

CUBANS FINALLY GIVE UP

Assembly Dissolves and Disbands the Army.

MATTER AT LAST SETTLED

Only One Member Voted No—Governor Allowed to Use His Discretion in Sending Home Remaining Volunteers.

HAVANA, April 4.—The Cuban military assembly this afternoon voted to disband the army and dissolve. The voting was 21 in favor and 1 against. The muster-rolls were left in possession of the executive committee of the assembly, who will facilitate the preparation of copies for Governor-General Brooke. The army question is considered settled.

"As the shadows of night fall over the city, we finish our work. So is Cuba's future clouded and dark. I take leave of you with sorrow, and my last words are: May Cuba some day be free and independent." With these words, General Fernando Freyre de Andrade, president of the military assembly, closed its last session at 7 o'clock this evening. The whole meeting was calm and dispassionate. It lasted four hours.

The assembly ordered the disbanding of the army in accordance with Senor de Spaigne's motion, and passed upon the details and method of the disbandment. A new executive committee was then appointed to attend to the routine work connected with the commission of Cuban officials, and this committee will supply to General Brooke the copies of the Cuban muster-rolls. Twenty-two members attended the closing session.

Brooke May Retain the Volunteers. WASHINGTON, April 4.—General Brooke has been notified to suit his convenience regarding the sending home of volunteers remaining in Cuba, and he may retain them until the payment of the \$3,000,000 to the Cuban soldiers is executed.

LEADING MANILANS APPROVE IT

Copies Printed in English, Spanish and Tagal Freely Distributed—Report in Circulation to the Effect That Aguinaldo Has Been Supplanted as Director of Rebel Affairs.

MANILA, April 5.—6:30 p. m.—The proclamation of the United States Philippine commission was posted in the streets, printed in English, Spanish and Tagal, today. It was also distributed in the outside towns as far as Malolos, and has been received with marked attention by natives generally and approved by a number of representative Manilans.

The English bankers here who have been interviewed on the subject are optimistic upon the attitude of the Americans, assuming that the decisive policy will undoubtedly be successful.

There are persistent rumors to the effect that Aguinaldo has been supplanted in control of Filipino affairs by General Antonio Luna, commander-in-chief of the Filipino forces. Luna is described as being a typical belligerent.

The editor of Oceania thinks the proclamation is the most polite document ever published in the Philippine

islands, and that it is bound to convince the wavering of the foily of further hostilities. An English merchant says the first clause, with reference to the establishment and maintenance of American sovereignty and warning to the rebels, should settle the question in the minds of every thinking Filipino. A Scotch shipowner thinks it does not leave any further doubt as to the policy of the United States, and that consequently Aguinaldo must submit to the inevitable.

Regulars for Manila.
SALT LAKE, April 5.—Companies H and L, of the Twenty-fourth infantry, left here this morning for San Francisco. The officers accompanying the troops are Colonel Freeman, Adjutant Lettch, Commissary Dashiell, Captains Angur and Hovey, and Lieutenants Miller and Jenks. At Ogden they will be joined by companies E and I, from Fort Russell, Wyo., under command of Captains Brett and Ruthers.

Health of the Troops.
FORT WORTH, Tex., April 5.—Dr. Chas. V. Harris, of the medical department of the army, passed through here today, en route to Washington. He comes from the Philippine islands, and says the report of excellent health among the troops is false. Dr. Harris stated that many United States soldiers, disheartened over their physical condition, deliberately place themselves as a target for the enemy's guns.

Remarkable Rescue.
Mrs. Michael Curtin, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued to use and after taking six bottles found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottle of this Great Discovery at Blakeley & Houghton's drug store. Only 50 cents and \$1. Every bottle guaranteed. 6

Both Prepare for Trouble.
New York, April 5.—A dispatch to the Herald from Hong Kong says: In consequence of attacks by Chinese on the British survey parties of Hong Kong, on leased territory at Kowloon yesterday, and the report that Captain May and a small force of police were being confined in a hut, one hundred men of the Welsh regiment left this morning on the torpedo-destroyers Whiting and Mira Bay. The viceroy of Canton has sent 300 soldiers to Kowloon.

WARREN F. LELAND DEAD

Was Operated Upon for Appendicitis Last Friday.

New York, April 4.—Warren F. Leland, proprietor of the Windsor hotel, which was destroyed by fire March 17, died at 5:34 o'clock this afternoon, at the Hotel Grenobie. Mr. Leland's death followed an operation for appendicitis performed Friday. Mr. Leland had apparently been in good health up to Thursday, notwithstanding the amount of work he had to do in connection with the burning of his hotel and the grief he felt at the loss of his wife and daughter, who were among the victims of the fire. On that day he began to complain, and as his illness was evidently serious, a consultation of physicians was held Friday, and it was deemed advisable to perform an operation. After the operation the patient's condition was satisfactory, but he had a relapse the following day and a second relapse today. At 4 o'clock this afternoon he began to sink rapidly.

Deafness Cannot be Cured.
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

OTTAWA, Ont., April 4.—The government has no official advice of the alleged refusal of the United States customs collector at Skagway to allow Canadian goods destined to Dawson to pass through Alaska in bond.
