Regarding the School Laws.
The following circular letter, No. 8, has been issued by J. H. Ackerman, superintendent of public instruction, and was received by Supt. Gilbert yesterday:

SALEM, Oregon, Feb. 22, 1899.
TO COUNTY SUPERINTENDENTS:

Gentlemen:—So many inquiries are coming to the office relative to the school laws made by the legislative assembly, that I have deemed it best to answer a few by a circular letter until I shall have the laws printed for general distribution, which will be done in a few days.

1. Qualifications for voters at school meetings and for school officers remain as prescribed at the special session.
2. There is no emergency clause to the "Daily Educational Bill."

3. There is an emergency clause to the "Reed Bill" which allows a school district to retain the amount on hand at the annual school meeting up to and including fifty dollars.
4. There is no change in the time of the annual school meeting.

Respectfully yours,
J. H. ACKERMAN,
Supt. Pub. Instruction.

FAURE BURIED YESTERDAY

Remains of the Late President of France Laid to Rest in the Cemetery of Pere la Chaise.

PARIS, Feb. 23.—The remains of President Faure were laid to rest in the cemetery of Pere la Chaise with military honors. President Loubet, army and government officials, members of all foreign missions, the papal nuncio and other distinguished persons took part in the procession to Notre Dame cathedral, where the ceremonies took place.

The streets along the route to the church were lined with soldiers, back of whom surged many thousand spectators. At times there were shouts of "Vive la armee," but nothing was said to Loubet.

At the conclusion of the ceremonies at the cathedral, the procession, with the remains, proceeded to the cemetery. The whole way was traversed without unpleasant incident. The military and police arrangements were admirable.

Services at Washington.

WASHINGTON, Feb. 23.—Funeral services in memory of the late President Faure, of France, were held here today, the president, cabinet, diplomatic corps and a large part of official Washington attending.

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't cure whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at Blakeley & Houghton's drug store. Every bottle guaranteed.

Union Pacific Wreck.

CHEYENNE, Wyo., Feb. 22.—The east-bound passenger, No. 2, on the Union Pacific, was wrecked at 8 o'clock tonight at Weed station, 100 miles west of Laramie. One person was killed and seven injured. Six are passengers and two employees. A wrecking crew, with physicians, has been sent out from Rawlins. The sleeper, diner and tourist chair car went into the ditch. The names of the killed and injured are not obtainable yet.

The accident is reported to have been caused by a broken rail. The engine and four cars passed over safely, but the rear cars left the track while going at a high rate of speed. Engineer Kellett, with the front end of the train, arrived at Simpson station at 11 o'clock.

How to Prevent Pneumonia.

You are perhaps aware that pneumonia always results from a cold or from an attack of La Grippe. During the epidemic of La Grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or La Grippe to result in that dangerous disease. It is the best remedy in the world for bad colds and La Grippe. Every bottle warranted. For sale by Blakeley & Houghton, druggists.

Hanged Himself.

OAKLAND, Or., Feb. 22.—J. E. Wilson, 60 years old, and a well-connected citizen of Kellogg, Or., committed suicide Tuesday night by hanging himself. No cause can be assigned for the act.

La Grippe is again epidemic. Every precaution should be taken to avoid it. Its specific cure is One Minute Cough Cure. A. J. Shepard, publisher Agricultural Journal and Advertiser, Eldon, Mo., says: "No one will be disappointed in using One Minute Cough Cure for La Grippe." Pleasant to take, quick to act. Snipes, Kinnersley Drug Co.

W. S. Geary, the piano tuner, will be in The Dalles the first week in March. Orders left at either Jacobson's or Nickelsen's will receive prompt attention. 10-td

Mr. S. A. Fackler, editor of the Micanopy (Fla.), Hooster, with his wife and children, suffered terribly from La Grippe. One Minute Cough Cure was the only remedy that helped them. It acted quickly. Thousands of others use this remedy as a specific for La Grippe, and its exhausting after effects. Never fails. Snipes-Kinnersley Drug Co.

It Furnishes a Very Remarkable Illustration of Probable Telepathic Perception.

