The Dalles, January 10, 1899.

WAYSIDE GLEANINGS.

Tickets for the concert at the Baldwin opera house now for sale at Blakeley & Houghton's.

The ladies will be interested in the sale of white goods and embroideries offered by Pease & Mays this week. See their ad.

This morning Mays & Crowe received a shipment of three carloads of wagons. Another car is expected tomorrow. Goods for the new building have already begun to arrive.

Yesterday at a meeting of the Methodist Sunday school board it was decided to change the hour for holding Sunday school from 12:20 to 10 in the morning, beginning next Sunday.

Pease & Mays are well known as bargain offerers, but a discount of 40 per cent, as announced by them to clean up the stock of men's shoes bought of John C. Hertz, eclipses all former efforts in this line.

The smile on the countenances of passers-by as they notice the new cross-walks being built in different portions of the city, is very perceptible. Workmen are engaged in laying walks on Fourth street at present.

Ladies who have been waiting for A. M. Williams & Co.'s new silk waists, will be glad to learn that an express shipment of them arrived this morning. They are now on display in suit department—upper floor.

Tomorrow morning the boats of the D. P. & A. N. Co. will begin daily service between this city and Portland, the Dalles City making the trip tomorrow and the Regulator starting in Wednesday and making alternate trips from now on.

Don't glance over the local page and then throw down the paper saying there's nothing in it. That may be true; but look on the fourth page and see for sure that you're telling the truth. That will be proof positive of

the assertion.

W. H. Hillgen is in from Grass Valley today. He says the farmers in his vicinity are all busy plowing, and everything seems lively. When he left Saturday there was a question as to whether it was snowing or raining. Rain would be very acceptable in that locality.

R. C. Judson will arrive in the city tomorrow, when arrangements will be completed for the Farmers' Institute. The meeting will convene at 10 o'clock Wednesday morning in the court room, and on Thursday night the last meeting will be held. There will be something interesting for all, ladies as well as gentlemen.

F. L. Houghton received a badge this morning from E. E. Mallory, secretary of the American Cooked Hat Association, which is to be presented to Miss Alma Schanno, who held the highest score of the lady bowlers here in the recent tournament, and second highest of any competitors in the state. The pin is of a beautiful design, and will be prized by the owner.

Mr. S. N. Steele will leave for The Dalles this morning, where he will join the "A. L. P. S." quartette, which was so well and favorably known to the citizens of Albany. Messrs. Akers, Lundell and Poling are now residents of Eastern Oregon, and after urging Mr. Steele for several weeks, he finally consented to join them for a series of entertainments during the next two weeks. The first entertainment will be given in The Dalles March 1st, and surrounding towns will be visited. The Baker City lodge, B. P. O. E. is making an effort to secure the quartette for an evening. The "A. L. P. S." gave many high class concerts in the upper valley and the people of Eastern Oregon can rest assured that they will hear the best male quartette on the road when they listen to the "A. L. P. S."—Albany Herald.

Gilbert Kelly, the little son of Thos. Kelly, had a narrow escape from receiving a fatal injury yesterday. Having been allowed to accompany a companion to the depot with his father, he, with a crowd of boys, found his way to Peters' lumber yard, where they were having a good time playing on the lumber. One of the boys jumped from the pile, causing the lumber to slip and Gilbert fell underneath it. Being unable to lift the load off the little fellow, the boys called for help, when two railroad men extricated him and carried him home. His face was found to be badly bruised, and a deep gash cut in the left side of his head. Dr. Doane was called and took several stitches in the cut, and he is now able to be around. 'Twas a lucky

thing for Gilbert that he was not hurt internally.

One of the largest audiences ever assembled in the Congregational church of this city, greeted the pastor and the A. L. P. S. quartet last evening. After the opening services the quartet, composed of Messrs. Akers, Lundell, Poling and Steele, rendered "Let the Lower Lights Be Burning" in a most pleasing and effective manner. The gentlemen composing the quartet have delighted audiences in different towns in the Willamette valley many times during the past few years and the effort of their work together is very apparent. Seldom have the people of The Dalles had an opportunity to hear better male voices. Their singing last evening will insure for them a large attendance at the concert. The sermon by Rev. Poling upon the subject of "True Manhood" was a most impressive one and was listened to with careful attention by the large audience.

