## THE DEATH OF PRESIDENT FAURE

An Attack of Apoplexy Came Without  
the Slightest Warning.

## SUCCESSOR TO BE ELECTED

National Assembly of France to Meet  
at Versailles Tomorrow for the  
Purpose.

PARIS, Feb. 16.—President Faure died  
from apoplexy tonight.

It has been known for some time that  
his health was weak, but the first inti-  
mation that he was sick was given at  
half past 5 this afternoon, when a mes-  
senger was dispatched to the premier,  
M. Dupuy, announcing that the presi-  
dent was ill. M. Dupuy immediately  
repaired to the Elysee. All medical aid  
proved futile and the president died on  
the stroke of 10.

The flag on the Elysee was immedi-  
ately lowered to half-mast, and the news  
was telegraphed to all the officers and  
members of the cabinet. Gen. Zurlin-  
den, military governor of Paris, the  
grand chancellor of the Legion of Honor,  
the prefect of the Seine, the prefect of  
the police of Paris, and the presidents  
of the senate and chamber of deputies,  
promptly arrived at the Elysee. The  
report spread rapidly throughout the  
city, and large crowds soon assembled  
in the vicinity of the palace.

PARIS, Feb. 17.—Premier Dupuy has  
fixed a meeting of the national assem-  
bly, or congress, in which senators and  
deputies will unite in voting for presi-  
dent of France, for 1 o'clock tomorrow  
afternoon at Versailles.

The national assembly met this after-  
noon and adjourned out of respect for  
the dead president. All is quiet in the  
city and country.

At a meeting of the leftist senators to-  
day, M. Loubet, president of the senate  
and former premier, was unanimously  
nominated for president of France in  
succession to the late Faure. The sena-  
tors consider Loubet's election assured.

The body of the late President Faure  
will lie in state in the palace from 3 to 6  
o'clock this afternoon. The obsequies  
will take place next Thursday, in the  
cathedral of Notre Dame and interment  
will occur in the cemetery of Pere la  
Chais.

## WALLULA TO THE OCEAN

Railway Proposed Along the North Bank  
of the Columbia.

VANCOUVER, Wash., Feb. 17.—Articles  
of incorporation were filed in the county  
auditor's office today of a new railroad  
company, to be known as the Columbia  
Valley Railroad Company.

The object is to build, equip and op-  
erate a line of railroad along the north  
bank of the Columbia river from Wal-  
lula, Wash., to the mouth of the Co-  
lumbia. The capital stock is fixed at  
\$3,000,000, in shares of the par value of  
\$100.

No definite information concerning the  
proposed road could be learned today,  
beyond that contained in the incorpora-  
tion articles. The filing of these is the  
first intimation the public had that such  
a road was contemplated. It is intimated  
that prominent capitalists connected  
with one of the big transcontinental

roads are interested in the project.  
Mr. Gerlinger is the principal stock-  
holder in this company, and is president  
of the Portland, Vancouver & Yakima  
Railroad Company, of which the west-  
ern terminus is at present in this city, and  
upon which construction work has been  
commenced on a ten-mile extension in  
this county. E. L. Candy, another of  
the incorporators, is cashier of the First  
National bank, of this city, and G. W.  
Stapleton, the last of the three incorpo-  
rators, is a stock holder in and attorney  
for the Portland, Vancouver & Yakima  
Company, and a resident of Portland.

**Millions Given Away.**  
It is certainly gratifying to the public  
to know of one concern in the land who  
are not afraid to be generous to the  
needy and suffering. The proprietors  
of Dr. King's New Discovery for con-  
sumption, coughs and colds, have given  
away over ten million trial bottles of this  
great medicine; and have the satisfac-  
tion of knowing it has absolutely cured  
thousands of hopeless cases. Asthma,  
bronchitis, hoarseness and all diseases  
of the throat, chest and lungs are surely  
cured by it. Call on Blakeley & Hough-  
ton, druggists, and get a free trial bottle.  
Regular size, 50 cents and \$1. Every  
bottle guaranteed or price refunded. 3

**Hot Wave in California.**  
SAN FRANCISCO, Feb. 16.—California  
has been struck by another hot wave,  
and the state is now enjoying regular  
summer weather. Seventy degrees in  
the shade in San Francisco is unusual  
winter weather, even for California, and  
it is growing steadily warmer. The  
chances are that the warm spell will be  
followed by rain, which is greatly need-  
ed all over the state.

