ORDER RESTORED AT MANILA

Native Forces Have Been Driven Back Many Miles.

HOT SKIRMISH YESTERDAY

Rebels Made a Stand Behind Intrenchments, But Were Driven Out By Kansas Troops Led By Colonel Funston.

WASHINGTON, Feb. 8.—The war department today received the following dispatch:

Manila, Feb. 8.—The situation is rapidly improving. A reconnaissance was made yesterday to the south several miles to Lagunade bay, and to the southeast eight miles, our troops driving the straggling insurgents before them. The troops in various directions encountered no decided opposition. The native army is disintegrated and the natives are returning to the villages displaying white flags.

Near Caloccan, six miles north of here, the enemy made a stand behind intrenchments, and were charged by the Kansas troops led by Colonel Funston. There was a close encounter, resulting in the rout of the enemy with heavy loss. The loss to the Kansas regiment was Lieut. Alford killed, and six men were wounded.

On the 4th Aguinaldo issued a proclamation charging the Americans with having taken the initiative and declared war. His influence throughout this section is destroyed. He now applies for a cessation of hostilities and a conference. I have declined to answer him.

The insurgents' expectation of a rising in the city on the night of the 4th was unrealized. The provost marshal-general, with the admirable disposition of his troops, defeated every attempt that was made.

The city is quiet. Business has been resumed. The natives are respectful and cheerful. The fighting qualities of the American troops are a revelation to all the inhabitants.

Additional Casualties.

WASHINGTON, Feb. 8.—The adjutant-general has received the following additional list of casualties at Manila.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Agoncillo Deplores It.

LONDON, Feb. 8.—The Filipino junta has received a cablegram from Agoncillo the agent of Aguinaldo, dated Montreal, as follows:

"I deplore hostilities, which have had the effect of securing ratification of the peace treaty."

Agoncillo also says he believes the outbreak was provoked by the Americans in order to insure ratification of the treaty, and declares the Filipinos, "far from being the aggressors, were taken by surprise and were unprepared."

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death.

In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular size 50 cents and \$1.00. Trial bottle free at Blakeley & Houghton's drug store; every bottle guaranteed.

Fatality Near Eugene.

EUGENE, Feb. 8.—Stanley Brewster, aged 30, single, was thrown under his wagon, loaded with wood, last evening, near Eugene, and killed almost instantly. He was found at midnight with a wheel on his back between his shoulders.

La Grippe Successfully Treated.

"I have just recovered from the second attack of La Grippe this year," says Mr. Jas. A. Jones, publisher of the Leader, Mexia, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days against ten days for the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting 'down.'" For sale by Blakeley & Houghton.

MET WITH A HORRIBLE FATE

John Marshall, of Lebanon, Receives Fatal Burns While Intoxicated Last Monday.

LEBANON, Feb. 8.—John Marshall, aged 65 years, died at his home, seven miles east of the city, Monday night, from the effect of burns received during the partial destruction of his home by fire early Sunday morning. Marshall was in Lebanon Saturday, and it is said he drank considerable, and also purchased a quantity of liquor and took it home with him. He was not seen again that day.

The next morning John Craft, a neighbor, called at his place and receiving no answer to his knock, opened the door and walked in. He found Marshall in bed with his clothing almost burned off, his left side burned to a crisp, and his head singed. The floor was in flames and Craft extinguished the fire. Medical aid for the injured man was at once summoned, but all efforts to save his life were futile, and he died within thirty-eight hours after he was found by Craft.

Marshall had lived near here for many years, was a hard working man, was possessed of considerable property and was unmarried. So far as known he has no relatives. How he received his injuries is unknown, but it is supposed that while intoxicated he fell against the stove and his clothing was ignited by the sparks.

How to Prevent Pneumonia.

You are perhaps aware that pneumonia always results from a cold or from an attack of La Grippe. During the epidemic of La Grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or La Grippe to result in that dangerous disease. It is the best remedy in the world for bad colds and La Grippe. Every bottle warranted. For sale by Blakeley & Houghton, druggists.

Burned to Death.

ROSEBURG, Feb. 8.—An 8-year-old daughter of Alva Brown, lately from Nebraska, was burned to death last night near Middle creek, on the Coos Bay road. Her clothing caught fire at a fireplace.

