HAS CAPTURED MARILAO

Advance From Meyoanayan Was Made Against Heavy Resistance.

DEFEATED AT NORTHERN LINE

Enemy Driven Back Leaving One Hundred Dead on the Field and Many Prisoners—Two Killed and Ten Wounded Among Oregon Boys.

WASHINGTON, March 27.—The following dispatch from General Otis reached Washington at 8:55 this morning:

Manila, March 27.—Mac Arthur's brigade holds Marilao. There were severe fighting today and our casualties number about forty.

The insurgents have destroyed the bridges, which impeded the progress of our train and artillery.

Our troops met the concentrated insurgent forces on the northern line commanded by Aguinaldo in person, and drove them back with considerable slaughter. They left nearly one hundred dead on the field, and many prisoners and small arms were captured.

The column will press on in the morning. OTIS.

It is supposed that this dispatch was sent this (Monday) evening.

MANILA, March 29.—3:25 p. m.—General MacArthur's division spent the night and morning at Meyoanayan, the next station beyond Polo. After reconnoitering his front, he pushed along the railroad toward Malolos.

If the statement of the thirty-five prisoners captured today is true, the main body of the enemy has retreated to Malolos. There are no more trenches to encounter, although over thirty villages, including the larger settlements of Bulacan and Guaduinto, intervene.

The Washington regiment had an exciting experience today, and displayed much gallantry. The soldiers found a band of insurgents concealed in a stone house over which the French flag was flying. A private approached to set fire to the building. He did so, and the troops approached while it was burning, and the Filipinos had apparently fled, but they were greeted with a sudden volley from the balcony of the house, resulting in the building being cleared of the enemy in short order.

The American forces advanced from Meyoanayan, the brigade commanded by General Otis being on the left of the railroad and General Hale's on the right. They eventually discerned white roofs and steeples among the green trees beyond the river, looking not unlike a Massachusetts village. The rebels had the formidable river in front of them and pouring in fire so effectively that it showed they were veterans, probably members of the native militia, which the Spaniards organized.

The American artillery put a dramatic end to the battle. Approaching under cover of the bushes to about sixty yards from the trenches, the artillery emerged upon an open space commanding the town. When the Americans appeared they gave a great yell, and the Filipinos were panic stricken, about one hundred seeking safety in flight, while a white flag was raised by those who were entrenched, who also shouted "Amegos" (friends).

Colonel Funston, with twenty men of the Kansas regiment, swam across the river to the left of the railroad bridge and captured eighty prisoners, with all

their arms. The Pennsylvania regiment captured forty prisoners. By this time the right of the Filipinos was demoralized.

4 p. m.—A thousand Filipinos, composing the rear guard of the rebel army, which is retreating on Malolos, Aguinaldo's headquarters, made a stand today in some strong entrenchments about Marilao, across the Marilao river. In the engagement, six Americans were killed, including three officers, and forty were wounded.

7:40 p. m.—The Americans refrained from burning the town, and are resting there tonight. Otis' brigade is crossing the framework of the bridge, Hale's brigade remaining on the south bank of the river.

The United States Philippines commission proposes to issue a proclamation immediately after the rebel government at Malolos is dispersed, believing the most effective moment to secure the allegiance of the natives will be after they have received an object lesson of America's power.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Homecoming of Oregon Boys.

PENDLETON, March 26.—Mrs. Shull, mother of Dean Shull, one of the members of company D, Second Oregon volunteers, has written to Secretary of War R. A. Alger, asking him to state positively when the Oregon regiment will be sent home from Manila. She has received a personal letter from the secretary, in which he says that as soon as the regulars who are now on their way to the Philippines arrive and disembark, the Oregon boys, with all the volunteers, will be sent home as fast as the transports can bring them.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by Blakeley and Houghton, druggists. 6

For a quick remedy and one that is perfectly safe for children let us recommend One Minute Cough Cure. It is excellent for croup, hoarseness, tickling in the throat and coughs. Snipes-Kinersly Drug Co.

KILLED WHILE SHE SLEPT

Dr. Charles Corey, of Tacoma, Shot His Wife Twice.

