## ADVANCE ON MALOLOS RESUMED

MacArthur's Division Encountered Strong Opposition.

## REBELS FORCED STEADILY BACK

Four Volunteers Were Killed and Thirty-five Wounded as a Result of the Insurgent Fire—Heavy Fighting Imminent.

MANILA, March 29.—7:30 p. m.—At daylight MacArthur's division advanced from Marilao along the railroad to Bigaa, five miles distant, with the Nebraska, South Dakota and Pennsylvania regiments on the right and Kansas and Montana regiments and the Third artillery on the left. Wheaton's brigade is in reserve.

The American forces met strong opposition in the jungle. First one Nebraska, then one Pennsylvania, and afterward two men of the Montana regiment were killed. Thirty-five were wounded, including one officer of the Kansas regiment.

The rebels burned the villages as they retreated in bad order toward Malolos. The enemy also tore up sections of the railroad in many places, and attempted to burn the bridge at Bigaa, but the fire was extinguished owing to the timely arrival of the Americans.

The rebels had not finished the trenches along the line of today's march showing they were not prepared for our advance. It is believed, however, that there is to be hard fighting before Malolos is taken.

Resumption of American Advance. WASHINGTON, March 29.—The following from Otis has reached the war department:

Manila, March 29.—MacArthur advanced yesterday only to the outskirts of Marilao, as it took until late in the afternoon to repair the road and railroad bridges and send cars through with supplies. The march was resumed at 6 o'clock this morning, the troops moving rapidly on Bocaue, from where they will continue to Bigaa, seven miles from Malolos.

The enemy had destroyed the railway and telegraph line. A construction train is following our forces. The enemy's resistance is not so vigorous today. Our loss thus far is slight. The towns in front of our advance are being destroyed by fire. The troops are in excellent spirits. OTIS.

MANILA, March 29.—Noon.—The American army advanced at 6 o'clock this morning sweeping onward three miles beyond Bocaue, to the east of Bulacan, and on the railroad leading to Malolos. The troops met with but slight resistance.

The Philippine fired volleys yesterday evening for the purpose of drawing the American fire and disclosing the locality of the American positions. Two men of the Pennsylvania regiment and one man belonging to the Dakota regiment were wounded. The Americans remained silent.

The country around Marilao and Manila presents a picture of desolation. Smoke is curling from hundreds of ash heaps, and the remains of trees and fences torn by shrapnel are to be seen everywhere. The general appearance of the country is as if it had been swept by a cyclone. The roads are strewn with furniture and clothing dropped in their flight by the Filipinos.

In the shallows of rivers or resting in the jungle, where they crawled to die or were left in the wake of the hurriedly retreating army. These bodies give forth a horrible odor, but there is no time at present to bury them. The inhabitants who fled from Marilao and Mojaywayan left in such a panic that on the tables our soldiers found spread money and valuables, and in the rooms were trunks containing other property of value. This was the case of most of the houses deserted. They were not molested by our soldiers, but Chinese, who slipped between the armies, are looting when they can, and have taken possession of several houses, over which they have raised Chinese flags, some of which were torn down.

#### Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

#### Floods in California.

STOCKTON, Cal., March 28.—Reports from many sections of the San Joaquin valley show that the flood caused by the late heavy rains is increasing instead of receding, as it was anticipated it would. Water is still pouring in on the lowlands but in some places the area covered is not increasing, owing to the depth of the pockets. In some places the water is so deep that the owners do not expect to have their land drained before July, too late for planting a second crop. There are many small streams in this section, and it is these that are causing the most trouble, the larger ones being generally high banked. In some places the floods will be beneficial. It is estimated that the flooded area covers nearly 30,000 acres.

#### Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued to use and after taking six bottles found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottle of this Great Discovery at Blakeley & Houghton's drug store. Only 50 cents and \$1. Every bottle guaranteed. 6

#### President Returns to Washington.

WASHINGTON, March 28.—President McKinley this afternoon returned to Washington after an outing of two weeks and a day. The special train bearing the president and the members of the party who have been with him throughout the trip pulled into Pennsylvania depot here at exactly 5 o'clock this afternoon. Owing to a lack of definite knowledge of the exact hour of the return, there were only a few people gathered at the depot to witness the arrival. The train was shifted to a sidetrack outside the depot, where Acting Secretary of War Meikjohn, Adjutant-General Corbin,

Secretary Porter and Mrs. Smith were waiting, and carriages were in readiness. The party entered the carriages and drove to their homes, Mr. and Mrs. McKinley being driven direct to the White House.

#### Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by Blakeley and Houghton, druggists. 6

#### Philippines Offered to England.

LONDON, March 29.—The Birmingham Post today publishes a report "emanating from usually very well informed source," to the effect that the United States at the beginning of February proposed to Sir Julian Pauncefote that Great Britain take over the Philippine islands upon certain conditions. It is added that this feeling has altered greatly since the heavy fighting, although it is said beyond doubt the United States would at one time have been very glad to exchange or otherwise disburden themselves of the permanent charge of the islands.

Elegant new Pullman palace sleepers between Portland and Chicago have just been placed in service via the O. R. & N., Oregon Short Line, Union Pacific and Chicago & Northwestern railways daily every day in the year. Cars are of the very latest pattern, in fact being the most improved up-to-date sleeping cars turned out by the Pullman Company. These new palaces will leave Portland on the evening fast train of the O. R. & N., arriving at Chicago the morning of the fourth day and running through without change via Granger and Omaha. 191f

#### Fear a Flood.

LA GRANDE, March 28.—With the advent of the warm weather and the fact that there is still a large amount of snow in the mountains, which will probably go off with the first rain, there is great danger of a flood of the Grande Ronde river. A committee of the city will tomorrow examine the levees along the city front, with a view to strengthening them and preventing damage to city streets and property.

#### Bismarck's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at Blakeley & Houghton's drug store. 2

#### Aged One Hundred and Eighteen.

INDIANAPOLIS, March 28.—Michael Shea died in this city tonight at the advanced age of 118 years. He was born in Ireland in 1781, and was a friend of Daniel O'Connell. He was married when he was 58 years old, and has children over 60 years of age.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute," will "answer the purpose," or is "just as good" as One Minute Cough Cure. ## RED CROSS WORK ENLARGED

National Society to be Reorganized for This Purpose.

## PLAN IS BEING FORMULATED

Headquarters is to be Established at Washington in a Building to be Erected Especially for the Society.

NEW YORK, March 29.—The Herald says that plans are afoot to reorganize the National Red Cross Society, with a view greatly increasing its scope.

Primarily, it is intended to establish permanent headquarters of the National Red Cross Society in Washington. The proposed plan contemplates the erection of a building at Washington to be devoted solely to the uses of the society.

The proposed plan does not contemplate extending the work of reorganization at present to Cuba, Hawaii or the Philippine islands. In the United States, the country will be divided into departments as they now exist. Each department will be administered by a chief, who will have control of the territory under his charge, and who will in turn be responsible to the executive committee of the board of directors. It will be the duty of each chief to so organize his department that local Red Cross societies will be within his jurisdiction. These societies will be responsible to him.

The plan does not contemplate that any person connected with the society shall receive pay for services, except the chief of staff at Washington, and the clerical and similar labor which will be absolutely necessary to employ.

#### Stockholders Meeting.

Notice is hereby given that there will be an annual meeting of the stockholders of The Dalles, Portland & Astoria Navigation Co. at their office Saturday, April 1, 1899, at p. m., for the purpose of electing seven directors, and transacting such other business as may properly come before said meeting. By order of the president.
