

SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with the transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well informed people will not buy other laxatives, which act for a time, but finally injure the system. Buy the genuine, made by the California Fig Syrup Co.

Our correspondent at the capital now registereth his kick in regard to the manner in which our law-makers are performing their duties. While there is no doubt more truth than poetry in his statements, it has always been, and will continue to be the rule that those in authority or in public places of trust must of necessity be a target for the complaints and kicks of those who have placed them there. No matter how much confidence we placed in the good judgment and honor of these same men when they were merely citizens, the varnish seems to wear off and we begin to suspicion them as soon as they receive the title Senator or Representative. The question is, what would we do were we in their places?

Our correspondent says:

SALEM, Oregon, Jan. 23.—The twentieth biennial session of our state legislature is not a howling success as a reform body in even the small sense of the word.

To blind the people who pay taxes in the state, the solons introduced a resolution to reduce the number and pay of clerks, so that the sum to be paid out at the regular session would be smaller by some \$4,000 for that purpose than would have otherwise been the case. Each day since that resolution was passed, has witnessed a short squabble occasioned by some clerkship talk or other, the time alone taken up in such controversy being approximately for the two weeks now gone by, about as long as two working days as usually held by the assembly. As the cost of each day's sitting is about \$1000, the saving if the resolution stood, could be readily estimated, but that same resolution don't stand. Instead, there are just about as many clerks as ever, so the result of the whole farce has been a loss to the state of \$2,000. "Consistency thou art a jewel indeed," but such jewels are not found at Oregon's state capital.

Grafts, and those looking after a political berth are lords of creation and recognized as such by our law-makers here. There is talk of a boiler inspector, a game warden and goodness knows how many different commissions, with some outside counties yet to hear from. The worthy measures are sleeping the sleep of the just, dreaming as they lay in the bosom pocket of some astute member, of becoming great laws, in the sweet bye and bye.

Members sworn to their constituents, to reform matters at Salem, wink their eyes at grafting schemes, and call for another pretty committee clerk. One man can do nothing, neither can a dozen, but when a party sworn to redeem the state from such things is overwhelmingly in power it really looks as if just a little in the right direction at least, ought to be accomplished.

With the same contempt for the man who puts up the money to run the state with, in this as in the other, the legislative body will consume forty days doing work that could easily have been done in twenty.

Still there's no use to kick. A charming little committee clerk beats a full hand in Salem. Diamonds are trumps, and the clerks hold all the trumps.

La Grippe Successfully Treated.

"I have just recovered from the second attack of La Grippe this year," says Mr. Jas. A. Jones, publisher of the Leader, Mexia, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days against ten days for the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting 'down.'"
