THE PASSING OF NORTHERN DEMOCRATS.

Not one straight Democrat from & Co. Chapman block. the Northern states will be a member of the next senate whose term begins March 4th. Thirty senators end their period of service on that day, and in filling the reats the tirely unrepresented. It is an ex- him by ringing up 'phone number 12. traordinary fact in American politics. The senators from Utah and Montana will be elected by fusion legislatures and are as much Populist as Democratic. The twenty-six Democratic senators are from the South, but that section is no cans to the next senate. The Democrats in the next senate will number less than one-third of the whole body, while change has occurred in the senate, but it has been spread over several years and its full importance has hardly been realized.

There is still, in a technical sense, a Democratic party in the North. It corns, and all skin eruptions, and posiclaims the name and is in possession lively cures piles, or no pay required of the machinery. But the Democratic party as it was has rassed per box. The passing of the Democratic party occurred there some time ago. All that remains of it is a minor element available for nothing except fusion combinations. Here is the remnant of the fusion Democracy and Populism in the next senate: One member from Colorado, one from Idaho, one from Kansas, one from Montana, two from Nevada, two from South A. W. LUNDELL, B. M. Dakota, two from Utah and one from Washington. To this total of eleven senators, of all shades of opinion, is the opposition reduced in the North. As far as the senate is concerned, the Northern Democrats are virtually ex- DR-GEISENDORFFER tinguished. So much for the Chicago platform experiment.

Looking over the whole field, there Rooms 21 and 22. Tel. 328 is no encouragement whatever for another debased money campaign. H.A. STURDEVANT, The senate blocks the way for a long period. Even if the tide could set in that direction during the next two Phone 6, years, the fifty-sixth congress will be in full accord with the president, and will put up the legislative bars against every form of tampering with the 100c dollar. Mr. Bryan's friends may insist on his renomination, but they can not restore the conditions of 1896. Their opportunities for mischief in 1900 will be infinitely less than in the "first battle." Then they had the senate, which will now be against them. Sound money legislation was then impossible. For the office over First Nat. Bank. mext two years it will be easy. The fusionists two years ago had a programme which they could have engramme which they could have enoffice over First Nat. Bank.
