## OREGON GOES TO THE FRONT

Our Boys are Sent to the Line of Battle—Fighting Expected.

## ONE BATTALION LEFT IN THE CITY

Cruiser Buffalo Bombarads the Insurgents Driving Them Inland—Heat Intense and Increasing.

MANILA, Feb. 19.—3 p. m.—The California volunteers abandoned the Guadalupe church at 5 o'clock this morning, which has since been set on fire, and retired to San Pedro Macati. The rebels still hold the country in the vicinity of Guadalupe, Pasig and Patero, despite the efforts of the gunboats to dislodge them from the jungles on both sides of the river.

The heat is intense, and is increasing perceptibly daily. Under present conditions, it is impossible to provide shade for the troops in different parts of the line, particularly McArthur's division. King's brigade is also exposed from San Pedro Macati to Culiculi, where it joins Owenshine's brigade.

Mr. Higgins, the manager of the Manila-Dagupan railroad, is believed to be safe at Bayambang, although no communication has been received from him since Friday. He was housed at Mr. Clark's place with his wife and family, and about six other Englishmen, some of whom are accompanied by their wives. While it is unlikely that the natives of the locality will harm them, it is feared that others from distant provinces might wreck vengeance at their expense.

In view of the fact that the enemy were concentrating on the American right, preparations were made last night to give them a warm reception in the event of attack.

General Owenshine's line, consisting originally of the North Dakota volunteers, the Fourteenth infantry, and two troops of the Fourth cavalry, stretching from the beach at Camp Dewey to Gen. King's right, was reinforced by two battalions of Oregon volunteers and three troops of the Fourth cavalry as infantry.

The Buffalo's searchlight discovering the rebels unusually active about 10 o'clock in the evening, signaled the flagship for permission to fire upon them, and, this being granted, bombarded the enemy's trenches for 20 minutes. The only effect of the fire was apparently to drive the rebels further inland.

Beyond a few ineffectual volleys from the trenches, which were returned with interest, the enemy made no demonstrations, and all is quiet along the rest of the line.

The signal corps is arranging signals with the navy for future operations on the left.

With the exception of the port of Iloilo, trade with Philippine ports is still blockaded.

### Guerrilla Tactics.

MANILA, Feb. 20, 10:10 a. m.—The enemy have apparently realized the hopelessness of attacking the American position, and are occupied chiefly by occasional sharp-shooting from the jungle, whenever feasible. Fortunately, their ignorance of the use of sights minimizes the effect of their guerrilla tactics.

(The two battalions of the Second Oregon are near the old camping ground to the southeast of Manila that was occupied by our troops before the capture of the city. They are, however, facing the other way, and General King's right and General Owenshine's left are further

## CATARRH OF THE STOMACH

A Pleasant, Simple, but Safe and Effective Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour and watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing; headaches, fickle appetite, nervousness and a general played out languid feeling.

There is often a foul taste in the mouth coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure of this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it can ferment and irritate the delicate mucus surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do, and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston the safest and best treatment is to use after each meal a tablet, composed of Diatase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drugstores under the name of Stuart's Dyspepsia Tablets, and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will certainly follow their regular use after meals.

Mr. N. J. Booher, of 2710 Dearborn street, Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membranes of the nose become inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of the stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of the stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book mailed free, on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at all drugstores.

These new palaces will leave Portland on the evening fast train of the O. R. & N. arriving at Chicago the morning of the fourth day and running through without change via Granger and Omaha. 1911

## THE VICTIM OF AN ASSAULT

Charles M. Hawley Found Unconscious and Badly Wounded on a San Francisco Street.

SAN FRANCISCO, Feb. 20.—A man believed to be Charles M. Hawley, formerly of Salt Lake, and recently a sergeant in the Utah battery, was found in an unconscious condition at Grant avenue and Geary street last night.

At the receiving hospital, where he was taken, it is feared that his skull must have been fractured or his neck broken. Papers found on the person of the injured man, among which is a marriage contract, satisfy the police as to his identity. He was evidently the victim of an assault, though the motive is unknown.

It is said that Hawley came from Denver three years ago. He had not regained consciousness early this morning.

The other party to the marriage contract found in his pocket was Alma E. Burton, a religious worker connected with the Peniel mission.

**Deafness Cannot be Cured.** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

### Mrs. B. F. Giltner Dead.

SALEM, Or., Feb. 18.—Mrs. B. F. Giltner, wife of B. F. Giltner, who has been for over 12 years recording clerk in the secretary of state's office, and sister of Senator George W. McBride and Circuit Judge T. A. McBride, of this state, died at the family home in Salem at 1:15 o'clock this afternoon. She had been an invalid for about 15 years, mainly the result of a severe fall. Her last illness was of eight weeks' duration.

Mrs. Giltner was about 49 years old. She was born in Yamhill county, and was the daughter of James H. McBride, being one of 14 children, of whom all but four are alive. She has resided in Salem about 12 years. She was married in St. Helens. Two children survive Mrs. Giltner—Edmond C. Giltner, private secretary to Senator McBride, and Miss George Giltner.

Mrs. Giltner's remains will be taken to St. Helens tomorrow morning. The funeral will take place there at noon.

### In Grippe Successfully Treated.

"I have just recovered from the second attack of La Grippe this year," says Mr. Jas. A. Jones, publisher of the Leader, Mexia, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days against ten days for the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting 'down.'"

## THEY HAVE NO HAY LEFT

The Supply of the Stockmen Only Lasted Until the Extreme Cold Snap Came to an End.

LONG CREEK, Feb. 20.—Stockmen generally throughout Grant county are congratulating themselves on their escape from the hard winter with but little loss of stock.

They are of the opinion that no more cold weather will be experienced, and, while their hay is practically all gone, they are jubilant.

During the past few days stockmen from nearly every section of the country have taken advantage of the breakup that is now on and have visited Long Creek, their supply point. Among them were owners of large cattle bands, who have determined to profit by the experience the past long winter has afforded them, and already several have purchased ranches, and in some instances lien lands, for the purpose of raising a little more hay in the future than in the past.
