## ADVANCED AND TOOK MALOLOS

### Rebels Had Fired the City and Retreated to the Mountains.

## KANSAS TROOPS TO THE FRONT

### American Casualties One Man Killed and Fifteen Wounded—Troops are Resting at Malolos.

MANILA, March 31.—3:55 p. m.—At 10 o'clock this morning the American flag was raised over Malolos. The Kansas and Montana regiments on entering the city found it deserted, the presidentia burning, and the rebels retreating towards the mountains in a state of terror. It is believed they cannot in future make even faint resistance. The American loss is small.

It is evident the rebels some time ago abandoned all hope of holding their capital, for the Americans found there elaborate preparations for the evacuation. Most of the rebels' forces were removed yesterday evening to positions east of the railroad, leaving only some small bands in the strong trenches in front of Malolos.

WASHINGTON, March 31.—The following was received at the war department this morning:

"Manila, March 31.—The troops are resting at Malolos. A considerable portion of the city was destroyed by fire. Our casualties are one killed and fifteen wounded.

"Hale has returned with his troops to his former position north of Manila.

"Otis."

### Hall Advanced Today.

MANILA, March 31.—10:30 a. m.—Hall's brigade advanced today from Mariquina up the Mateo river valley almost to Montalban, driving the enemy to the hills in the north. The rebels were considerable in force at the junctions of the rivers Nanca and Ampit with Mateo, but the American artillery soon scattered them with heavy loss. The American loss was one killed, Lieutenant Gregg, of the Fourth Infantry. Hall eventually returned to the waterworks.

### Particulars of the Advance.

MANILA, March 31.—3:55 p. m.—General MacArthur started for the rebel capital at 7 o'clock this morning with two rapidly-firing guns flanking the track, two guns of the Utah battery on the right and two guns of the Sixth artillery firing continuously. The Kansas and Montana regiments moved upon Malolos, and the Nebraska and Pennsylvania regiments and Third artillery kept along the right of the railroad.

The only effective stand made by the rebels was at an earthwork, half a mile from Malolos, and on the right, where the Nebraska regiment, as was the case yesterday, had the hardest work and suffered the greatest loss.

The Filipino flag, which was flying from the center of the town, was hauled down by some men of the Montana regiment, who subsequently raised their own above it.

From the columns of smoke arising from the city, it seemed as if the whole place was ablaze. It turned out however, that only the presidentia, or government building, and a few of the smaller buildings had been set afire by the rebels before they evacuated the place.

From reports gathered by the American officers from prisoners and others, it is believed the rebel army is constantly losing strength on account of desertions, and although the enemy may

make one or two more stands, the forces of Aguinaldo will degenerate in perhaps a month to a few hundred, who may continue waging a guerrilla warfare in the mountains.

The American troops behaved splendidly. They advanced steadily, clearing successive lines of trenches through the woods and jungles and suffering from the frightful heat. In addition, the American volunteers were handicapped in fighting by the fact that their Springfield rifles are of shorter range than the Mauser rifles in the hands of the rebels.

Under these circumstances the steady advance of our troops is a remarkable achievement. But the most noteworthy feature of this onward sweep of the Americans is the patience and endurance of the private soldiers.

This afternoon the victorious American army is feasting on coconuts and bananas and enjoying a well earned rest while the hospital train is carrying the wounded back to Manila.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

### Rain in Grant County.

LONG CREEK, March 30.—Northern Grant county was visited during the thirty-six hours ended Tuesday by a warm rain, which causing the snow to disappear on the hillsides, and the grass to start on the lower plains. In some sections plowing is being done. According to reports from orchardists, many fruit trees have been killed, and it is believed that the strawberry crop will be light.

Much trouble is had by farmers in securing seed grains, owing to the scarcity resulting from feeding whole grain to stock as a substitute for hay. Persons who have attempted to purchase wheat for seed have been unable to secure any, and will be compelled to go outside the county for it.

### Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by Blakeley and Houghton, druggists. 6

### Awful Marine Disaster.

SOUTHAMPTON, March 31.—The passenger steamer Stella, plying between this port and the Channel islands, crashed upon the dreaded Casquet rocks, near the island of Alderney, yesterday afternoon, in a dense fog, and foundered in ten minutes. Her boilers exploded with a tremendous report as she went down. The coasting steamer Lynx, which

brought the news of the disaster here, picked up four boats and forty persons. It is estimated that 120 persons were drowned.

The second officer of the steamer, who was among the rescued, says a collapsible boat was launched full of people, but he thinks it struck on the rocks, owing to the fog. Another steamer has picked up a boat containing forty-five persons, including twenty women who escaped from the wrecked steamer.

The Stella had on board 210 passengers, who were going to spend Easter in the Channel islands.

## KINGSTON FIGHT A SERIOUS MATTER

### Two American Sailors and Eight Natives Were Killed and Several Wounded.

NEW YORK, March 31.—A dispatch to the Herald from Kingston, Jamaica, says: During the fight between American sailors and native boatmen, on Tuesday, at the wharf, the casualties were:

Indiana—Two killed (O. Grady and another) and several wounded.

Texas—James Darcy, oiler, concussion of the brain, and W. F. R. McMahon, fractured knee, are going North on the Supply.

Three men from the Texas are in the hospital. One named Green, a water tender, may die from a stab wound; twenty-five other sailors were injured, including four on the Supply. That ship's whaleboat crew, being stoned by natives, were forced overboard to escape death.

Eight natives are reported killed. The Newark arrived this morning.

### Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued to use and after taking six bottles found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottle of this Great Discovery at Blakeley & Houghton's drug store. Only 50 cents and \$1. Every bottle guaranteed. 6

### President May Go to Yellowstone.

WASHINGTON, March 30.—Senator Carter, of Montana, was at the White House today and urged the president to visit the Yellowstone Park during his summer vacation. The president has long had this in view, and if the public business will permit, it is very probable that he will arrange to make the trip some time in July or August.

## NO COLOR LINE DRAWN

### Vancouver Will Welcome the Negro Troops.

VANCOUVER, Wash., March 30.—The troops ordered to take station here, consisting of one company of the Twenty-fourth infantry, are expected to leave Salt Lake Saturday and are looked for on Monday. The report that there is general feeling against the colored soldiers here is erroneous. On the contrary it may be said that the people of Vancouver are patriotic and know no color line. The colored soldiers will be as warmly welcomed in both city and barracks as would any company of white soldiers.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute," will "answer the purpose," or is "just as good" as One Minute, Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Insist vigorously upon having it if "something else" is offered you. Snipes-Kinnersly Drug Co.

## A COMMISSION WILL BE NAMED

### Modus Vivendi for Settlement of the Samoan Dispute Has Been Agreed Upon.

WASHINGTON, March 31.—A modus vivendi for the settlement of the Samoan troubles has been proposed and is now under favorable consideration by the three governments concerned. It contemplates the creation of a joint high commission consisting of one member of each country, to pass upon the recent clash of authority and resulting disorder. The proposition, it is understood, was put forward by Germany, and is the second one submitted for the settlement of the entire question.

The steamer Spokane has been placed in service on the Snake river between Sparta and Lewiston with double daily service and will be operated as a through mail, express and passenger steamer, making round trips daily except Saturday. Leave Riparia at 2:30 a. m. arriving at Lewiston at 12 o'clock noon. Leave Lewiston at 2:30 p. m. arriving at Riparia at 7 o'clock p. m. The steamer Lewiston will take the place of the Spokane on the same schedule Saturdays and at other times will be operated on a wild schedule, taking care of all local work.