It will be some satisfaction to those interested in fruit-raising, (in fact to all of us) to learn that Wasco county has suffered less from the late winter frosts than any county yet heard from. The damage seems to be confined to certain localities, and depends mostly on the altitude, the fruit on the lowlands suffering more than that on the hillsides, and the further west you go in this county the greater the loss. An exception to this rule was, however, found when upon examining some sample branches from Grants, Mr. Schanno found them in good condition; while a lot sent by Mr. Root at Mosier, proved badly injured. The orchards along Mill creek have suffered much more than those on Dry Hollow and 3-Mile. The situation seems to baffle many. For instance, Mr. Anderson, of Chenoweth creek, claims that his fruit has come out in fairly good shape, while A. Y. Marsh and G. W. Halvor, but a short distance below his place, report much of theirs in a hopeless condition. And so reports are conflicting. However, Mr. Schanno still contends that we are to have a good fruit crop, outside of apricots and a portion of the peach crop, all other fruit surviving.

In Olden Times People overlooked the importance of permanently beneficial effects and were satisfied with the transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well informed people will not buy other laxatives, which act for a time, but finally injure the system. Buy the genuine, made by the California Fig Syrup Co.

Use Clarke & Falk's Floral Lotine for sunburn and wind chafing.

FISHING IN THE COLUMBIA.

Close Season Begins Wednesday—Some Features of the New Law.

According to the law passed by the late legislature the close fishing season begins Wednesday and lasts until April 15th, on which latter date the spring salmon season opens. Any person found fishing between March 1st and April 15th will be arrested.

Among other things the law provides that it shall be unlawful for any person to take, catch or fish for salmon or sturgeon in any of the waters of this state, unless said person be a citizen of the United States, or has declared his intention to become such, and has been a bona fide resident of the state of Oregon for the period of six months; provided that a license issued by the state of Washington, such state having concurrent jurisdiction on the Columbia with this state, shall be deemed valid as to gillnets, and as to gillnet fishermen, for use on the Columbia river, as though issued by the fish commissioner of this state.

Thus in making applications for licenses, fishermen must send with such application an affidavit as to the citizenship qualification. It might be well at this time to call the attention of fishermen to the requirements of the law as to licenses. First, there is a personal tax of \$1, which every fisherman is required to pay. Then, the person owning the boat and gear is required to pay \$2.50 a year. Setnets must pay \$1; poundnets, traps and weirs, \$15; scow fish-wheels, \$15, and stationary fish-wheels, \$15. Cannermen must pay a license of \$100 a year, for those who pack not to exceed 10,000 cases annually, to \$450, for those who pack 40,000 cases or more. Every cannery in operation must procure the license, no matter whether more than one cannery is owned by the company or not. Cold-storage and retail dealers are taxed from \$10, for those handling ten to twenty tons of fish a year, to \$750 for those handling over 1000 tons. Persons who engage in the business the coming year, and who were not engaged last year, will be listed in the ninth class and shall be required to pay \$250.

All licenses must be taken out between now and April 15th. After the latter date persons engaging in fishing and having failed to procure licenses shall be regarded as criminals and punished as such.

After April 15th all persons found fishing without a license will be arrested and deprived of their gear, as provided by law.

Nickel-in-the-Slot Bill.

Regarding this bill, which was filed by the governor Friday, and the purpose of which is to suppress nickel-in-the-slot machines, or similar devices, the Salem Statesman says:

"This bill is expected to abolish the nickel-in-the-slot machines, but its opponents insist that it was not legally passed by the legislature, and while it will be on the statute books, and will have the effect of driving many of the offending machines out of business, it will not stand in law. Their assertions are based upon the manner of the passage of the bill by the house. The bill, after passing the senate, was sent to the house on February 7th, where, after being read twice, it was referred to the committee on printing, of which Mr. Curtis, of Clatsop county, was chairman. On the morning of February 17th, during the closing hours of the legislative session, a report was called for, but none was forthcoming, the members of the committee being unable to produce the bill, as Chairman Curtis had it in his possession, and he had gone to Astoria.

"The members favoring the measure clamored for the production of the bill, and in order to satisfy the house, it is reported, one member of the committee produced a printed copy of the bill, secured the endorsements on the back of it to correspond as nearly as possible to those supposed to be on the missing document, and handed this so-called duplicate in as the report of the committee and this bill was passed by the house as the original bill. It was afterwards found, so it is asserted by those in a position to know, that typographical errors in the bill made the bill passed by the house read different from the original document, and it, therefore, was not a duplicate, but a substitute or amended measure, and as such should have been returned to the senate for concurrence.

"This was not done, but the bill was signed and forwarded to the executive office, and since the bill has received the governor's signature, and has an emergency clause, it is now in effect, and if not in fact, it is to all intents and purposes a good and valid law, and will remain so unless contested in the courts.

The stock of men's shoes formerly carried by John C. Hertz, are offered by Pease & Mays at a discount of 40 per cent.

Wanted.

A girl or middle aged lady to do general house work. No children and no washing. Inquire at this office. 25-1w
