PHILIPPINE REBELS DRIVEN BACK

Monadnock and Charleston Shell the
Insurgent Camp.

CALIFORNIANS SHOT TO PIECES

Enemy Sustained Fifty Casualties to
Every One Suffered by the Amer-
icans—Gen. Otis Sends in a List
of Yesterday's Casualties.

MANILA, Feb. 12.—Yesterday after-
noon a reconnoitering party of the
Fourteenth infantry came upon a large
body of the enemy in the jungle near
camp Dewey. The rebels were attacked
and fell back upon the main line of the
insurgents.

The Fourteenth infantry, the North
Dakota volunteers and the Fourth
cavalry then engaged the enemy and drove
them with a fusillade from automatic
Colt guns. The enemies loss is severe,
and they are scattered along the beach
seeking cover from the fire of the Amer-
icans.

Privates Ranson, Hensen and Saun-
ders, of company F, Fourteenth infan-
try, and two troopers of the Fourth cav-
alry were wounded.

The bodies of two members of the Cal-
ifornia regiment were subsequently
found in the bushes to the right of the
line. They had been shot to pieces by
the rebels. One of these men have been
identified as Private Abneppam, but the
other has not yet been identified.

The heat today knocked out many
more of our men than the bullets of the
Filipinos, especially in the territory
north of Malabon, where the Kansas
regiment was stationed. Fully a score
were taken to the hospitals. The rail-
road is now open to Calocan, and sup-
plies are being forwarded by rail.

The Battle of Calocan.

MANILA, Feb. 11.—2:15 p. m.—The
following additional particulars regard-
ing the capture of Calocan have been
obtained: The insurgents had been
concentrating for days at Calocan, and
Otis, the American commander, deter-
mined to attack them. He instructed
his commanders accordingly, and re-
quested the assistance of the naval forces
under the command of Dewey. Major-
General MacArthur reported that all
was ready, and at 3 o'clock he received
the following message:

"Commanding general orders you to
go ahead with programme. BARRY."

The attack began immediately. The
monitor Monadnock and the cruiser
Charleston shelled Calocan and the
country north of it for half an hour.
MacArthur's artillery also did effective
work from a hill in the rear. Brigadier-
General Harrison G. Otis, with his
brigade, consisting of the Kansas reg-
iment, the Montana regiment, and Third
artillery (regulars), acting as infantry,
advanced handsomely, pushing forward
in the face of Filipino bullets as cheerful
as if they had been snowballs. The
enemy was utterly routed and fled to
the mountains.

At 6 o'clock "cease firing" and "re-
call" were sounded. The troops were
then well through Calocan and to the
north of it. MacArthur established his
left at Calocan and strengthened his
lines for the night.

By the capture of Calocan control of
much of the rolling stock of the Manila-
Dagupan railroad was obtained. The
city is now quieter and business is better
than at any time since the outbreak of
hostilities.

The American losses yesterday were
three men killed and 32 wounded, among

the wounded being the gallant Lieuten-
ant-Colonel Bruce Wallace, of the Mon-
tana regiment, and a lieutenant of the
Second cavalry, who was shot through a
lung while leading a charge across the
open country. The enemy's loss was
heavy.

CATARRH OF THE STOMACH

A Pleasant, Simple, but Safe and Ef-
fectual Cure for It.

Catarrh of the stomach has long been
considered the next thing to incurable.
The usual symptoms are a full or bloating
sensation after eating, accompanied
sometimes with sour and watery risings,
a formation of gases, causing pressure
on the heart and lungs and difficult
breathing; headaches, sickle appetite,
nervousness and a general played out
languid feeling.

There is often a foul taste in the mouth
coated tongue and if the interior of the
stomach could be seen it would show a
slimy, inflamed condition.

The cure of this common and obsti-
nate trouble is found in a treatment
which causes the food to be readily, thor-
oughly digested before it can to ferment
and irritate the delicate mucus surfaces
of the stomach. To secure a prompt and
healthy digestion is the one necessary
thing to do, and when normal digestion
is secured the catarrhal condition will
have disappeared.

According to Dr. Harlanston the safest
and best treatment is to use after each
meal a tablet, composed of Distasa, Asep-
tic Pepsin, a little Nux, Golden Seal
and fruit acids. These tablets can now
be found at all drugstores under the
name of Stuart's Dyspepsia Tablets, and
not being a patent medicine can be used
with perfect safety and assurance that
healthy appetite and thorough digestion
will certainly follow their regular use af-
ter meals.

