

STORM KING HOLDS SWAY

Snow, High Winds and Floods in Many Atlantic Coast and Southern States.

COLD WAVE ON THE WAY

Snow and Wind Storms Have Created Fresh Havoc in Georgia—Many Buildings Unroofed and Fruit Crops Ruined.

WASHINGTON, March 7.—A blizzard-like storm began at 3 o'clock this morning, several inches of snow falling and causing much delay in traffic. The weather bureau says the storm is central this morning off the New Jersey coast, and had rapidly assumed the proportions of a genuine blizzard. By tomorrow the cold wave will cover the Atlantic coast states.

Snow Storm in Alabama.

ATLANTA, Ga., March 7.—Heavy rains and a cold wave have been followed by high winds and snow in many parts of the state. At Monroe several business buildings were unroofed and a number of dwelling houses blown down. Rome and Quitman, Ga., were visited by heavy snow storms, and farmers report the complete destruction of crops.

Livestock was killed near Opelika, Ala., and all fruit which was not killed by the cold wave three weeks ago, was lost last night.

NEW YORK, March 7.—A fierce snow storm set in about 4 a. m., and continued unabated until 11 a. m., when about five inches of snow had fallen. Considerable obstruction to travel is experienced.

CLEVELAND, O., March 7.—It has snowed almost continuously since early Sunday morning.

PHILADELPHIA, March 7.—Snow began falling here shortly before 4 o'clock this morning, and at 11 o'clock continues to fall rapidly.

Heavy Damage by Flood.

CHARLESTON, W. Va., March 7.—The night was one of discomfort and actual suffering. The slow falling of the water aided by the low temperature, made the situation a gloomy one. Many business men were compelled to use boats to seek provisions and fuel. Even the governor was forced to use a boat to go from the executive mansion to the state house. The loss to the timber men up Elk river will be heavy.

LEXINGTON, Ky., March 7.—Almost unprecedented losses followed the breaking of booms from high water in the Kentucky river. It is estimated that \$1,000,000 worth of logs have been lost in this way at Jackson, Beattyville, Valley View and other points.

CINCINNATI, March 7.—Notwithstanding the low temperature and high winds of last night, the Ohio river continues steadily rising. A considerable portion of Newport is flooded.

Danger Point Reached.

LOUISVILLE, Ky., March 7.—The Ohio river is rising here at the rate of two inches an hour, and reports from above are that all tributaries are pouring undiminished volumes of water into it. The danger point has been reached here and houses on the levee have been entered by the water. All the streams in the state are swelling and most of

them are beyond their banks. Great damage is being done to crops and farm buildings.

HEART DISEASE.

SOME FACTS REGARDING THE RAPID INCREASE OF HEART TROUBLE.

Do Not Be Alarmed, But Look For the Cause.

Heart troubles, at least among the Americans, are certainly increasing, and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

Real organic disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nerves, the Sympathetic and Pneumogastric.

In another way, also the heart is affected by the form of poor digestion, which causes gas and fermentation from half digested food. There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, making it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can be done by the regular use after meals of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores, and which contain valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Full sized package of these tablets sold by druggists at 50 cents. Little book on stomach troubles mailed free, Address F. A. Stuart, Co., Marshall, Mich.

KIPLING TO BE MADE A PEER

His Elevation Has Been Decided on and Will Take Place on January 1, 1900.

NEW YORK, March 7.—Kipling's condition continues to improve.

Kipling, it is reported, will be elevated to the peerage January 1, 1900. Dr. Neil McPatten, of Edinburgh, Scotland, who is staying at the Windsor hotel, says he has received the news from Sir Walter Besant. He adds that the report is common gossip in literary circles of London.

How to Prevent Pneumonia.

You are perhaps aware that pneumonia always results from a cold or from an attack of La Grippe. During the epidemic of La Grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or La Grippe to result in that dangerous disease. It is the best remedy in the world for bad colds and La Grippe. Every bottle warranted. OREGON STILL IN THE BATTLE

Aided by the Nebraskans They Drive the Enemy From Their Position.

FIVE AMERICANS ARE WOUNDED

That the Loss Was Not Greater Was Due Solely to the Bad Marksmanship of the Filipinos, as Their Fire Was Heavy.

NEW YORK, March 7.—A dispatch to the Herald from Manila says: After the insurgents had been driven off last night from in front of Mariquina they came back 500 strong and cut off a company of the Nebraska volunteers.

This morning General Hale sent out three companies of the Nebraska regiment and two companies of the Second Oregon to dislodge them. The enemy, who were holding a strong position among the rocks, fired several volleys at the advancing Americans, but the latter, by a flank movement, drove the Filipinos over the hills.

No sooner was this fight well under way than the insurgents to the south of the water works, knowing that the forces there had been weakened by sending troops to Mariquina, attacked the water works in the rear. Their object was to cut off the pumping station, but they did not succeed. Their fire was heavy and our small loss was due solely to the bad marksmanship of the Filipinos. The enemy's dead numbered twenty. Returns now in show five Americans wounded.

The insurgents are placing guns in position at various points.

The opinion of all the prominent men in Manila is that the military force of the insurgent anarchy must be broken before a stable government can be established in the islands.

Be Fooled the Surgeons.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the surest Pile cure on Earth, and the best Salve in the World. 25 cents a box. Dyea Asks to Be Made a British Port.

VICTORIA, B. C., March 7.—A petition addressed to the British high commissioners has been circulated and largely signed in the little town of Dyea, Alaska, asking that the commissioners accept the town from the Americans, as proposed in dispatches from Washington some time ago, and make it a British port. The idea is to get the trade of the Klondike and Atlin districts, which are in British territory.

The Appetite of a Goat

DeWitt's... Risers,

\$2.50 Spring Hats

FOR

\$1.50.

The racket is on. More noise today than we have had around the place for weeks. The last few days the carpenter's saw and hammer was doing it all. This week it's "Hat-noise;" every body is talking hats; every other man wants to see "those hats" he's read so much about. Every man who sees them isn't satisfied until he's wearing one.

Same with the boys. If you notice our windows you'll see in there

that would look equally as well as a 75c or \$1.00 hat. "But, then, we must have some fun." See that you get your share, too.

A. M. WILLIAMS & CO.

WILL NOT IN- CREASE THE ARMY

On the Contrary the President Proposes to Muster Out as Rapidly as Possible.

CHICAGO, March 7.—A special to the Times-Herald from Washington says: President McKinley has decided not to avail himself of the authority granted by the compromise bill to organize a provisional army of 35,000 volunteers.

After consulting with officials of the war department, the president has decided that in view of the present favorable outlook in Cuba and the prospect of the complete suppression of the Philippine insurrection at an early day, it will not be necessary, after the present volunteer forces have been mustered out, to have more than the 65,000 men allowed for the regular army until July 1, 1901.

It is also his purpose to expedite the withdrawal of volunteers from Cuba and the Philippines as rapidly as possible and muster them out of the service. All volunteers are to be brought home as soon as enough regulars can be sent out to take their places.

The president will have authority under the law to appoint volunteer staff officers in sufficient number for the 65,000 regulars. If subsequent developments show the necessity for more men the president will then exercise his power to enlist all or part of the 35,000.
