

# SYRUP OF FIGS

NEVER IMITATED IN QUALITY

## THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

CALIFORNIA FIG SYRUP CO.

SAN FRANCISCO, CAL.  
LOUISVILLE, KY. NEW YORK, N. Y.

### PERSONAL MENTION.

W. H. Butts returned last night from Portland, where he went to visit W. O'Neil.

L. E. Crowe is still confined to his bed by a serious case of grippe and neuralgia.

James L. Elliott is in from Sherar's Bridge and called at THE CHRONICLE office this morning.

Mr. V. Crawford, county clerk of Morrow county, is in The Dalles today, the guest of Oris Patterson.

Mr. and Mrs. J. H. Sherar are in the city, guests of Mrs. Monroe Grimes. Mr. Sherar attended the Woolgrowers' convention.

Mr. S. French returned from Portland last night, having made arrangements with his daughter to start on their eastern trip Monday.

Fred W. Wilson and John O'Leary left this morning for Grass Valley, the home of the latter. Fred will be absent from the city until Saturday.

A. J. Shrum, of Grange, is spending a few days in the city, before leaving for Portland. He expects to make a tour of the state introducing a mineral remedy termed Vitae Ore, for which he is agent. He claims great things for his remedy.

### A Novel Bet.

Talk about Kansas as we may, she's up-to-date, and so are her girls, who are determined to show the eastern girls that Hobson isn't "in it" when it comes to the western states, where the grasshoppers sit on the sweet potato vine and weep guard while the young ranchman collects 1000 kisses, which have been won in a fair and square bet. In that state the teachers not only teach the young idea how to shoot, but the young men how to kiss. If to secure a teacher's certificate these young ladies have to pass an examination in this art, there must be a large number of candidates for school superintendent, and no doubt those from other states will be needing a change of climate.

It all came about this way: Miss Lucy Withers, a school teacher of Golden, Kan., who for some reason is an admirer of Jerry Simpson, bet 1000 kisses against \$1000 worth of steers on the sockless statesman's success in the recent election. She lost, and is now paying the bet on the installment plan, the fortunate young ranchman who won coming around each week and collecting twenty kisses.

If microbes are as thick as grasshoppers, what a "gathering there will be" in the course of a year. In the meantime it becomes the duty of some green-eyed monster to introduce the prohibition law, which, if we are not mistaken, would be welcomed by both parties. A legitimate debt is the hardest kind to collect.

### Want No Mutilation.

There was quite a deputation of Gilliam county citizens in Portland recently on their way to Salem, armed with a remonstrance against the cutting off of 15 townships from the southern end of their county. S. E. Barker, county treasurer of Gilliam, H. N. Frazier, county clerk; F. M. Plater, county commissioner, and W. L. Wilcox, a prominent citizen of Condon, had charge of a long remonstrance, signed, they said, by 700 residents of Gilliam county, many signers living in the locality proposed to be cut off to help form the county of Wheeler.

The remonstrators fear that the loss

of the rich section around Fossil will leave Gilliam county in such a plight that it cannot support a county government. The north end of Gilliam, along the south bank of the Columbia, they say, is an unproductive waste, and the proposed change would leave Gilliam the smallest county in Eastern Oregon. All their timber and summer range, and even the bulk of their running streams would be snatched from them at one fell swoop. The law makers at Salem are very likely to hear from the remonstrators of Gilliam county before they decide to form the new county of Wheeler.—Oregonian.

### His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular size 50 cents and \$1.00. Trial bottle free at Blakeley & Houghton's drug store; every bottle guaranteed.

### Alien Exclusion Law.

VICTORIA, B. C., Jan. 22.—At a meeting tonight in support of the government candidates for parliament, Attorney-General Hon. Joseph Martin said there was a possibility of the Dominion government disallowing the alien exclusion law. He intimated that even in the face of such a disallowance, the provincial government would persist in their right to make laws for the best interests of the province, regardless of what might be done by the Dominion government in an attempt to gain concessions in the joint high commission.

### In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with the transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation; well informed people will not buy other laxatives, which act for a time, but finally injure the system. Buy the genuine, made by the California Fig Syrup Co.

## SPANISH OFFICERS WERE KILLED

Balabac Massacre Report Confirmed—  
Stores and Houses Looted.

LABUAN, British Borneo, Jan. 24.—The steamer Labuan has arrived here from the island of Balabac, 30 miles south of Palawan, Philippine islands, not from Palawan, as previously cabled.

The murder of Spanish officers, which was reported, occurred at Balabac. The Labuan brought sixty-five women and children here. They had been robbed of everything, but otherwise not ill-treated. The Zulus assisted the Balabacs in killing the Spanish officers. The Spaniards left Palawan, where the natives were fearful of the Zulus. Stores had been looted, business was at a standstill, and the natives were armed and ready for mischief.

A dispatch from Madrid, January 23d, said Rios, the Spanish commander of the Philippines, had cabled from Manila confirming the report that all Spaniards at Balabac had been massacred except the women, whose release was being asked for.

## TAWNEY MAY SUCCEED DINGLEY

As Member of the Anglo-American Joint High Commission.

NEW YORK, Jan. 24.—A Washington special says:

There is reason to believe that the vacancy in the Anglo-American joint high commission caused by the death of Mr. Dingley will soon be filled. It is understood that the president desires, if possible, to find a man who is willing as well as qualified to follow the lines laid down by Mr. Dingley, and the policy and principles so ably and sturdily advocated and defended by him as a member of the commission.

Among the names which have been most prominently associated with the forthcoming appointment is that of Representative Tawney, of Minnesota, in whose behalf a strong case is said to have been made by the representatives of the American lumber industries.
