THE DALLES, OREGON, WEDNESDAY, MARCH 29, 1899

NO 304

IN FRONT OF BULACAN

An Attack on the City of 25,000 Inhabitants to be Made.

AMERICANS MEET NO OPPOSITION

Rebels Making Efforts to Reinforce Their Garrisons at Bulacan and Gunganto—Intense Heat Made the Advance Difficult.

MANILA, March 28.—11 a. m.—General MacArthur's division advanced nearly two miles without encountering opposition this morning. On approaching Bulacan, a town of 25,000 people, it halted, preparatory to attacking it.

The heat is intense, being ninety degrees on the coast, and fully 100 degrees in the interior. It made the Americans suffer a great deal. In spite of the heat, however, everyone was eager to proceed toward the enemy.

A detachment of ninety-six Filipino prisoners was escorted into Manila today. Their appearance aroused great interest. The rebels have unloaded about 500 men from a train, half a mile in front of General MacArthur's forces, with the object of reinforcing the Filipino garrison at Bulacan and Gunganto, on either side of the railroad leading to Malolos.

NEW YORK, March 28.—Dispatches from Manila to the Journal today report that General MacArthur's division, after a short rest in the captured city of Marilao, took up the advance from that place toward Malolos at 9:30 this morning. The immediate objective point was the town of Bocove, five miles north of Marilao.

The Filipino prisoners taken yesterday according to the Journal dispatches, have informed the Americans that Aguinaldo would make a last grand stand at Malolos, and if he was defeated he would make no further resistance, but quit the revolution.

Report of the Fighting of Yesterday.

WASHINGTON, March 28.—The following dispatch has been received from General Otis:

Manila, March 28.—Severe fighting occurred yesterday afternoon beyond Marilao. A brilliant charge was made by the South Dakota regiment, led by Frost, against the famed troops of Aguinaldo, brought from Malolos. He repulsed the enemy with slaughter. Adjutant Lien and Lieutenants Adams and Morrison and four enlisted men of the regiment were killed, and Lieutenant McClelland and twenty-two enlisted men were wounded. The loss yesterday was mostly confined to this regiment.

Partial destruction of the railroad, which is being rapidly repaired, impedes MacArthur's progress. Supply relay trains have now reached Marilao, and MacArthur is pushing on. Our small gunboats are in Bulacan river, where great execution was done yesterday. They will relieve pressure on MacArthur's front materially. The troops are in excellent condition and spirits.

A proclamation, signed by Luna, general-in-chief of the insurgent forces, directs that all towns abandoned be burned in consequence thereof—the country north is in flames.

The above dispatch was received in Washington at 2:40 a. m., March 28. It is observed that it refers only to the fighting of yesterday, nothing being said of the operations of today.

Another dispatch from General Otis announces that the Third infantry,

ROYAL BAKING POWDER CO., NEW YORK.

has taken the place of the Twenty-third infantry, which was at the front. Two battalions of the Twenty-third were brigaded with the Oregon volunteers and have seen severe fighting. The Twenty-third has been recalled to Manila.

Adjutant-General Corbin has received the following dispatch: Manila, March 28.—The following is from Ilo Ilo:

"All is quiet here. Negroes are developing the internal government under Smith's supervision. Reports are very encouraging."

THE OLD WAY

Of Treating Dyspepsia and Indigestion by Dieting a Dangerous and Useless One.

We say the old way, but really it is a very common one at the present time and many dyspeptics and physicians as well, consider the first step to take in attempting to cure indigestion is to diet, either by selecting certain foods and rejecting others or to greatly diminish the quantity usually taken, in other words, the starvation plan is by many supposed to be the first essential.

The almost certain failure of the starvation cure for dyspepsia has been proven time and again, but still the moment dyspepsia makes its appearance a course of dieting is at once advised.

All this is radically wrong. It is foolish and unscientific to recommend dieting or starvation to a man suffering from dyspepsia, because indigestion itself starves every organ and every nerve and every fibre in the body.

