Billy Mason says the Philippines will yet have their Lafayette. Billy himself should volunteer for the part. He could fill it as well as Aguinaldo does that of Washington.

Every rumor and each movement in the Philippines accentuates the importance of a Nicaragua canal. This congress will be lax in its duty if it adjourns without providing for the commencement of this work.

The California legislature recently passed an anti-cartoon law. If it would pass an anti politician law and give the newspapers power to enforce it the people would be relieved of a heavy burden, and there would not be so many foolish laws and so many useless offices created and filled at the expense of the producing, consuming people.

The total rail shipments of lumber and shingles from Washington for 1898 amounted to 30,123 cars; lumber 10,400 cars, and shingles 19,663 cars. A little speculation as to these figures will prove of passing interest. Taking the combined shipments of lumber and shingles by rail only, coupled together as one solid train, the cars containing this lumber and shingle output for the year 1898 would prevent a train 228 miles long. The shingles alone would make a train 149 miles long.—Seattle Post Intelligencer.

The Cuban Assembly is not going to reject that proposal for a \$3,000,000 loan by the United States, where by the insurgent armies may be paid. That body is not strictly representative, but it has enough to see that the offer is prompted by benevolent motives on the part of the United States, and that its acceptance will aid materially in the prompt rehabilitation of affairs on the island. Gomez is in favor of the proposition, and his views on this question, are likely to have great weight with the thoughtful people of Cuba. The payment and disbandment of the insurgent armies will help to build up the shattered industries in Cuba by restoring confidence and putting all the able-bodied men at work, and it will raise up thousands of friends for the Americans among the people of the island.

Those who suppose the Filipinos are going to wage a guerilla war of many years mistake the character of those people. They did not wage any such war against Spain. They were beaten in a few fights by the Spaniards, and they subsided for a time, and started a new rebellion whenever they thought the time favorable. Spain had no such trouble with the Filipinos as she had with the Cubans. The Filipino rebellion was ended several months before the war between Spain and the United States began. Probably if the United States had not attacked Spain the rebellion which Spain suppressed in 1897 would stay suppressed for many years. It was the rebellion in Cuba, and the drain which that conflict made upon Spain's resources, which incited the Filipinos to rise in the first place. The United States will have no such trouble on its hand as Spain had when the Malays rose. The Filipino rebellion against the United States is not likely to be either long or formidable.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute," will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Insist vigorously upon having it if "something else" is offered you. Snipes-Kinersly Drug Co.

\$200.00 Given Away.
Separate B-e-a-u-t-i-f-u-l-F-l-o-w-e-r-s and use the letters to form as many words as you can, using the letters backwards or forwards, but don't use any letter in the same word more times than it appears in "Beautiful Flowers." It is said forty small English words can be spelled correctly from these letters. For example—tea, feet, at, etc. The Hamil Seed Company will pay Two Hundred Dollars in cash to the person sending them forty words formed as above. If you are good at word-making and can form forty words write your name and address plainly on your list and inclose the same with fifteen two-cent stamps for ten packets of Beautiful Seeds of ten popular and different varieties.

Our object in giving this Two Hundred Dollars is to attract attention to and introduce our seeds in the U. S. This offer will be carefully and conscientiously carried out and it should not be classed with catch-penny affairs. We will spend a large amount of money to start our trade and want your trial order; you will receive the greatest value in seeds ever offered. If two or more persons succeed in forming forty words the \$200 will be divided pro-rata. Many extra special prizes of value will be awarded to persons sending twenty-five words or more who will assist in introducing our seeds and specialties.

Satisfaction is absolutely guaranteed or money refunded for the asking. Send your list as early as possible. Address Hamil Seed Co., 955 Warren Ave., Chicago, Ill.
