

ONE OREGON BOY KILLED

Otis' Last List Tells of Nine Other Oregonians Wounded.

CAPTAIN WELLS AMONG WOUNDED

Number of Casualties Reported Among the Other Volunteer Regiments At the Front.

WASHINGTON, March 30.—With the American forces within three and a half miles of the insurgent capital, interest in the military movements north of Manila, has about reached the culminating point. It was stated at the war department that the march of three and a half miles might take all of today, in view of the successive lines of entrenchments and strong earthworks which it is believed the rebels have thrown up immediately around the city. In that event the storming of the city itself would not begin until tomorrow. Adjutant-General Corbin was of the opinion that the attack would begin today.

Major Simpson, of the military information bureau, had made a final readjustment of the American position, showing just how the approach to the insurgent capital will be executed. It shows the brigade of Hale stretched on the right, and that of Otis on the left. Each brigade in this advance is made up of seasoned volunteers with four batteries of the Third artillery, these being the only regulars. But just back of them and midway between the two advance brigades is the strong force of Wheaton, which has been kept from the arduous work of the last few days and held as a sort of battering ram. It is made up mainly of regulars and Twenty-second infantry and Third infantry, as well as one regiment of volunteers, the Second Oregon, which has seen some of the hardest fighting of the war. It is said this reserve force will be heard from when the main assault begins.

Yesterday's Advance.

New York, March 30.—A dispatch to the Herald from Manila under date of Wednesday says: The army's advance today had covered more than two miles before any resistance was offered. At 6 o'clock this (Wednesday) morning the flying column, with the Third artillery and the Montana and Kansas volunteers on the left of the railroad and the Pennsylvania, South Dakota and Nebraska volunteers on the right, started for Bocaue across two miles of open field. The insurgents began to fire immediately and continued until the troops reached the river at Bocaue. Wounded insurgents report that the enemy had retreated to Malolos.

In the Pennsylvania regiment there was one killed and five wounded. The Kansas regiment lost one officer and fifteen privates wounded. In the Montana regiment five were wounded, and in the Nebraska regiment one man was killed and ten wounded. The American advance was wonderfully rapid considering that the enemy destroyed the bridges and fled.

There was no resistance at Bigas. The troops advanced rapidly in contracted lines to the town of Guinguinto. The Pennsylvania regiment crossed the bridge as the advance guard.

Unexpectedly the insurgents concealed in the woods ahead opened a heavy fire. Then the Kansas regiment and one battalion of the South Dakota regiment rushed across the bridge under

fire. Two of the Utah battery's guns and one Colt rapid-firer also came into action. The insurgents had made trenches across the railroad. Our loss was several killed and more than twenty wounded before the insurgents were driven off.

List of Casualties.

WASHINGTON, March 30.—Under this date Otis from Manila forwards the following list of additional casualties in the Second Oregon:

Killed, March 28. — Company A, Private Bert I. Clark.

Wounded—Company L, Captain Harry L. Wells, stomach, slight; Sergeant W. W. Wilson, hand, slight; Private Chas. R. Robert, leg, slight; Frank E. E. Adams, side, severe; Benjamin F. Smith, Jr., legs, severe.

Company K, Quartermaster Sergeant E. D. Coghlan, leg, slight; Private Thomas C. Townsend, foot, slight.

Company M, Private Edward Jaques, hand, slight.

Wounded, March 29.—Company G, Private Frank C. Woodruff, heel, moderate; E. C. Thornton, hand, moderate.

THE OLD WAY

Of Treating Dyspepsia and Indigestion by Dieting a Dangerous and Useless One.

We say the old way, but really it is a very common one at the present time and many dyspeptics and physicians as well, consider the first step to take in attempting to cure indigestion is to diet, either by selecting certain foods and rejecting others or to greatly diminish the quantity usually taken, in other words, the starvation plan is by many supposed to be the first essential.

The almost certain failure of the starvation cure for dyspepsia has been proven time and again, but still the moment dyspepsia makes its appearance a course of dieting is at once advised. All this is radically wrong. It is foolish and unscientific to recommend dieting or starvation to a man suffering from dyspepsia, because indigestion itself starves every organ and every nerve and every fibre in the body.

What the dyspeptic wants is abundant nutrition, which means plenty of good, wholesome, well cooked food and something to assist the weak stomach to digest it. This is exactly the purpose for which Stuart's Dyspepsia Tablets are adapted and this is the method by which they cure the worst cases of dyspepsia, in other words the patient eats plenty of wholesome food and Stuart's Dyspepsia Tablets digest it for him. In this way the system is nourished and the overworked stomach rested, because the tablets will digest the food whether the stomach works or not. One of these tablets will digest 3,000 grains of meat or eggs.

Your druggist will tell you that Stuart's Dyspepsia Tablets is the purest and safest remedy for stomach troubles and every trial makes one more friend for this excellent preparation. Sold at 50c, for full sized package at all drug stores.