MORE FIGHTING IS PROBABLE

Crisis in Samoa is Not Yet Passed, According to Advices Brought by the Steamer Maona.

SAN FRANCISCO, Feb. 8.—The steamer Maona arrived from Samoa today, bringing full details of the recent outbreak at Apia to the Associated Press. While Chief Justice Chambers was hearing the

claims of the rival candidates for the kingship, the Mataafa natives, who were numerically the stronger, were openly supported by the German officers.

On December 31st, the chief justice decided that Mataafa was ineligible for election and that Malietoa Tanus was king. The American and British consuls immediately recognized the new king. The German consul and president declined to recognize Tanus, and went over to the other, who had 3000 men under arms. Malietoa lacked arms and ammunition.

In a few hours the rebel forces had surrounded the residence of the chief justice, which was guarded by 200 loyal natives, and Capt. Sturdy of H. M. S. Porpoise, lauded thirty marines.

The residence was barricaded and the men stood to their arms all night when the chief justice and his family were taken to the beach. Fighting was expected to commence at any moment and the British and American consuls did all they could to prevent hostilities. A renewal of the fighting is expected.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate the stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good looking, charming woman of a run-down invalid. Only 50 cents at Blakeley & Houghton's drug store. 2

HANNA IS FOUND GUILTY

Was Charged With Buying Horses That Had Been Stolen.

PENDLETON, Or., Feb. 8.—A verdict of "guilty as charged in the indictment," was returned by the jury yesterday in the case of William Hanna. Hanna was indicted for receiving and buying fifty-two head of horses which he knew at the time had been stolen from Peter Nelson, an Echo stock man, and shipped them to Portland.

A peculiar feature of the case is that Zibe Morse, charged with stealing these very horses and selling them to Hanna, was tried and the jury failed to agree. Now, Hanna is convicted. Morse will be retried, and the remains Gus Hill and Jack Ogg to be tried on the same evidence adduced in these cases.

The circuit court has been adjourned to February 27th, when the balance of of the criminal cases left untried will be taken up.

For the past week there have been two men advertising and introducing a new kind of soap among our citizens. It is known as Blue Mountain toilet soap. The above named soap is made from the product of a mineral soap mine located in Eastern Oregon, and is without a doubt the best five cent soap on the market. It is put up by the Columbia Star Manufacturing Company of Portland. Their Sunshine scouring soap is without an equal for cleaning or scouring of whatever nature, and is harmless to the skin, as it contains no acids. For sale by all up-to-date grocers. Ask your dealer for it.

CANADA SE-CURES A PORT

News That the American Joint High Commission Has Agreed to Cede Fully Confirmed.

SEATTLE, Feb. 8.—A report from Washington that the subcommittee of the American members of the joint high commission would concede a port on Lynn canal, Alaska, to Canada in return for fishing concessions on the Eastern coast, aroused considerable resentment.

"The American members of the joint high commission have about made up their minds to cede a port to Canada on the Lynn canal," said E. O. Graves, president of the chamber of commerce last night.

"There can be no doubt of it," he added. "I had a telegram last night from Congressman W. L. Jones, of Yakima, that this course would be adopted, and today several telegrams have been received that corroborate the information beyond any question.

"During the day a number of the leading business men, in addition to the chamber, have been using every effort to counteract the determination that has been arrived at, and quite a number of telegrams have been sent to Pacific coast senators and representatives, to the American members of the commission, Governor Brady, and in short, every one calculated to lend an influence against the ceding of any territory on Lynn canal.

Other leading business men voiced the sentiments expressed by Mr. Graves and said, in strong terms, that such a proposition to cede American territory would work serious harm to the commerce of the Pacific coast.

In Older Times

People overlooked the importance of permanently beneficial effects and were satisfied with the transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well informed people will not buy other laxatives, which act for a time, but finally injure the system. Buy the genuine, made by the California Fig Syrup Co.

La Grippe is again epidemic. Every precaution should be taken to avoid it. Its specific cure is One Minute Cough Cure. A. J. Shepard, publisher Agricultural Journal and Advertiser, Eldon, Mo., says: "No one will be disappointed in using One Minute Cough Cure for La Grippe." Pleasant to take, quick to act.