What the dyspeptic wants is abundant nutrition, which means plenty of good, wholesome, well cooked food and something to assist the weak stomach to digest it. This is exactly the purpose for which Stuart's Dyspepsia Tablets are adapted and this is the method by which they cure the worst cases of dyspepsia, in other words the patient eats plenty of wholesome food and Stuart's Dyspepsia Tablets digest it for him. In this way the system is nourished and the overworked stomach rested, because the tablets will digest the food whether the stomach works or not. One of these tablets will digest 3,000 grains of meat or eggs.

Your druggist will tell you that Stuart's Dyspepsia Tablets is the purest and safest remedy for stomach troubles and every trial makes one more friend for this excellent preparation. Sold at 50cts, for full sized package at all drug stores.

A Centenarian's Journey.

St. JOSEPH, Mo., March 27.—John J. Overton, who will be 103 years old his next birthday, departed today, unattended, to visit a son at Boise, Cal. He is in vigorous health, and looked with disdain upon a suggestion that he take a sleeper. He will tour the Western states before returning. A year ago he married a widow of 76. She recently became insane. He had buried three former wives.

Wages Restored.
PITTSFIELD, N. J., March 27.—The reduction made in the wages at Pittsfield cotton mills in January, 1898, was restored today, when a new price list went into effect. The increase averages about ten per cent, and affects 800 hands.

Lawrence, Mass., March 27.—The promised restoration at the Pacific worsted and cotton mills in this city went into effect today, about 5000 employes being affected. It is understood that the increase is about ten per cent.

At the Atlantic mills the restoration also went into effect today. This company employs about 1200 persons.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Engaged by Mail.

SEATTLE, March 27.—A romantic marriage was celebrated here last night, the chief actors in which were Mrs. Irma Knight, a wealthy widow, formerly of Galveston, Texas, and later of Redwood City, Cal., and J. C. Depree, a lawyer of this city. They met for the first time about twelve hours before the ceremony, when Mrs. Knight arrived from San Francisco. Dupree had handled Mrs. Knight's legal business in this city, and they became engaged by mail, agreeing to marry if they were satisfied with each other's personal appearance when they met. Both are middle-aged.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute," will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Insist vigorously upon having it if "something else" is offered you. Snipes-Kinersly Drug Co.

NOT TO BE SENT HOME

Will Keep the Volunteers at the Philippines Until Fighting is Over.

CORBIN HAS SO ANNOUNCED

Plan Decided on as a Good Way to Recognize the Volunteers' Gallant Service—Adjutant-General Declares the Boys Have No Wish to Quit Before the End of War.

CHICAGO, March 28.—A special dispatch to the record from Washington says: Adjutant-General Corbin says nothing has occurred in the history of the country to endear the volunteer troops to the regular organization as their conduct at Manila during the present movement on Malolos. Not only have they shown excellent discipline, but they have eagerly sought duty on the firing line, and have never faltered in an advance on the enemy. There has been no shirking in their regiments and no complaint when called upon to bear the brunt of an assault.

Their record from the moment they embarked to the present time has been excellent, and the reports received at the war department, General Corbin says, indicate that any attempt at sending them home for master's out before the campaign is completed would excite a riot. They desire to remain as long as there is any fighting to be done, and the department, in recognition of their excellent service, will not order them home until the military problem in the Philippines is solved, or the volunteers formally request to be released.

Remarkable Rescue.

Mrs. Michael Cartain, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued to use and after taking six bottles found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottle of this Great Discovery at Blakeley & Houghton's drug store. Only 50 cents and \$1. Every bottle guaranteed. 6

Arrives With Spanish Filibuster.

MANILA, March 28.—7:10 p. m.—The United States gunboat Yorktown has arrived here with the Spanish steamer Mondars, owned by the Mendezona Company of this place. The steamer was captured after a stiff chase in the gulf of Lingayen, 245 miles north of here. When she was first sighted the Mondars was entering the gulf, but she headed seaward. The Yorktown fired two shots before the steamer was overhauled.

Story of a Slave.

Te be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by Blakeley and Houghton, druggists. 6
