

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

\$200.00 Given Away.

Separate B-e-a-u-t-i-f-u-l-F-l-o-w-e-r-s and use the letters to form as many words as you can, using the letters backwards or forwards, but don't use any letter in the same word more times than it appears in "Beautiful Flowers." It is said forty small English words can be spelled correctly from these letters. For example—tea, feet, at, etc. The Hamill Seed Company will pay Two Hundred Dollars in cash to the person sending them forty words formed as above. If you are good at word-making and can form forty words write your name and address plainly on your list and inclose the same with fifteen two-cent stamps for ten packets of Beautiful Seeds of ten popular and different varieties.

Our object in giving this Two Hundred Dollars is to attract attention to and introduce our seeds in the U. S. This offer will be carefully and conscientiously carried out and it should not be classed with catch-penny affairs. We will spend a large amount of money to start our trade and want your trial order; you will receive the greatest value in seeds ever offered. If two or more persons succeed in forming forty words the \$200 will be divided pro-rata. Many extra special prizes of value will be awarded to persons sending twenty-five words or more who will assist in introducing our seeds and specialties.

Satisfaction is absolutely guaranteed or money refunded for the asking. Send your list as early as possible. Address Hamill Seed Co., 955 Warren Ave., Chicago, Ill.

Deafness Cannot be Cured. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an in-

flamed condition of the mucous surface.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

GIRLS BUILD HOUSES

Minnesota Maidens Rebuild Their Burned Home.

Aided by Their Brother, the Two Brave Girls Do the Work of Men to Provide Their Widowed Mother with Shelter.

A novel and interesting scene was witnessed last fall at East St. Cloud, Minn., a thriving little town, situated about 60 miles north of Minneapolis, on the Mississippi river. A poor woman lost her home by fire. The home was not insured. The family consisted of a son about 20 years of age and two daughters. The son worked a part of the time at odd jobs and one of the girls contributed also to the support of her mother, but the income was small. How to rebuild the home under these circumstances was a serious question. After some thought and consideration the son arranged for sufficient money to purchase lumber and other material, and with the aid of some friends, who helped him at odd times, he began the work of rebuilding the home. But as he worked practically single-handed and alone he made slow progress, and it soon became evident, especially to his sisters, that the home could not be finished for occupancy before cold weather unless help was employed. About this time a brilliant idea suggested itself to one of the sisters. "What's the matter," said she, "with you and I aiding Jim in his work on the home. I can help mornings before I go to work and in the evening after I return, and you can work during the whole of the day, and you can, in many ways, do the work of a man. There are lots of things we can do, such as holding boards in their place while they are nailed on, and in lathing and in a dozen different ways." The plan was suggested to the brother and to the mother that night, but the brother would not listen to it for a moment. The girls were pretty, and not without admirable graces. The brother was proud of them, and he could not countenance anything of the kind. But the more the girls thought of it the more determined they were to have a hand in rebuilding the home, and the next morning they began work, appropriately clad for the undertaking, bright and early, and no arguments or even threats served to alter their determination.

During the first few days the novelty of the scene attracted considerable attention, but in time the novelty wore off and the good work went forward in a most satisfactory manner to all concerned. The rougher work was looked after by the brother, with the occasional help of a neighbor or some curious person who chanced to visit the scene of operations.

The girls occupied their time most faithfully in nailing on the siding, in lathing and in doing the many necessary things to be done in and about the building, guided and directed by the brother, who had had some experience in carpenter work and in the building of small houses. The girls did not confine themselves to the carpenter work alone. They assisted in the brick work, the chimney and in plastering, and they did practically all of the painting, both inside and out, and before the cold weather appeared had the satisfaction of seeing the house completed and occupied.

The neighbors say that, owing to the good taste displayed by the sisters, it is the prettiest and coziest little cottage in the town.—American Builder.

Hourly Visiting by Trained Nurses.

A comparatively recent departure in trained nursing is what is called hourly visiting. Until within a year or two it was not possible to secure the services of a trained nurse except by the day or week. Nevertheless, there were very many times when a trained nurse was needed for special duties, such as attendance at operations, attending to dressings, bandaging, bathing and various other duties. To meet these needs the trained nurses in Chicago and other cities arranged several years ago to go for so much an hour. The plan worked well there, and was finally adopted by trained nurses in this city. For cases requiring about six hours the fee is four dollars, for an attendance of one hour one dollar, for each successive hour or fraction thereof 50 cents. The nurse can do a great deal in an hour, and the patients who are unable to have her services constantly have found the new arrangement a great convenience.—N. Y. Sun.
