

**THE EXCELLENCE OF SYRUP OF FIGS** is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not grip nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

**CALIFORNIA FIG SYRUP CO.**  
SAN FRANCISCO, CAL.  
LOUISVILLE, KY. NEW YORK, N. Y.

**\$200.00 Given Away.**

Separate B-e-a-u-t-i-f-u-l E-l-o-w-e-r-s and use the letters to form as many words as you can, using the letters backwards or forwards, but don't use any letter in the same word more times than it appears in "Beautiful Flowers." It is said forty small English words can be spelled correctly from these letters. For example—tea, feet, at, etc. The Hamill Seed Company will pay Two Hundred Dollars in cash to the person sending them forty words formed as above. If you are good at word-making and can form forty words write your name and address plainly on your list and inclose the same with fifteen two-cent stamps for ten packets of Beautiful Seeds of ten popular and different varieties.

Our object in giving this Two Hundred Dollars is to attract attention to and introduce our seeds in the U. S. This offer will be carefully and conscientiously carried out and it should not be classed with catch-penny affairs. We will spend a large amount of money to start our trade and want your trial order; you will receive the greatest value in seeds ever offered. If two or more persons succeed in forming forty words the \$200 will be divided pro-rata. Many extra special prizes of value will be awarded to persons sending twenty-five words or more who will assist in introducing our seeds and specialties.

Satisfaction is absolutely guaranteed or money refunded for the asking. Send your list as early as possible. Address Hamill Seed Co., 955 Warren Ave., Chicago, Ill.

**Glorious News.**

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years.

Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion and builds up the strength. Only 50 cents. Sold by Blakeley & Houghton, Druggists. Guaranteed.

**Deafness Cannot be Cured,** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. 6-10

**Piano Tuning.**

**UPPER REGIONS OF THE AIR.**

Unexplored Space Is Very Much More Interesting Than the North Pole.

Above us there extends a vast unexplored space far more interesting from a scientific point of view than the icy regions around the north pole. No one can reach the limit of the upper regions of the air and live, unless he carries with him air to breathe and fuel to warm him; for at the paltry distance of ten miles above the earth the air is too thin to support respiration, and the thermometer would register far below zero. It would be a region of perpetual snow on a peak of the earth if it should rise to such a height. A person in a balloon could not hear a friend in a neighboring balloon, even if they were near enough to shake hands. There would be no medium for the propagation of sound waves. There would, however, still be a medium in fact of great conductivity—almost as good as a metal; and it is this medium at even a less height which Tesla proposes to use in his methods of transmitting power hundreds of miles through the air without wires.

We live under a blanket of air which protects us from the extreme cold of outer space. This low temperature becomes evident 14,000 or 15,000 feet above the surface of the earth, and would, as I have said, reach a point far below zero at a height of ten miles. At this height we should no longer observe the twinkling of the stars; for this scintillation is due to the movements of our atmosphere, which at the height I have mentioned would be extremely rarefied. If one could photograph the sun's spectrum at this altitude we could greatly extend our knowledge of the shortest wave lengths of light; for the atmosphere completely absorbs such wave lengths as are concerned in the X-ray phenomena. That this absorption really takes place can be proved in a laboratory.

The heat and light which we receive from the sun are thus greatly modified by this blanketing layer of air. The long waves of the energy from the sun are called heat waves. The intermediate waves are termed light waves; and we receive these in full measure. The very short waves, however, are stopped by our atmosphere and are transformed into—what?—Forum.

**His Yearn.**

Seldom Fedd—I'd like to have a reputation as an after-dinner speaker. Soiled Spooner—What for? "In order to be a successful after-dinner speaker I'd have to speak after dinner, wouldn't I?"—Puck.

**The Appetite of a Goat**