Elegant new Pullman palace sleepers between Portland and Chicago have just been placed in service via the O. R. & N., Oregon Short Line, Union Pacific and Chicago & Northwestern railways daily every day in the year. Cars are of the very latest pattern, in fact being the most improved up-to-date sleeping cars turned out by the Pullman Company. These new palaces will leave Portland on the evening fast train of the O. R. & N. arriving at Chicago the morning of the fourth day and running through without change via Granger and Omaha. 191f

SAMOAN TOWNS UNDER FIRE

Bombardment by the American Cruisers Continues.

EXILED CHIEFS BROUGHT BACK

Consensus of Opinion at Washington is that Kautz has Acted Entirely Within His Orders and that the Government Will Sustain Him.

BERLIN, March 30.—A brief official dispatch from Apia, Samoa, dated March 30, says: The bombardment of the coast villages by British and American warships, continues. In pursuance of military orders, white residents have evacuated many houses.

The chief of the Malietoa Tanu party, who were exiled to the other islands, have been brought back from Upola. The firearms and ammunition taken from Tanu January 2 have been returned.

Determined to Sustain Admiral Kautz.

WASHINGTON, March 30.—The state department has not received detailed official advices relating to occurrences in Samoa. The demonstration is regretted, but the opinion is expressed that Kautz acted on what was his best judgement and information. The state department acknowledges that no permanent agreement can be reached under a treaty in which all three powers do not agree, and hopes some settlement of the difficulty may be brought about when it becomes apparent present conditions cannot exist indefinitely.

Kautz acted within his instructions, and there is no doubt, with the facts now at hand, that he will be sustained by the United States government.

The Situation is Improving.

WASHINGTON, March 30.—Assistant Secretary of War Allen has issued the following statement: The last dispatch from Kautz is as follows:

"Auckland, March 29.—The situation is improving since the telegram of March 18, via Sidney, N. S. W. Kautz."

LONDON, March 30.—The British foreign office has received an official dispatch confirming the news from Apia announcing the outbreak of hostilities there.

First news of the bombardment of the coast towns of Samoa was contained in an Associated Press dispatch sent out last night, which said that the troubles growing out of election of a king had taken a more serious turn and resulted in the shelling of the coast villages by the United States cruiser Philadelphia, Admiral Kautz commanding, and the British cruisers Porpoise and Royalist. The bombardment has continued intermittently for eight days. Several villages have been burned, and there have been a number of casualties among American and British sailors and marines. As yet it is impossible to estimate the number of natives killed or injured.

Plot to Depose the Czar.

PARIS, March 30.—The Echo de Paris today publishes a sensational dispatch from Copenhagen, saying a plot against

the czar, in which his mother and M. Pobyedonotzoff, head of the holy synod, are implicated, has been discovered, the object of the conspiracy being to take advantage of the state of the czar's health, to remove him from power and confide the government to his uncle, who is classed as a notorious reactionary.

GREAT LOSS IN SHEEP

Conservative Estimate Fixes it at 15 Per Cent in Umatilla.

PENDLETON, March 29.—C. A. Eppinger, a well-known sheepman, has returned from North Yakima. He says the increase in lambs this year will be no more than 60 per cent, unless perfect weather conditions prevail, when the increase may be as much as seventy-five. Ordinarily the increase under favorable conditions should be 100 per cent, and, in exceptionally good years, even more. Many sheep are dying in Yakima county, and the outlook is discouraging, according to Mr. Eppinger.

Douglas Belts, formerly a representative in the legislature from this county, said today that throughout this county the loss to the sheep industry will be no less than 15 per cent, or 10 per cent more than the loss in ordinary years. Mr. Belts is a conservative man. He places the loss at a lower figure than the majority do. He says, however, that the heaviest loss will be looked for during the coming two weeks to a month, for the reason that feed is so scarce that the sheep cannot recuperate from the weak condition in which the severe winter weather left them, and the ewes cannot properly nourish the young lambs.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Remarkable Rescue.
Mrs. Michael Certain, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued to use and after taking six bottles found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottle of this Great Discovery at Blakeley & Houghton's drug store. Only 50 cents and \$1. Every bottle guaranteed. 6

NOTICE FOR PUBLICATION.
U. S. LAND OFFICE, at VANCOUVER, WASH., FEBRUARY, 18, 1899.
Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before W. B. Presby, United States Commissioner for District of Washington, at his office in Goldendale, Washington, on Saturday, April 8, 1899, viz:
THURMAN E. WRIGHT,
Homestead Entry, No. 10929, for the NE 1/4 Section 32, Township 4 north, of Range 13 east, Will. Mer.
He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz:
George B. Lyle, of Fulda P. O., Washington; Nils J. Soline, John B. Simmons, Frank R. Reynolds, of Lyle P. O., Washington, Feb-22-1
W. R. DUNBAR, Register.

Government Lands
With fine timber and running water in Hood River Valley, suitable for homestead and timber entries. We locate individuals or colonies on these lands. Large mining industries now being located here; also town lots and other lands for sale.
Some of these Government lands are the choicest Apple land of the Famous Hood River Valley.