TACOMA, Wash., March 26.—Dr. Charles Corey shot and killed his wife this morning while the two were lying asleep. Corey was ill, and his story of the affair is that he was laboring under a nightmare, believing his wife was being pursued by a stranger who was intent on killing her. In his dream Corey says he followed the two from Tacoma to Washington, and just as he fancied the man was about to stab his wife, he fired twice with his revolver. He awoke with a start to find himself sitting in bed with a smoking revolver in hand. His wife lay beside him, shot twice through the head. Corey had drawn his revolver from its place under his pillow and killed his wife. The relations between Corey and his wife have been very affectionate, and the authorities believe his story. He is nearly crazed with grief, and friends are watching him to prevent his suicide.

Mrs. Corey was a leader in social club circles. She was afraid of a revolver, and frequently suggested a fear that she would be killed by one. Corey was not arrested.

Remarkable Rescue.

Mrs. Michael Cartain, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued to use and after taking six bottles found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottle of this Great Discovery at Blakeley & Houghton's drug store. Only 50 cents and \$1. Every bottle guaranteed. 6

MARCHED TWO ROBBERS TO JAIL

Pendleton Man Makes Good Use of a Shotgun.

PENDLETON, March 26.—John H. Pree, a farmer living at Lee's crossing of Birch creek, came marching into town yesterday carrying a loaded shotgun, and driving ahead of him two hobos. Pree was at work in the field near his house, when he saw the two hobos leave the house with some plunder and, hurrying to the dwelling, found that he was short about \$20 in cash, besides several articles of value. He took down his old shotgun, loaded it carefully with buckshot, and went in pursuit of the thieves. Overhauling them, as they trudged along the road with his property rolled up in their blankets, he ordered them to right about face, and, without stopping, kept them marching until he reached Pendleton, eight miles away.

NEGROS' GOVERNMENT ORGANIZED

The Transport Indiana Has Arrived With Reinforcement.

SITUATION IS SATISFACTORY

Rising of the Hill Tribes Recently Reported Was of No Political Significance.

NEW YORK, March 27.—A dispatch to the Herald from Ilo Ilo, island of Panay, says: The transport Indiana has arrived here with reinforcements for Negros island, where the situation is still satisfactory. The rising of the hill tribes was of no political significance.

The committee of natives, with Colonel Smith, the American governor, presiding, proceeded with the work of drafting a constitution as the basis of the document.

It has been formally proposed to raise the island's revenue entirely from exports instead of by the present method of levying upon land values and cedula personae, thus relieving the laboring class as far as possible. The natives desire the immediate introduction of the English system of education.

A gentleman who has had excellent opportunities for studying the political situation advocates a separate government for each of the islands, with a representative assembly at Manila for general control, under the supervision of an American governor-general, who shall be free from interference from Washington, except in regard to international questions.

The deputies for the island of Negros will meet on April 3 to discuss the draft of the constitution.

Ensign Everhart, captain of the port of Ilo Ilo, recently re-established light-houses in the neighborhood of Panay, Guimaras island. Insurgents from Concepcion island of Panay, acting under the orders of General Probiador, twice raided Calabazas lighthouse, carrying off the lamp and appurtenances.

Volcanic Eruptions

Are grand, but skin eruptions rob life of joy. NORTHERN FUR COMPANIES.

They Were Founded Chiefly by Englishmen, But the Scotch Are in the Majority Now.

Latterly all the employes of the Hudson Bay company were caught young; only lads born in the solitudes of the highlands could habituate themselves to the life of loneliness; only constitutions of iron, hardened under hereditary conditions, could endure so tremendous a strain. It was essential that the brain power of the factors should be unimpaired, and that their energies should rise superior to the depressing surroundings—in fact, that the man must be all there when a sudden call was made on his mental resources, says Mackwood's Magazine.

It may be assumed that the first adventurers consisted chiefly of Englishmen, although the Scottish invasion of England had seen in with the accession of King James. But it is certain that afterward, both with the Hudson Bay company and its great Canadian rival the names of factors, traders and prominent partisans, with scarcely an exception, were Scottish. The story of trade and discovery in the northwest reads like a muster roll of the clans, and mainly of the northern clans of the second order. There are MacTavishes, MacGillivrays, McKays, McLellans, McDougalls, with Frasers and Stuarts and the French Frobishers. A McKenzie, a Fraser and a Thompson gave their names to as many mighty rivers. That came in the natural course of things. The company found its best recruiting grounds in the highlands, and enlisted the martial spirit of the mountaineers for a country where local feuds were forgotten.
