FILIPINOS SUFFER A BAD DEFEAT

Three Thousand Moved Down on the Towns and Were Driven Out.

REBELS LOSSES VERY HEAVY

Four Hundred Rebel Prisoners Were Taken, of Whom the Washington Regiment Captured Three Hundred and Fifty.

WASHINGTON, March 15.—The following dispatch from General Otis has been received:

"Manila, March 15.—Three thousand insurgents moved down last night to the towns of Pasig and Pateros on the shore of Laguna de Bay, fronting Wheaton's troops of the Pasig river line. By heavy fighting Wheaton has dislodged and driven them back, taking 400 prisoners and inflicting heavy losses in killed and wounded. He reports his losses only moderate. He now occupies these towns with sufficient force to hold them. Otis."

MANILA, March 15, 4:45 p. m.—General Wheaton, commanding the United States flying column, attacked and defeated a force of 2000 Filipinos at Pasig this afternoon, inflicting heavy losses upon them. The Americans captured 350 Filipinos. Many bodies of rebels killed in the engagement are floating down the river. The American loss was slight.

6:55 p. m.—Private Fornoff, of the Twentieth infantry was killed today. Private Newman of the Twentieth infantry and Privates Carroll, Marshall, Coombs and Rogers, of the Twenty-Second infantry were wounded.

About 350 Filipinos surrendered at the town of Taguig to the Washington volunteers, and 175 Filipinos were captured at Pasig by the Twentieth infantry. Our troops found 106 dead Filipinos and 100 new graves near Pasig. The prisoners were unarmed, and therefore it is presumed they executed their threats of throwing their arms into the river.

LONDON, March 16.—The Evening News this afternoon publishes the following from Manila: General Wheaton has completely routed the Filipinos, and has occupied Pasig, Taguig and Pateros. Several hundred of the enemy were killed and as many were captured. General Otis says this the greatest victory since February 5th. The Americans will now press toward Agunaldo's headquarters.

Among the casualty list are found the following names:

Second Oregon—Company B, Private Walter Ervin, foot (moderate).
First Washington—Company E, Private Van Buskirk, killed.
Second Oregon—Wounded—Company D, Private Alfred O. Carden, chest (severe); Company F, W. D. B. Dodson, slightly; Company E, Charles J. Olson, foot (severe).

SHEEP OF KLIKKITAT

There Will Not Be a Wether for Sale This Spring.

GOLDENDALE, March 14.—"Jack" Lee, a typical shepherd, who has been a

trusty shepherd over Klickitat flocks for nearly twenty years arrived in Goldendale last evening from the Horse Heaven ranges. The veteran shepherd says there will not be a wether for sale this year from Klickitat flocks, east of Rock creek. He says that the buyers gathered in all the marketable wethers in that section last fall. He says sheep went through the winter in good shape, but the feeding period was longer than he ever knew in Klickitat. The 2000 head under his care were given daily about two tons of rye hay with a half-ton of barley. The older sheep were given the most attention as to the grain feed. And it was only up to last week he killed on an average of one coyote a day. Further he says it is one of the most aggravating scenes he ever witnessed to see a number of coyotes skulking about watching a band of starving horses, and the instant one would get down and could not get up, a coyote would quickly have the helpless animal's blood flowing from the jugular vein, and in a few hours the dead animal would be utterly devoured. The old herder has great feeling for the poor, starving horses, and says he dispatched a number of the devils that were pursuing the horses.

La Grippe Successfully Treated.
"I have just recovered from the second attack of La Grippe this year," says Mr. Jas. A. Jones, publisher of the Leader, Mexia, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days against ten days for the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting 'down.'" Tension is Severe.
HAVANA, March 15.—The report of the resignation of Civil Governor Mora is untrue. A certain nervous tension and uneasy restlessness, especially during the evening, is noticeable in the vicinity of Central Park, where they congregate and talk politics. The police do not allow groups to assemble, and are dispersing them. Another Gomez manifestation has been planned for this afternoon, and it is said that the Cuban officers will organize a manifestation in favor of the Cuban military assembly, which, if it takes place, will probably lead to a clash between the opposing factions. In fact, some people declare such a conflict cannot be avoided. General Gomez conferred with General Brooke from about noon today. The Junta Patriotica dissolved, passing resolutions of adherence to Gomez.

How to Prevent Pneumonia.
You are perhaps aware that pneumonia always results from a cold or from an attack of La Grippe. During the epidemic of La Grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or La Grippe to result in that dangerous disease. It is the best remedy in the world for bad colds and La Grippe. Every bottle warranted. HEART DISEASE.

SOME FACTS REGARDING THE RAPID INCREASE OF HEART TROUBLE.

Do Not Be Alarmed, But Look For the Cause.

Heart troubles, at least among the Americans, are certainly increasing, and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion. Real organic disease is incurable; but not one case in a hundred of heart trouble is organic. The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nerves, the Sympathetic and Pneumogastric.

In another way, also the heart is affected by the form of poor digestion, which causes gas fermentation from half digested food. There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, making it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food. This can be done by the regular use after meals of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores, and which contain valuable, harmless digestive elements in a pleasant, convenient form. It is safe to say that the regular persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Full sized package of these tablets sold by druggists at 50 cents. Little book on stomach troubles mailed free. Address F. A. Stuart, Co., Marshall, Mich.

Drought is Broken.
SAN FRANCISCO, March 15.—The drought which has threatened the loss of millions of dollars to the state has been broken by a rain storm which promises to continue for several days. Nearly an inch has already been distributed over the Sacramento valley. Reports show that both grain and fruit crops are in excellent condition throughout the big valley.

Only a trace of rain has fallen in the southern coast counties but there, as elsewhere, indications point to a big rain storm, where it is needed more than in any other part of the state.

SAN FRANCISCO, March 15.—It has been raining here steadily for the past 24 hours, and the storm has become general throughout the state.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute," will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Insist vigorously upon having it if "something else" is offered you. Snipes-Kinersly Drug Co.

MAY DISSOLVE CUBAN ASSEMBLY

Brooks Instructed to Treat With Gomez as Representing the Cubans.

TROUBLE FEARED AT HAVANA

Supporters of Gomez and the Assembly Have Each Arranged for Demonstrations to be Given and a Clash Seems Unavoidable.

CHICAGO, March 15.—A special to the Times-Herald from Washington says: Discretionary authority has been given to Major-General Brooke, governor-general of Cuba, to dissolve the Cuban assembly. From the tone of General Brooke's dispatches, officials expect that he will immediately avail himself of the authority invested in him.

Such action will be the first interference of the government of the United States with the persons styling themselves the representatives of the Cuban people, and if it occurs it will be entirely due to the illegal and unjustifiable acts of those persons.

Furthermore, Gen. Brooke will recognize General Gomez as the representative of the Cuban people until such time as the national assembly of Cuba shall be organized. He will be consulted on all points relative to the welfare of Cuba, and General Brooke will continue to show him the deference due his position as the recognized leader of the Cubans.

Before the discovery of One Minute Cough Cure, ministers were greatly disturbed by coughing congregations. No excuse for it now. Snipes-Kinersly Drug Co.