**How to Prevent Pneumonia.**  
You are perhaps aware that pneu-  
monia always results from a cold or from  
an attack of La Grippe. During the  
epidemic of La Grippe a few years ago  
when so many cases resulted in pneu-  
monia, it was observed that the attack  
was never followed by that disease when  
Chamberlain's Cough Remedy was used.  
It counteracts any tendency of a cold or  
La Grippe to result in that dangerous  
disease. It is the best remedy in the  
world for bad colds and La Grippe.  
Every bottle warranted. For sale by  
Blakeley & Houghton, druggists.

**Snow Still in Wallowa.**  
JOSEPH, Or., Feb. 16.—In some parts  
of the county snow is two feet deep,  
notably near the timber lines. On the  
stock ranges snow fell a week ago to a  
depth of fifteen inches. It is not known  
yet how the stock will come out. In  
most parts of the Wallowa valley proper,  
stock that are being fed are in good  
condition, but feed is getting scarce in some  
places.

Elegant new Pullman palace sleepers  
between Portland and Chicago have just  
been placed in service via the O. R. &  
N., Oregon Short Line, Union Pacific  
and Chicago & Northwestern railways  
daily every day in the year. Cars are of  
the very latest pattern, in fact being the  
most improved up-to-date sleeping cars  
turned out by the Pullman Company.  
These new palaces will leave Portland on  
the evening fast train of the O. R. & N.,  
arriving at Chicago the morning of the  
fourth day and running through with-  
out change via Granger and Omaha. 19tf

**Edison, Jr., To Wed.**  
NEW YORK, Feb. 17.—The World an-  
nounces the wedding of Thomas E. Ed-  
ison, Jr., son of the inventor, and Miss  
Marie Louise Tuohy, a member of the  
Casino opera company.

**Deafness Cannot be Cured.**  
by local applications, as they cannot  
reach the diseased portion of the ear.  
There is only one way to cure deafness  
and that is by constitutional remedies.  
Deafness is caused by an inflamed con-  
dition of the mucous lining of the Eus-

tachian Tube. When this tube is in-  
flamed you have a rumbling sound or  
imperfect hearing, and when it is en-  
tirely closed, Deafness is the result, and  
unless the inflammation can be taken  
out and this tube restored to its normal  
condition, hearing will be destroyed for-  
ever; nine cases out of ten are caused  
by catarrh, which is nothing but an in-  
flamed condition of the mucous sur-  
faces.

We will give One Hundred Dollars for  
any case of Deafness (caused by catarrh)  
that cannot be cured by Hall's Catarrh  
Cure. Send for circulars; free.

## STEAMSHIP LINE TO MANILA

Good Prospect That Puget Sound May  
Soon Be the Starting Point for a  
Line of Steamers.

TACOMA, Feb. 17.—James Ward of the  
shipping firm of Saunders & Ward, has  
returned from a visit to England, and  
announces the establishment by him-  
self and others of a steamer line between  
this port and the Hawaiian islands. The  
British steamer Manuaue will be the  
first steamer out, and will sail next  
week.

Mr. Ward is understood to be working  
on a proposition for a new line from the  
Sound to Manila and way ports in China  
and Japan. The famous Clyde Bank  
Engineering and Shipbuilding Company  
is said to be backing him in this line,  
and to have several steamers it can put  
in the trade. It is expected the trade  
will be opened soon.

**Working Night and Day**  
The busiest and mightiest little thing  
that ever was made is Dr. King's New  
Life Pills. Every pill is a sugar-coated  
globule of health, that changes weakness  
into strength, listlessness into energy,  
brain-feebleness into mental power. They're  
wonderful in building up the health.

