## AMERICAN VICTORY IS COMPLETE

Otis Controls the Situation Within a Radius of Nine Miles of Manila.

## AGUINALDO IN FULL RETREAT

Of the Original Force of Twenty Thousand and Rebels Drawn Up Against the Americans Fully One-Third Are Incapacitated.

MANILA, Feb. 7.—General Otis as this dispatch is sent is in full control of the situation within a radius of nine miles of Manila. The American lines extend to Malabon on the north and to Paraque on the south, fully twenty-five miles. While a few detached bodies of Filipinos offer disultory opposition, the main body is in full retreat and utterly routed. Of the hordes of troops originally drawn up in battle array against the Americans, fully one-third are already incapacitated and the rest are scattered in every direction.

The Americans now have a steam car line to Malabon, and 600 marines with four Maxims have been landed from the fleet, on the beach north of the city. Among the important points captured was a strong embraured earthwork in sight of Caloccan.

There was considerable firing from the upper windows of houses in the native quarter of the city last night, but no casualties have been reported as a result of it.

The signal corps was compelled to run lines along the firing line during the fighting and consequently there were frequent interruptions in communication, owing to the cutting of wires, and the signal men were ordered to kill without hesitation anyone who attempted to interfere with the lines.

American Losses 250; Insurgents, 4000.

WASHINGTON, Feb. 7.—The war department has received the following dispatch from Otis:

Manila, Feb. 7.—The insurgent army concentrated around Manila from Luzon province, numbers over 20,000 men possessing several quick-firing and Krupp field guns. A good portion of the enemy are armed with Mauser's latest pattern guns. Two Krupps and a great many rifles were captured. Insurgents fired a great quantity of ammunition. Quite a number of Spanish soldiers are in the insurgent service, and these served the artillery.

The insurgents constructed a strong intrenchment near our lines, mostly in bamboo thickets. These our men charged killing or capturing many of the enemy. Our casualties probably aggregate 250. Full reports today.

The casualties of the insurgents are very heavy. Have buried some 500 of their dead and hold 500 prisoners. Their losses in killed, wounded and prisoners will probably aggregate 4000.

We took the waterworks pumping station yesterday, six miles out, after a considerable skirmish with the enemy, which made no stand. The pumps that were damaged will be working within a week. Have a number of condensers set up in the city, which furnish good water. The troops are in excellent spirits. Quiet prevails.

Americans Caring for the Dead.

MANILA, Feb. 7.—The terrible loss of the rebels may be gathered from the fact that sixteen of them were buried in one rice field Monday near Pasas, and eighty-seven were interred between Peco and Santa Ana.

A converted river gunboat did terrible

execution among the rebels, sweeping both banks of the river with the gatling guns and heavier battery. Hundreds of the Filipinos undoubtedly crawled into the canebrakes and died there.

The Americans are working nobly in their efforts to find the wounded, and are bringing hundreds of suffering rebels to the hospitals for treatment. The natives are unable to understand the humane motives which prompt the victors to succor the wounded of the enemy.

A correspondent of the Associated Press is informed that numbers of the hospital corps have made the startling discovery that there are several women in male attire, and with hair cropped, among the dead.

It is regarded as a significant fact that many of the Filipino officials of this city disappeared from Manila as soon as hostilities commenced. Some of them are supposed to be still hiding here. Hundreds of women are pouring into Manila from all districts, and the villages around Manila, as a rule, have been destroyed by the troops.

The further the Americans extend their lines the more the need of transportation increases. The American commanders have already been compelled to impress horses and vehicles on all sides, to the inconvenience, naturally, of natives and civilians.

Last night the inhabitants generally believed a battle was raging at their own doors. Lights were extinguished inside dwellings and the majority of the people were in a state of terror.

Gen. Hughes has the interior situation absolutely in hand.

**Deafness Cannot be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Six Years For Eagan.

WASHINGTON, Feb. 7.—The sentence of the court-martial in the Eagan case has been commuted by President McKinley to suspension for six years. This will give Gen. Eagan an opportunity to retire on pay in case he is re-instated at the expiration of six years to full rank.

Elegant new Pullman palace sleepers between Portland and Chicago have just been placed in service via the O. R. & N., Oregon Short Line, Union Pacific and Chicago & Northwestern railways daily every day in the year. Cars are of the very latest pattern, in fact being the most improved up-to-date sleeping cars turned out by the Pullman Company. These new palaces will leave Portland on the evening fast train of the O. R. & N. arriving at Chicago the morning of the fourth day and running through without change via Granger and Omaha. 191f

Oregon Boys Fight.

