

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only.

Eczema! The Only Cure. Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution.

S.S.S. For The Blood is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach.

McNary spent his boyhood days on the Washington side of the river, before it received the proud distinction of being termed Grand Dalles.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised 'Electric Bitters'; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Blakeley & Houghton's drug store.

Crops Are Saved.

SAN FRANCISCO, March 16—There is hardly a section of California that has not been visited by rain within the past two hours, and in most places it has been raining almost constantly for forty eight hours. This rainfall will prove the savior of the state this year, as, had rain not fallen at this most opportune time there would have been the second dry season, but now crops are saved. The rivers will furnish plenty of water for the miners and business generally will be good.