Mr. N. J. Booher, of 2710 Dearborn
street, Chicago, Ill., writes: "Catarrh
is a local condition resulting from a
neglected cold in the head, whereby the
lining membranes of the nose become
inflamed and the poisonous discharge
therefrom passing backward into the
throat reaches the stomach, thus pro-
ducing catarrh of the stomach. Medical
authorities prescribed for me for three
years for catarrh of the stomach without
cure, but today I am the happiest of
men after using only one box of Stuart's
Dyspepsia Tablets. I cannot find ap-
propriate words to express my good feel-
ing. I have found flesh, appetite and
sound rest from their use."

Stuart's Dyspepsia Tablets is the safest
preparation as well as the simplest and
most convenient remedy for any form of
indigestion, catarrh of the stomach,
biliousness, sour stomach, heartburn
and bloating after meals.

Send for little book mailed free, on
stomach troubles, by addressing Stuart
Co., Marshall, Mich. The tablets can
be found at all drugstores.

La Grippe Successfully Treated.

"I have just recovered from the sec-
ond attack of La Grippe this year," says
Mr. Jas. A. Jones, publisher of the
Leader, Mexia, Texas. "In the latter
case I used Chamberlain's Cough Rem-
edy, and I think with considerable suc-
cess, only being in bed a little over two
days against ten days for the former at-
tack. The second attack I am satisfied
would have been equally as bad as the
first but for the use of this remedy as I
had to go to bed in about six hours after
being 'struck' with it, while in the first
case I was able to attend to business
about two days before getting 'down.'"

RUSSIAN TROOPS MOVING IN

Russia Pouring Troops Into Port Arthur
and Talien Wan.

INHABITANTS DISCONTENTED

Increase of the Number of Troops Al-
ready There by 34,000 Men Is In-
tended Before the Movement Ends.

SAN FRANCISCO, Feb. 12.—Advises
from the Orient state that the Russian
government is pouring troops into Port
Arthur and Talien Wan, on the ground
that the force now garrisoning those
places is too small, in view of the ap-
parent discontent of the inhabitants of
the Lias-Tung peninsula, who have
within the last two months risen up
against the Russians in 13 different
townships and districts.

No less than 9000 men have landed at
Port Arthur within the past month or
so, and it is intended to add 25,000 men
more before the end of the Chinese first
moon, making a full strength army
corps of some 36,000 in addition to the
garrisons of 15,000 men for Port Arthur
and 8000 for Talien Wan.

The plague has again broken out and
is causing much alarm in the districts
adjacent to Canton.

A fire which started in the market
place at Sai-Chin on January 7th de-
stroyed 150 houses before it was ex-
tinguished.

Li Hung Chang is trying to raise a
popular subscription in aid of the suf-
ferers by the Yellow river floods.

J. E. Rennison, foreign manager of
the Pao-Wo mine at Ninsikong, near
Ming-Po, arrived in Shanghai on Janu-
ary 14 and stated that he had been
forced to flee for his life from the Chi-
nese, who were enraged at the opening
of the mine, which was only accomplished
under the protection of a strong guard.
When the soldiers withdrew the natives
drove the manager away and wrecked
an adjoining temple. Two people are
said to have been killed and several
wounded.

Millions Given Away.

It is certainly gratifying to the public
to know of one concern in the land who
are not afraid to be generous to the
needy and suffering. The proprietors
of Dr. King's New Discovery for con-
sumption, coughs and colds, have given
away over ten million trial bottles of this
great medicine; and have the satisfac-
tion of knowing it has absolutely cured
thousands of hopeless cases. Asthma,
bronchitis, hoarseness and all diseases
of the throat, chest and lungs are surely
cured by it. Call on Blakeley & Hough-
ton, druggists, and get a free trial bottle.
Regular size, 50 cents and \$1. Every
bottle guaranteed or price refunded. 3

NOW THE TURKEY FOOT.

A New Charm That Is Worn by
the Superstitious.

The Rabbit's Foot, So Long Popular,
Has Been Displaced by the New
Mascot—An Old Negro's
Talk.

The rabbit's foot is not in the race
any longer as a charm. What has
caused the downfall of bunny's hind
foot as a protection against all evil
and an assurance of perpetual good
luck for its happy possessor is rather a
puzzling question and one which the
fair sex and the advocates of the new
fad would find it hard to explain. Per-
haps the late presidential campaign
may have had something to do with it.
Every one knew that the silver candi-
date was presented with a rabbit's foot
immediately upon receiving his nomi-
nation, and that the mascot complied
with all the requirements of the case,
for it was "the left hind foot of a molly
cottontail, that had been killed in the
full of the moon, at 12 o'clock at night
in a graveyard, by a red-headed nigger."

Well, the rabbit having enjoyed so
great and so long a run of popularity,
in the natural course of events, the
time has come for him to step down
and out. He has done so, and his place
has been taken by one of the kings of
the farmyard—the lordly turkey.

