

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

John Fender, an energetic resident of White Salmon, is in the city today on business. He is accompanied by his wife, who will return home tomorrow. Mr. Fender will remain a few days being delightfully entertained by the dentist.

\$200.00 Given Away.

Separate B-e-a-u-t-i-f-u-l-F-l-o-w-e-r-s and use the letters to form as many words as you can, using the letters backwards or forwards, but don't use any letter in the same word more times than it appears in "Beautiful Flowers." It is said forty small English words can be spelled correctly from these letters. For example—tea, feet, at, etc. The Hamill Seed Company will pay Two Hundred Dollars in cash to the person sending them forty words formed as above. If you are good at word-making and can form forty words write your name and address plainly on your list and inclose the same with fifteen two-cent stamps for ten packets of Beautiful Seeds of ten popular and different varieties.
Our object in giving this Two Hundred Dollars is to attract attention to and introduce our seeds in the U. S. This offer will be carefully and conscientiously carried out and it should not be classed with catch-penny affairs. We will spend a large amount of money to start our trade and want your trial order; you will receive the greatest value in seeds ever offered. If two or more persons succeed in forming forty words the \$200 will be divided pro-rata. Many extra special prizes of value will be awarded to persons sending twenty-five words or more who will assist in introducing our seeds and specialties.
Satisfaction is absolutely guaranteed or money refunded for the asking. Send your list as early as possible. Address Hamill Seed Co., 955 Warren Ave., Chicago, Ill.

Wood—Wood—Wood.
We can furnish you with strictly first class, dry, fir wood at the same prices which you have been paying for inferior quality. Send us your orders and get the best. Phone 25.

A HOSPITAL REMINISCENCE.

It Turned Out That Corp. Finn Was Not So Dead as He Was Supposed to Be.

"There was a case of sickness came under my care," says Dr. Doherty, in Demorest's Magazine, "that had a very bright ending. It was that of Corporal Finn, of the Ninth Massachusetts. He had been reported dead and buried in Santiago, but, as a matter of fact, he was alive at Montauk and doing well in the hands of one of my associates.
"I was in my tent one afternoon when a young man came forward politely and asked me if I could give him the details of his brother's death; the name, he said, was Corporal Finn.
"Why," said I, "Corporal Finn is not dead at all."
"I beg your pardon," he answered, "but Corporal Finn certainly is dead. I simply wish to get the facts about him for our family."
"I don't see how he can be dead," said I, "when I saw him drinking a bottle of ginger ale not half an hour ago."
"That could not have been my brother, madam, for my brother died at Santiago. The newspapers printed it."
"Come with me, and you can judge for yourself," I said, and led him to my ward.
"And we had hardly passed into the tent when a voice called out: 'Hello, Jack,' and there was the corporal sitting up against his pillow, as pleased as could be to see his brother. And the brother promptly fainted away. We had a lively time with him for an hour or so, but it was all right finally, and in a couple of days they started home together."

A MEDDLING PHONOGRAPHER.

How the Nolsy Machine Spoiled a Profitable Sale for a Philadelphia Jeweler.

The board of health is the recipient of many queer complaints, but the one it received the other day from a disgusted and nervously prostrated jeweler of Eighth street is entitled to prominence in a class by itself, says the Philadelphia Record.
It seems that the jewelry store is located next door to a phonograph establishment that has for the purpose of attracting passers-by a phonograph going all day long. All kinds of tunes and alleged witty sayings are squeaked forth from early in the morning until late at night in peculiarly penetrating and nerve destroying tones. At first the machine efforts at wit amused the jeweler, and he used to laugh heartily at the comicallities, but these were repeated with such deadly persistence that they began to pall, and from being amused the tradesman grew into a negative desperado.
One day the climax was reached when a customer, who looked like "ready money," came in to buy a diamond ring. For some reason the machine next door was quiet for awhile, and the jeweler was just on the point of closing a highly profitable sale when the shrill voice of the phonograph began to sing "Get Your Money's Worth." The amazed customer hesitated, and finally told the jeweler he would call another day. This incident was the last straw, and the board of health will look into the matter.

OUR PRESIDENTS.

The Outlay on Our Chief Executive is Much Less Than That in Any Other Nation.

It costs the people of the United States \$114,865 a year for a chief executive. His salary is \$50,000 and "found," as our western neighbors say. The president's finding is rather comprehensive, covering about every possible requirement of a family. His private secretary, the clerks, doorkeepers, messengers and steward and three other servants cost us \$35,865 a year. Then there is a contingent fund of \$8,000 a year which the president may use according to his discretion.
In furniture and repairs to the white house the sum of \$16,000 more, to be used by the direction of the president, is provided by the nation, and is always expended. For fuel alone \$3,000 is allowed, and for necessary repairs to the greenhouse there is \$4,000.
Altogether the presidential "finding" annually amounts to the snug sum of \$64,865, nearly \$15,000 a year more than his salary. The two aggregate \$114,865. This is an imposing aggregate, but it is small compared with other presidents. The president of the French Republic receives as salary \$120,000 a year, \$32,480 for contingent purposes and a handsome house, rent free. So we get our president rather cheaply, after all.

Unfortunate Misapprehension.

A story of Lord Russell of Killowen, as told by himself the other day, shows how risky a thing it may be, after all, for a prisoner to speak in his own defense. One such, who seemed to be really making out his innocence, the lord chief justice, who had missed a mumbled word, interrupted with the question: "What did you say? What was your last sentence?" "Three months, my lord," said the crestfallen prisoner-pleader. It is hardly necessary to add that the lord chief justice forgot his admission, or remembered it only in the prisoner's favor, when that particular sentence had to be passed. -L

Sagacious Army Dogs.

The German army dogs are so trained that when they find a dead body they set up a prolonged howling. If no one comes they take the dead man's cap or some small article, and with this in their teeth go on a hunt for their trainer, whom they lead to the spot. If the man is wounded he gives his cap to the dog, and the same object is accomplished.

Deafness Cannot be Cured.

By local applications, as they cannot reach the diseased portion of the ear there is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.
