KNOCKED OFF TWO YEARS' EXTENSION

Judiciary Committee Wants to Amend District Attorney Bill.

A MISTAKE THEY CLAIM

It was not intended to Extend the Term of Service Until the Year 1898.

By Dr. Charles S. Clark.

Figures 1902 were Put Down
Where 1904 Were Intended.

HARK, Feb. 21.—It is evident today that the promoters of the bill to increase the salaries of district attorneys have been greatly alarmed at the possibility of their own downfall. Such a storm of protest has blown up over the proposal that it would appear to be attempted to be eliminated from office.

Today the house judiciary committee asked leave to amend the bills so as substituting 1902 for 1904, threatening the placing of the bills in the bill as the result of compromise.

The house devoted its session to the third reading of bills.

Bill was introduced as follows: By Donnelly, to fix a per diem compensation of the commissioners of the 1907 county at $500 per day for the time they are employed; by Whitney, or carrying thirty days' earnings of judges from the court, providing for the need of funds for support of families; by Butit, to amend the charter of New York.

The conclusion of the governor's report brought back the March bill, so as to assert the legislature as a whole and aggregate, and reduce the prejudices of the game and forestry ward.

The committee on agriculture officers forwarded a report to the governor to place the legislature at $25,000, by making provision for the state and $75,000 per month and increasing the compensation.

A communication was received from the governor relative to public lands, like that received by the senate, and referred to the committee on public lands.

In the Senate.

Senator Smith and Diller this morning presented explanations of their position with reference to the reapportionment act, which was approved by the governor while they were speaking. Both speakers are in favor of the act, which was passed.

New York, Feb. 20.—A Spanish city, New Orleans has been abandoned by the government. The city has been deserted by the Spanish authorities, and the government has been vacated by the Spanish officials. The city is now in the hands of the government, and it is expected that the new government will be in charge of the city in a few days. The mayor has been removed from the city, and the city has been declared open to all who wish to enter it.

In the house of representatives, the committee on agriculture officers forwarded a report to the governor to place the legislature at $25,000, by making provision for the state and $75,000 per month and increasing the compensation.

A communication was received from the governor relative to public lands, like that received by the senate, and referred to the committee on public lands.

An account of the great ice and snow in the Northwest, the result of which has been the closing of the railroad, the destruction of the city of St. Paul, and the loss of many lives, has been received from the railroad company.

The city of St. Paul has been completely destroyed by the ice and snow, and the railroad has been closed for many days. The railroad company has been working to repair the damages caused, and it is expected that the railroad will be in operation again in a few days.

Wagons operated on the railroad have been completely destroyed by the ice and snow, and the railroad company has been working to repair the damages caused, and it is expected that the railroad will be in operation again in a few days.
