## UNCLE SAN'S INTENTIONS

Text of the Proclamation Issued by the Philippine Commission at Manila.

## TONE CONCILIATORY BUT FIRM

This Authority Once Recognized, the Philippine People Will be Granted the Most Ample Self-Government Reconcilable With a Stable Administration of Public Affairs.

New York, April 4.—The Journal's Manila correspondent cables the text of the United States Philippine commissioners' proclamation, issued today. It follows:

The commission desires to assure the people of the islands of the cordial good will and fraternal feeling which is entertained for them by the president and the American people. The present aim and object of the United States, apart from fulfillment of the solemn obligations it has assumed toward the family of nations by its acceptance of sovereignty over the Philippine islands, is the well-being, prosperity and happiness of the Philippine people, and their elevation and advancement to a position among the most civilized people of the world.

The president believes this felicity and perfection of the Philippine people is to be brought about by the assurance of peace and order, by guarantee of civil and religious liberty, by establishment of the justice, cultivation of letters, science and liberal and practical arts, by enlargement of intercourse with foreign nations, expansion of industrial pursuits, by trade and commerce, by multiplication and improvements of means of internal communication, by internal development, with the aid of mechanical inventions, of the great natural resources of the archipelago, and, in a word, the uninterrupted devotion of the people to the pursuit of useful objects and the realization of those noble ideas which constitute the higher civilization of mankind.

Unfortunately, these pure aims and the purposes of the American government have been misinterpreted to the inhabitants of certain islands, and as a consequence the friendly American forces have, without provocation or cause, been openly attacked.

## THE OLD WAY

Of Treating Dyspepsia and Indigestion by Dieting a Dangerous and Useless One.

We say the old way, but really it is a very common one at the present time and many dyspeptics and physicians as well, consider the first step to take in attempting to cure indigestion is to diet, either by selecting certain foods and rejecting others or to greatly diminish the quantity usually taken, in other words, the starvation plan is by many supposed to be the first essential.

The almost certain failure of the starvation cure for dyspepsia has been proven time and again, but still the moment dyspepsia makes its appearance a course of dieting is at once advised.

All this is radically wrong. It is foolish and unscientific to recommend dieting or starvation to a man suffering from dyspepsia, because indigestion itself starves every organ and every nerve and

every fibre in the body.

What the dyspeptic wants is abundant nutrition, which means plenty of good, wholesome, well cooked food and something to assist the weak stomach to digest it. This is exactly the purpose for which Stuart's Dyspepsia Tablets are adapted and this is the method by which they cure the worst cases of dyspepsia, in other words the patient eats plenty of wholesome food and Stuart's Dyspepsia Tablets digest it for him. In this way the system is nourished and the overworked stomach rested, because the tablets will digest the food whether the stomach works or not. One of these tablets will digest 3,000 grains of meat or eggs.

Your druggist will tell you that Stuart's Dyspepsia Tablets is the purest and safest remedy for stomach troubles and every trial makes one more friend for this excellent preparation. Sold at 50c, for full sized package at all drug stores.

## COPPER RIVER MINERS STARVING

Acting Secretary of War Meiklejohn Receives Information to This Effect—Relief Measures Ordered.

WASHINGTON, April 4.—Acting Secretary of War Meiklejohn has received information that miners on Copper river are in a starving condition.

Although Captains Abercrombie and Glenn have full instruction to send relief to any who may be suffering along the route of their expeditions to Copper river and Cook's inlet, Mr. Meiklejohn has sent further instructions by telegraph to Captain Abercrombie to take medical and other supplies to Copper river, and make every effort to assist the miners reported as destitute and suffering.

### Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued to use and after taking six bottles found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottle of this Great Discovery at Blakeley & Houghton's drug store. Only 50 cents and \$1. Every bottle guaranteed.

### Germany's Plan is Accepted.

WASHINGTON, April 4.—Lord Salisbury has accepted the plan proposed by Germany for settlement of the Samoan trouble, by appointment of a tripartite commission. Acceptance is on a broad principle only and details of the arrangement are yet to be agreed upon.

As the United States has already accepted the general proposition, there is no longer any doubt as to the organization of the commission.

## THE APRIL SNOW STORM

Winter Weather in Iowa, Missouri and Kansas.

OTTUMWA, Ia., April 3.—The heaviest snow ever known here in April is falling. Railroads and street-cars are operated with difficulty. Fifteen inches of snow since Thursday is the record.

DES MOINES, Ia., April 3.—It has been snowing here for thirty-six hours, with no evidence of letting up.

ST. JOSEPH, Mo., April 3.—Another blinding snow storm is raging here today.

SALINA, Kan., April 3.—The worst blizzard of the year is in progress today.

### Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

### Grievances of Nez Percés.

SPOKANE, April 3.—Chief Kip-Kip-Pelican, Peter Parsons, David McFarland and Silas Whitman, alias Pile-Of-Clouds, four young Nez Percés Indians, left tonight for Washington as delegates representing the Nez Percés tribe to lay before the commissioner of Indian affairs certain grievances the tribe thinks it has against the government. The trouble is over the payment being made by the government to the Indians. The latter believe that there should be a greater number of annual payments for the land taken from them under the treaty than the government contemplates giving. McFarland formerly played quarter-back on the famous Carlisle Indian school football team.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute" will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Insist vigorously upon having it if "something else" is offered you. Snipes-Kinersly Drug Co.

## EASTERN OREGON LIVESTOCK

Montana Cattle-Buyers Already in the Field.

LONG CREEK, Or., April 1.—Cattlemen with headquarters in Montana have already placed agents in Grant county, and they expect, notwithstanding the recent hard winter, to do extensive buying. W. M. Butler, representing W. M. Boardman, who has for years made large annual drives from this place to his Montana range, arrived in this city Thursday, and today began operations. He says the southern portion of the county can furnish as many cattle as they did last year, and he anticipates no trouble in making purchases. While Mr. Butler has not yet made public what his figures will be, it is not believed the prices paid will equal those of last year. In the adjoining county of Crook, the price is reported as follows: Dry cows, \$26; 2-year-old steers, \$23; yearling steers, \$18; 2-year-old heifers, \$14.

So far no sales of sheep have been reported for March, and April is likely to prove likewise dull. The recent heavy slump in the price of wool has had the effect of reducing the price of trail from 25 to 50 cents per head less than offered last year, and as buyers are a little chary of paying even that much, and owners are inclined to hold out for last year's figures, the sheep market, so far as Grant county is concerned, is practically at a standstill.

### Story of a Slave.

He be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50c. Sold by Blakeley and Houghton, druggists. 6

## ANOTHER BATTLE IMMINENT

One Thousand Rebels Armed With Mausers Are Massing North of Malolos.

MANILA, 4:45 p. m., April 4.—General MacArthur reconnoitered in force this morning with the Montana regiment, the cavalry and two guns of the light artillery, as far as the north of the Malolos. The reconnoissance developed the fact that there are fully 1000 rebels armed with Mauser rifles preparing for defense. Shots were exchanged and two of the Montana regiment were wounded, but there was no engagement.

Later in the day General MacArthur moved northward, as the water supply of Malolos is inadequate.

### Kipling Able to Be Up.

New York, April 3.—Mr. Kipling got out of bed yesterday for the first time since his illness. He is well on his way towards complete recovery.

J. Sheer, Sedalia, Mo., conductor on electric street car line, writes that his little daughter was very low with croup, and her life saved after all physicians had failed, only by using One Minute Cough Cure. Snipes-Kinersly Drug Co.
