WEBSTER'S REPLY TO HAYNE

"Mr. President, said Daniel Webster in his reply to Hayne in the United States senate, 'I shall enter on no encomium of Massachusetts—she needs none. There she is—behold her, and judge for yourselves. There is her history—the world knows it by heart. The past, at least, is secure. There is Boston, and Concord, and Lexington, and Bunker Hill; and there they will remain forever. The bones of her sons, fallen in the great struggle for independence, now lie mingled with the soil of every state, from New England to Georgia; and there they will lie forever.'"

This was unanswerable, because it was the solemn truth. In this spirit, and with like truth, the once maligned west may answer forevermore the small thrusts of sectional prejudice. Its sons were in the deadly charge at Santiago, and they fought with magnificent valor at Manila. Whether they came from the Kansas plains or the Idaho mountains, the story is the same. Nothing could withstand their impetuous courage. Through marsh and river they went, cheering, at the foe. "There is the record—the world knows it by heart."

Ex-Premier Crispi, of Italy, thinks a "general war is more probable than a general disarmament." It will be remembered that the distinguished Italian statesman has been taking a gloomy view of the European situation for a year or two past. Just after the beginning of the Spanish war in 1898 he predicted that the United States' entrance into the family of great powers would have a disturbing effect upon the political affairs of the world. He contended, in effect, that democracies were as much of a menace to the world's peace as despotisms. The indications, however, do not justify this view. A general disarmament of the European powers is decidedly improbable in the near future. So is a general European war. The relations between England and Russia are more friendly now than they have been in many years. The difficulties between France and England are being patched up. There is talk even of a rapprochement between France and Germany. All this shows that the immediate outlook in Europe is decidedly peaceful.

Tillman, of South Carolina, should not feel hurt about being called "the senator from Aguinaldo." The addition of a gold whistle and gold-tipped cane to his pitchfork would harmonize exactly with his recent prancings in the senate.

Elegant new Pullman palace sleepers between Portland and Chicago have just been placed in service via the O. R. & N., Oregon Short Line, Union Pacific and Chicago & Northwestern railways daily every day in the year. Cars are of the very latest pattern, in fact, being the most improved up-to-date sleeping cars turned out by the Pullman Company. These new palaces will leave Portland on the evening fast train of the O. R. & N. arriving at Chicago the morning of the fourth day and running through without change via Granger and Omaha. 191f

Red Hot From the Gun
Was the ball that hit G. B. Steadman of Newark, Mich., in the Civil War. It caused horrible ulcers that no treatment helped for twenty years. Then Bucklen's Arnica Salve cured him. It cures cuts, bruises, burns, boils, felons, corns, skin eruptions. Best pile cure on earth. Twenty-five cents a box. Cure guaranteed. Sold by Blakeley & Houghton, druggists.

Working Night and Day
The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, listlessness into energy, brain-fog into mental power. They're wonderful in building up the health. Only 25 cents per box. Sold by Blakeley & Houghton.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.
