place at 8 o'clock.