& Houghton. 3

**Was An Oregon Boy.**  
DALLAS, Or., Feb. 16.—Chester W.  
Hubbard, who died in Manila, and was  
reported to belong to the Third artillery,  
United States army, was a volunteer of  
the Second Oregon regiment. Senator  
Simon so telegraphs from Washington,  
on the authority of the war department.  
The telegram was received tonight by  
Hubbard's father.

**La Grippe Successfully Treated.**  
"I have just recovered from the sec-  
ond attack of La Grippe this year," says  
Mr. Jas. A. Jones, publisher of the  
Leader, Mexia, Texas. "In the latter  
case I used Chamberlain's Cough Rem-  
edy, and I think with considerable suc-  
cess, only being in bed a little over two  
days against ten days for the former at-  
tack. The second attack I am satisfied  
would have been equally as bad as the  
first but for the use of this remedy as I  
had to go to bed in about six hours after  
being 'struck' with it, while in the first  
case I was able to attend to business  
about two days before getting 'down.'"  
For sale by Blakeley & Houghton.

**People Leaving Dawson.**  
VICTORIA, B. C., Feb. 16.—A. Conn,  
the pioneer mailcarrier of the Yukon, ar-  
rived here this evening by the steamer  
Tees, having made a record trip from  
Dawson, leaving there January 24. He  
arrived at Skagway February 6. He re-  
ports meeting twenty-three dog teams  
on the way in with mail. They were  
seventy-five miles below Fort Selkirk.  
He says 3000 people will come out with-  
in sixty days.

**One Minute Cough Cure.** cures.  
That is what it was made for.

## CAMPAIGN TO BE LAUNCHED

Determined to Extend the Sovereignty of  
the United States.

## SEEK REFUGE AT MANILA

Pass Through the American Lines for  
Twelve Families Requested—One  
Small Skirmish.

WASHINGTON, Feb. 17.—The admin-  
istration has determined rapidly to ex-  
tend the jurisdiction of the United States  
over the Philippine group in its en-  
tirety, acting on the theory that delay  
in this crisis is dangerous, and that an-  
archy and general paralysis of such in-  
terests as the islands support would be  
brought about through failure to prompt-  
ly replace Spanish sovereignty over the  
islands with that of the United States.

This decision involves the necessity of  
naval campaign and this will be insti-  
tuted as soon as Dewey receives rein-  
forcements in the shape of gunboats  
now on the way to Manila.

## Filipinos Seek Refuge at Manila.

MANILA, Feb. 17.—11:50 a. m.—Ex-  
Consul of United States O. F. Williams,  
is in receipt of application from a mem-  
ber of the insurgent congress, at Malo-  
los, for a pass through the American  
lines for a family of twelve persons, who  
are desirous of taking refuge in Manila.  
This is regarded as significant, as show-  
ing that the most intelligent rebels re-  
alize that their families are safe only  
within American territory.

With the exception of a few shots  
fired into a small body of rebels, who  
were attempting to destroy a railroad  
bridge near Calocan, all has been quiet  
along the line.

Last night the heat affected the men  
in the open country to some extent, but  
otherwise the health of the troops  
shows marked improvement since the  
beginning of hostilities.

## More Snow in Colorado.

ASPEN, Colo., Feb. 16.—It has been  
snowing for the past thirty-six hours  
here, and the conditions surrounding  
the camps are further complicated.  
While railroad traffic has been partly  
resumed, mountain trails to the outlying  
camps are about all blocked by immense  
slides of snow drifts to a depth of many  
feet. At Independence about a dozen  
people are still hemmed in with two  
teams, and the problem of their getting  
out is becoming more difficult every  
day. Miners at Ashcroft have not been  
heard from for a month, and their  
friends here are greatly concerned about  
their safety. The snow fall in camp  
has been the heaviest in fifteen years.  
People continue moving out from under  
the frowning peaks of the Aspen  
mountains.

## Red Hot From the Gun

Was the ball that hit G. B. Steadman  
of Newark, Mich., in the Civil War. It  
caused horrible ulcers that no treat-  
ment helped for twenty years. Then

cures cuts, bruises, burns, boils, felons,  
corns, skin eruptions. Best pile cure on  
earth. Twenty-five cents a box. Cure  
guaranteed. Sold by Blakeley & Hough-  
ton, druggists. 3