Fashion decrees that in order to be
lucky one must wear in some manner
or possess in some shape or other a
turkey's claw.

This fad is so new that it has hardly
reached the counters yet, except in one
or two shops which pride themselves
upon bringing out all the most ex-
clusive novelties. Of course, it will
eventually become as common as the
craze for rabbits' feet, but to-day it is
a very difficult thing to find a turkey's
claw prepared in the proper style for a
charm against bad luck.

The most popular style at present is
the natural claw, properly treated by a
taxidermist, its shank covered by a sil-
ver or gold cap set with an amethyst,
turquoise or the new green stone,
which resembles an emerald. The tip
of the nail is covered with a gold or
silver cap, with a fine chain to match
the cap from the shank to what one
might call the wrist of the claw, and a
pretty scarlet ribbon bow with long
ends tied just below the shank.

These new mascots are so arranged
that they can be hung up as ornaments,
or used as paper weights or table orna-
ments. In one case I saw one profusely
bejeweled, which was intended for a
cabinet. As dress ornaments they are,
so far, but little used, though I was told
they were being fashioned into clasps
for fastening golf-capes at the neck.

I asked an old colored man if he had
ever heard of the turkey's claw as be-
ing an unlucky or lucky charm.

"Why, yes," he replied. "Down south,
where I come from, it is better and
luckier to steal your Thanksgiving or
Christmas turkey. I don't hold with
the fashion of stealing anything, but if
you can only steal your turkey for the
holiday dinner you will have good luck
all the rest of the year. In the old days
the 'massa' would put away a lot of tur-
keys, and the darkeys would go in the
night, just at 12 o'clock, and steal the
birds."

"But what about the claw? What
good luck does that bring?"

"Why, bless your heart, don't you
know that the turkey's foot is an aw-
ful lucky thing? You must take the
claw after you have cleaned your tur-
key—a stolen one, mind you—dip it in
salt, bury it, you better say, in a dish
of salt for a whole week, and let it lie
there, so that all the bits of flesh which
stick to it are cleaned away, and your
foot is just as sweet as a nut. Then
you take it out and scrape it and clean
it and polish it, until it just shines like
a piece of stone. Then you put it up
over your door, and no bad luck, sick-
ness or anything can come in during
the year."

"Will it keep out death?"

"No, ma'am, it will not. Don't you
know sometimes death is the biggest
piece of good luck that can happen to
you?"

"But do you know why turkey's foot
is lucky?"

"I never heard but one reason, and
that was that after the devil had
tempted Eve and was crawling away
after getting her to eat the apple, he
came across the turkey's path and the
turkey lifted up his right foot and
struck at his head. The blow was so
hard that the devil was stunned for a
moment. And that is the reason of the
turkey's right foot being lucky against
bad fortune."—N. Y. Herald.

Brave Men Fall

Victims to stomach, liver and kidney
troubles as well as women, and all feel
the results in loss of appetite, poisons in
the blood, backache, nervousness, head-
ache and tired, listless, run down feel-
ing. But there's no need to feel like
that. Listen to J. W. Gardner, Idaville,
Ind. He says: "Electric Bitters are
just the thing for a man when he is all
run down, and don't care whether he
lives or dies. It did more to give me
new strength and good appetite than
anything I could take. I can now eat
anything and have a new lease on life."

Michigan Fruit Crop Damaged.

DETROIT, Feb. 11.—Reports from vari-
ous fruit-raising sections of the state are
to the effect that the extreme, record-
breaking cold spell has been most dis-
astrous to this year's crop of peaches
and other fruits. Loss resulting from
injury to peaches cannot be estimated.

For the past week there have been two
men advertising and introducing a new
kind of soap among our citizens. It is
known as Blue Mountain toilet soap.
The above named soap is made from the
product of a mineral soap mine located
in Eastern Oregon, and is without a
doubt the best five cent soap on the mar-
ket. It is put up by the Columbia Star
Manufacturing Company of Portland.
Their Sunshine scouring soap is without
an equal for cleaning or scouring of what-
ever nature, and is harmless to the skin,
as it contains no acids. For sale by all
up-to-date grocers. Ask your dealer for it.

Mackenzie, of Portland, at the Willows,
was broken open and a number of
articles stolen. A reward has been of-
fered for the arrest of the thieves.

How to Prevent Pneumonia.

You are perhaps aware that pneu-
monia always results from a cold or from
an attack of La Grippe. During the
epidemic of La Grippe a few years ago
when so many cases resulted in pneu-
monia, it was observed that the attack
was never followed by that disease when
Chamberlain's Cough Remedy was used.
It counteracts any tendency of a cold or
La Grippe to result in that dangerous
disease. It is the best remedy in the
world for bad colds and La Grippe.