I can vouch for the truth of the following interesting case of clairvoyance, says a London Mail writer: On August 12 a young man named Livio Cibrario, belonging to one of the most ancient families of Turin, while attempting to climb the peak of Roccamelone, in the Maritime Alps, lost his way, and on the following morning a search party found his body, terribly crushed and bruised, at the bottom of a deep crevasse.

Count Cibrario, the unfortunate young man's father, who was at Turin and knew nothing of his son's expedition to the Roccamelone, on the night of the accident aroused the rest of the family, announcing with tears that Livio was dead. He had seen him distinctly, he said, blood flowing from his battered head, and had heard these words spoken in a voice of terrible anguish:

"Father, I slipped down a precipice and broke my head, and I am dead, quite dead."

The other members of the family tried in vain to persuade the poor count that the ghastly vision was nothing but a nightmare, and the bereaved father continued in a state of anxiety bordering upon distraction till the morning, when the official confirmation of the terrible accident reached him.

This case of telegraphy, or whatever name may be given to similar phenomena, is considered all the more remarkable, as Count Cibrario is a very quiet, matter-of-fact person, and has never suffered from disorders of the nervous system or dabbled in spiritualism.

ODDITIES OF DIET.

Different Articles of Food Considered Edible by the People of Various Nations.

Among the various nations there have been great differences as to articles considered edible, and, of course, among such as could be procured. The Tartars, Marco Polo says, ate horses, camels, dogs and drank mares' milk. The Scythians also, according to Herodotus, drank mares' milk. In China birds' nests, rats and snails are eaten. The edible birds' nests are found in the Nicobar, a cluster of islands in the Bay of Bengal. These nests, built by the Nicobar swallows, form one of the principal exports of the islands. The Greenlanders depend largely on seals. The ancient Germans, according to Tacitus, ate wild apples, flesh and cheese. In Abyssinia the natives eat steak from the live cow, according to Bruce, and ate the meat warm with the natural heat, says Lippincott's.

Among the Egyptians near Elephantine the crocodile was an article of food. The Egyptians thought wheat and barley poor food; they ate principally spell and zea. The priests ate beef, geese, and took wine, but not fish. The Egyptians did not eat beans or raise them. They did not eat the head of any creature. They ate honey and raisins. Among them no cattle were killed except for sacrifice. They ate sheep and goats, and swine's flesh only when offered to Bacchus and Luna. They had no vines, but made a liquor from barley. They ate fish fresh and salted, or dried in the sun; also quail and ducks.

EXPENSIVE POPULARITY.

An Indiana Singer Who Resides in Chicago Has a Costly Promise to Fulfill.

One of the best known singers of Chicago came from a city of 25,000 population in Indiana, says the Chicago Journal.

He had lived in the Hoosier town until after he was of age, and was a great social as well as church favorite. His tenor voice was soft and tender, and no funeral of any prominent citizen was held without his presence. Often, when he made calls, the older women of the city would make him promise that he would sing at their funerals. He always promised.

The tenor came to Chicago five years ago, and by hard study made his way to the front.

But now his promises are beginning to count.

About once every two months he gets a telegram announcing the death of some old friend in the Indiana city—one at whose funeral he promised to sing.

So the tenor packs his valise and goes. So far he has always paid his own expenses, but he hopes some day that some wealthy resident of the Hoosier place will remember him in a last will and testament.

Sailors' Love of Animals.

An incident illustrating the sailors' attachment for animals recently was reported in the London Times. The item was as follows: "As Commander Lewis Blackburn, of the cruiser Blenheim, was leaving the bulk Royal Adelaide, in Chatham dock yards, on the night of November 24, a gazelle which he had recently brought from abroad ran to meet him, and while fondly rubbing against him fell overboard. Commander Blackburn, who was in full uniform, promptly plunged into the basin, although the risk was great, the night being intensely dark and there being chains between the Adelaide and other ships. Shouting for lights to be brought, he kept himself and the gazelle afloat until both were rescued."

Horrible agony is caused by Piles, burns and skin diseases. These are immediately relieved and quickly cured by De Witt's Witch Hazel Salve. Beware of worthless imitations. Snipes-Kinnersley Drug Co.
