MAC ARTHUR'S ARMY RESTS

The Americans Will Advance as Far as
Calumpit.

RESIDENTS OF MALOLOS RETURN

Chinese Say Aguinaldo Has Only 1500
Troops With Him—No Rebels to
Be Seen.

MANILA, April 1.—The American forces commanded by Mac Arthur are resting at Malolos today. The men are in good condition, considering the fatigues of the campaign. The plans of the rebels, if they have any, are conjectural.

Considerable rebel forces have been collected along the front of Lawton and Hall, who are holding the line from the water works to La Lonia. There is shooting nightly along this line, apparently for the purpose of breaking the Americans' sleep. Consequently Lawton has detailed five sharpshooters from each company to attend to the rebels, and the Americans are picking off numbers of them.

It is reported that 3000 rebels under Pilar are concentrated at Cainta and Taytay.

General King this morning sent out a reconnoitering party of two companies of the North Dakota regiment, and a brisk engagement followed, during which seven Filipinos were killed. On the American side a lieutenant and two privates were wounded.

MANILA, April 1.—The reconnaissance by the Americans extended as far as Calumpit. It is expected the move will be made there tomorrow.

Residents of Malolos, who fled in panic when the Americans took the town, are returning, and are glad the Americans are in charge, as the city is absolutely quiet. Scouts can find no trace of Tagala, but peaceful residents who desire Aguinaldo to surrender are maltreated by the Chinese residents say Aguinaldo has only 1500 troops with him, as the desertions have been tremendous.

Beyond San Fernando, Aguinaldo cannot well go, as the hostile tribes of Tarlac and Pangasinan will cut him off.

The railroad from Manila stops at San Fernando, and the Americans will have no trouble in pursuing that far, as is Otis' plan at present. The Chinese say that four American prisoners, H. Huber, William Bruce, A. Sonrichsen and E. Honeymann, were tortured and taunted in public, but then disappeared. No trace of them can now be found.

A detachment of Kansas troops has gone to Buayan to release Spanish prisoners held by rebels.

Heavy Fighting Ended.

WASHINGTON, April 1.—War department officials here are very much gratified at conditions in the Philippines. It is understood from Otis' dispatches that there is little left of Aguinaldo's army, and that his troops do not want to again face the American soldiers. It is believed Otis now has the situation well in hand, and that the only opposition to his advance will be by small and isolated bodies of insurgents, which will easily be overcome by the American troops.

Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her.

THE OLD WAY

Of Treating Dyspepsia and Indigestion by Dieting a Dangerous and Useless One.

We say the old way, but really it is a very common one at the present time and many dyspeptics and physicians as well, consider the first step to take in attempting to cure indigestion is to diet, either by selecting certain foods and rejecting others or to greatly diminish the quantity usually taken, in other words, the starvation plan is by many supposed to be the first essential.

The almost certain failure of the starvation cure for dyspepsia has been proven time and again, but still the moment dyspepsia makes its appearance a course of dieting is at once advised.

All this is radically wrong. It is foolish and unscientific to recommend dieting or starvation to a man suffering from dyspepsia, because indigestion itself starves every organ and every nerve and every fibre in the body.

What the dyspeptic wants is abundant nutrition, which means plenty of good, wholesome, well cooked food and something to assist the weak stomach to digest it. This is exactly the purpose for which Stuart's Dyspepsia Tablets are adapted and this is the method by which they cure the worst cases of dyspepsia, in other words the patients eat plenty of wholesome food and Stuart's Dyspepsia Tablets digest it for him. In this way the system is nourished and the overworked stomach rested, because the tablets will digest the food whether the stomach works or not. One of these tablets will digest 3,000 grains of meat or eggs.

Your druggist will tell you that Stuart's Dyspepsia Tablets is the purest and safest remedy for stomach troubles and every trial makes one more friend for this excellent preparation. Sold at 50c, for full sized package at all drug stores.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by Blakeley and Houghton, druggists. 6

SCRAMBLE FOR LAND

Building Lots in Demand at Centerville, Wash.

CENTERVILLE, Wash., April 1.—This was a lively day for Centerville. Surveyor Jacob Richardson, of Goldendale, has been a visitor for three days, locating the townsite which will cover forty acres, and be entered on before Commissioner Presby under the "townsite act." The scramble for lots was as general as it was Thursday, but there were no collisions. At one time in the procedure when one man would enclose a lot with a fence, and another man would tear it away, it looked as if there would be trouble. Surveyor Richardson's presence cooled the "hot heads." The surveys have progressed so far that owners of buildings may be able to locate on the lot upon which the improvements have been made and get a good title to the land in case the new entry is sustained by the United States land department.

CHIEF MOSES IS DEAD

Passed Away on the Colville Reservation
A Week Ago.

A FAMOUS OLD CHIEF

He Possessed Much Land and Drew an
Annuity From the Government.

SEATTLE, March 31.—A Post-Intelligencer special from Creston, Wash., says Chief Moses, the well-known Indian, died at his home on the Colville reservation last Saturday.

SPOKANE, March 31.—Moses was really head chief of all the Indians on the Colville reservation, about 2000, including his band of the Columbias, the Okanogans, Lakes, Colvilles, Nespelims and San Poils. He lived near the Nespelitim subagency, about three miles from Joseph's place. He was quite well off in land and stock, and for several years had been drawing an annuity of \$1000 from the government.

He was seventy-five or eighty years of age, though that is largely a matter of guesswork, as none of the older Indians know their own ages. He came of a fighting stock. His father was killed in an Indian war in Montana, and he was on the warpath in that state, and was repeatedly wounded in battle. Later, he was in the Indian battles on the Columbia river west of Spokane.

Moses remained at peace, though, during the Nez Perces war. He was urged by Joseph to join forces with him, but refused. He afterwards said that he wavered, but finally decided to remain at peace with the whites.

Moses was a large man, and when in health would weigh 240 pounds. He had a remarkable head, said to be like Henry Ward Beecher's. He had one daughter, but no son. His only son was drowned a few years ago in the rapids of the Columbia, near Fort Spokane.
