THEY SHELLED THE REBELS

Skirmish With Filipinos at the Village of Guadalupe.

ENEMY TOOK TO THE JUNGLE

The Native Loss Was Heavy, the Americans' Loss Was One Killed and Two Wounded.

MANILA, March 4.—11:55 A. M.—At daylight General Wheaton's outpost discovered a large body of rebels attempting to cross the river for the purpose of reinforcing the enemy at Guadalupe. A gunboat advanced under a heavy fire, poured shot into the jungle on both sides of the river, and shelled the enemy's position at Guadalupe effectively, temporarily scattering the rebels. The enemy's loss was heavy.

6:05 P. M.—The rebels in the village of San Jose fired on the United States gunboat Bennington today, and the warship shelled that place and other suburbs of Malabon this afternoon.

The United States transport Senator has arrived here with reinforcements of troops.

Admiral George Dewey raised his flag as admiral on board the Olympia this morning, and was saluted by the guns of the British cruiser Narcissus, the German cruiser Kaiserin Augusta, and the American warships in port.

MANILA, March 5, 10:15 A. M.—General Otis, accompanied by his aids, Captain Murray and Lieutenant Slade, this morning paid a formal visit to the members of the United States Philippine commission, which arrived here yesterday afternoon from Hong Kong on board the Baltimore.

A house on the Ermita water front has been prepared for the residence of the commission. Colonel Charles Denby, the only one of the commissioners who has not arrived yet, is expected on the next steamer from Hong Kong.

The vessel which arrived here yesterday and was reported as the transport Ohio, turns out to be the gunboat Manila. The error was caused by a dense fog.

The troops brought by the transport Senator are still on board that vessel.

A permanent cable has been established between Manila and Cavite.

COMMANDS EUROPEAN SQUADRON

Schley's Flagship Is the Brooklyn and His First Duty Will Be to Carry Lord Herschell's Body to England.

NEW YORK, March 4.—A special to the Journal and Advertiser from Washington says: Rear-Admiral Schley has been directed by the president to accompany the body of Lord Herschell to England. This fact has not been given out officially by the government, but it is officially announced that the Brooklyn will bear the body of the eminent Englishman back to his native country, and the vessel has been detached from the Havana station and ordered to Hampton Roads to prepare for the trip.

It had been previously announced that Rear-Admiral Schley was to leave the Porto Rican commission, and would receive a new sea command. It was known that the vessel he would command was the cruiser Brooklyn, but

until tonight the nature of the service he was to render had not become apparent.

After he has taken the body of the lord aboard, the rear-admiral will, it is asserted, take command of the European squadron, a most agreeable detail. The squadron will begin making up this month, and it is thought that the Brooklyn will have returned from her mission to England in time to be placed at the head of the fleet by the end of the month.

HEART DISEASE.

SOME FACTS REGARDING THE RAPID INCREASE OF HEART TROUBLE.

Do Not Be Alarmed, But Look For the Cause.

Heart troubles, at least among the Americans, are certainly increasing, and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

Real organic disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nerves, the Sympathetic and Pneumogastric.

In another way, also the heart is affected by the form of poor digestion, which causes gas and fermentation from half digested food. There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, making it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can be done by the regular use after meals of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores, and which contain valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Full sized package of these tablets sold by druggists at 50 cents. Little book on stomach troubles mailed free, Address F. A. Stuart, Co., Marshall, Mich.

La Grippe Successfully Treated.

"I have just recovered from the second attack of La Grippe this year," says Mr. Jas. A. Jones, publisher of the Leader, Mexia, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days against ten days for the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting 'down.'" How to Prevent Pneumonia.

You are perhaps aware that pneumonia always results from a cold or from an attack of La Grippe. During the epidemic of La Grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or La Grippe to result in that dangerous disease. It is the best remedy in the world for bad colds and La Grippe. Every bottle warranted. For sale by Blakeley & Houghton, druggists.

William Wilson Dead.

UNION, Or., March 4.—William Wilson, one of the earliest settlers of Eastern Oregon, died at his residence in this city last night.

\$2.50 Spring Hats

FOR

\$1.50.

The racket is on. More noise to-day than we have had around the place for weeks. The last few days the carpenter's saw and hammer was doing it all. This week it's "Hat-noise;" every body is talking hats; every other man wants to see "those hats" he's read so much about. Every man who sees them isn't satisfied until he's wearing one.

Same with the boys. If you notice our windows you'll see in there

Hats for Boys at 25c and 50c

that would look equally as well as a 75c or \$1.00 hat. "But, then, we must have some fun." See that you get your share, too.