MANILA, Feb. 7.—Late yesterday afternoon the Oregon regiment took part in a short, sharp engagement, driving back the enemy without sacrificing a man.

## NERVOUS DYSPEPSIA

To Gain Flesh, to Sleep Well, to Know What Appetite and Good Digestion Means.

MAKE A TEST OF STUART'S DYSPEPSIA TABLETS.

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think their nerves are to blame and are surprised that they are not cured by nerve medicines. The real seat of the mischief is lost sight of. The stomach is the organ to be looked after.

Nervous dyspeptics often do not have any pain whatever in the stomach, nor perhaps any of the symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every organ. In some cases the

heart palpitates and is irregular; in others the kidneys are affected; in others the bowels are constipated, with headaches; still others are troubled with loss of flesh and appetite with accumulations of gas, sour risings and heartburn.

It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of the stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation and headache.

Send for valuable little book on stomach diseases by addressing F. A. Stuart Co., Marshall, Mich. All druggists sell full sized packages at 50 cents. Prof. Henry W. Becker, A.M., the well-known religious worker and writer, of St. Louis, secretary of the Mission Board of the German Methodist church; chief clerk and expert accountant of the harbor and wharf commission; public secretary for the St. Louis school patrons' association, and the district conference of the stewards of the M. E. church; also takes an active part in the work of the Epworth League, and to write on religious and educational topics for several magazines. How he found relief is best told in his own words:

"Some weeks ago my brother heard me say something about indigestion, and taking a box out of his pocket said: 'Try Stuart's Dyspepsia Tablets.' I did, and was promptly relieved. Then I investigated the nature of the tablets, and became satisfied that they were made of just the right things and in just the right proportions to aid in the assimilation of food. I heartily endorse them in all respects, and I keep them constantly on hand.

Duncan, William J. Kais; company I, Ernest A. Fisher; company L, John Pouitt; company M, Jesse H. Morgan; civilian, J. D. Weatherby, cook.

Slightly wounded, company A, Privates William Everett, William R. Falt, Otto H. Hoppe, Albert W. Owen, Frank Rivers; company B, Laurin D. Lawson, Albert F. Pray; company G, Augustus Zalodor; company F, Herbert E. Osborn; company I, Mira Kucker, Rolla Proudfoot; company M, Jos. P. Bernler, Wesley Walton; company G, George McNeil, Wm. J. Hayes.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular size 50 cents and \$1.00. Trial bottle free at Blakeley & Houghton's drug store; every bottle guaranteed.

Oregon and Washington Boys Perish.

WASHINGTON, Feb. 6.—The periodical sickness and casualty report from General Otis, received today, disclosed a death rate among the American troops at Manila from smallpox of one man per day for the past nine days. The death list contains the names of Royal Fletcher, First Washington; Miles E. Kyger, corporal, First Washington; Pearl Detty, private, Second Oregon.

La Grippe Successfully Treated.

"I have just recovered from the second attack of La Grippe this year," says Mr. Jas. A. Jones, publisher of the Leader, Mexia, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days against ten days for the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting 'down.'" For sale by Blakeley & Houghton.

Stay of Execution Granted.

SAN FRANCISCO, Feb. 6.—Mrs. Botkin's attorneys gave notice today of an appeal from the conviction and sentence of life imprisonment recently passed upon her. Judge Carroll Cook allowed 10 days' stay of execution, and 20 days in which to prepare a bill of exceptions.

How to Prevent Pneumonia.

You are perhaps aware that pneumonia always results from a cold or from an attack of La Grippe. During the epidemic of La Grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or La Grippe to result in that dangerous disease. It is the best remedy in the world for bad colds and La Grippe. Every bottle warranted. For sale by Blakeley & Houghton, druggists.

### The Knack of Summer Entertaining.

Elaborateness is neither fitness nor art in summer entertaining, and it should be put aside, with heavy draperies and other impediments, to breezy ease and freedom. One more word about hot-weather luncheons. Do not have your flowers too profuse. Do not oversalt anything, as it induces thirst; and do not forget that the trickle of ice is sweetest of hot-weather music. Use it, cracked, under olives and around tomatoes if they be served alone; shave it, and fill tumblers for tea, grape juice or other cold beverages; indeed, introduce it wherever possible.—Ella Morris Kretschmar, in Woman's Home Companion.
