DROWNED IN THE UMPQUA

Fish Commissioner McGuire and Senator Reed Drowned.

BOAT UPSET IN RAPIDS

Rowlock Broke and the Frail Craft Was Soon Swamped—Helpless in Seething Waters—The Men Had Been Warned That Their Trip Was a Hazardous One.

ROSEBURG, Or., April 8.—Hollister D. McGuire, fish commissioner of Oregon, and A. W. Reed, state senator from Douglas county, were drowned in the North Umpqua river, opposite Riverdale farm, six miles below Roseburg, this morning. The bodies have not been recovered.

Messrs. Reed and McGuire, accompanied by W. F. Hubbard, who has charge of the Clackamas hatchery, went down the North Umpqua to locate a site for a hatchery, intending to return this evening. All three came to this city with Governor Geer, Secretary of State Dunbar and Adjutant-General Tuttle on business connected with the hatchery location and the Oregon Soldiers' Home. Messrs. McGuire, Reed and Hubbard went by freight train to Winchester, where they boarded a small boat for the junction of the rivers, six miles below Roseburg. Governor Geer and General Tuttle went to the Soldiers' Home, and Secretary Dunbar left for Astoria today.

Details of the Drowning.

After viewing the river in the vicinity of Winchester, Messrs. McGuire, Reed and Hubbard took a boat and proceeded down the river, which is a wild, rapid stream. When nearing the first falls, they pulled the boat ashore and McGuire and Reed got out and walked around the falls. Mr. Hubbard took the boat over the falls, and the other two again got in.

About one mile farther down are the long rapids, about one-half mile in length and one can see them only a short distance. The roar of the water first announces one's approach. On hearing the warning sound they undertook to row ashore, when a rowlock broke and the next moment they were in the water. Commissioner McGuire and Mr. Hubbard started to swim ashore. Senator Reed being unable to swim, clung to the upturned boat. When about half way to shore, Hubbard looked over his shoulder and saw McGuire swimming after him and Reed upon the boat. When he reached the shore he looked again, and both had disappeared. Neither has yet been found. Searching parties are out with ropes, lanterns and grappling hooks. The accident was most unfortunate, as Senator Reed's wife expected to meet him here tonight.

People at Winchester who know the treacherous waters of the North Umpqua warned McGuire, Reed and Hubbard of the danger, and advised them not to undertake so hazardous a trip. They were warned the second time when they were about to get in the boat after Mr. Hubbard had taken it over the first rapids. The North Umpqua is one of the swiftest running streams in Oregon.

Mr. McGuire leaves a wife, who is the daughter of Bailiff Stuart, of Judge Frazer's court, and five children, the eldest of which is fifteen.

THEY RIDICULE IT.

Many People Ridicule the Idea of an Absolute Cure for Dyspepsia and Stomach Troubles.

Ridicule, However, is Not Argument, and Facts are Stubborn Things.

Stomach troubles are so common and in most cases, so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such pride themselves on their acuteness in never being humbugged, especially in medicines.

This fear of being humbugged can be carried too far, so far, in fact, that many people suffer for years with weak digestion rather than risk a little time and money in faithfully testing the claims made of a preparation so reliable and universally used as Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Seal, bismuth, hydrastis and nux. They are not cathartic, neither do they act powerfully on the organ, but they cure indigestion on the common sense plan of digesting the food eaten thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartic pills never have and never can cure indigestion and stomach troubles because they act entirely on the bowels, whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets taken after meals digest the food. That is all there is to it. Food not digested or half digested is poison as it creates gas, acidity, headaches, palpitation of the heart, loss of flesh and appetite and many other troubles which are often called by some other name. They are sold by druggists everywhere at 50 cents per package. Address F. A. Stuart Co., Marshall, Mich., for little book on stomach diseases, sent free.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

WHEN WORK IS DONE

Oregon Soldiers Not in a Hurry to Return Home.

WASHINGTON, April 7.—Senator Mc Bride was at the war department today discussing with Adjutant-General Corbin the subject of bringing home the Oregon volunteers. The senator suggests that as it will take several months to bring home all the volunteers, it will be well to have preparations made to start early with those that are not needed. He had a letter from Colonel Summers, of the Second Oregon, written since the fighting against the insurgents began, saying that as long as there was any fighting to be done, the Oregon regiment was willing to stay and defend the flag, but when it was over, the boys would all be willing to come home. If General Otis decides that the volunteers can be spared, the Oregon regiment, being one of the first to go, will be one of the first to return, as General Corbin told Senator McBride the return would be in that order.

JUDGE STEPHEN FIELD DYING

Aged Jurist Cannot Live Many Hours Longer.

CAUGHT COLD TWO WEEKS AGO

Became Complicated With Trouble Resulting From Extreme Old Age—Health Has Been Failing.

WASHINGTON, April 9.—Ex-Justice of the Supreme Court Stephen J. Field is dying. His physician does not expect him to survive the night.

Judge Field contracted a cold about two weeks ago, which became complicated a week ago last Thursday with troubles resulting from extreme old age. Saturday morning his physician, Dr. Curtie, pronounced his case critical, and all during the day and night he has been gradually sinking.

About 2 o'clock this morning he was pronounced dying, and his death was momentarily expected.

Judge Field is over 82 years of age. Since he retired from the supreme court in 1897, after 34 years of service, his condition has several times alarmed his friends, but his wonderful vitality has overcome all the disabilities of age, and though feeble of late years, he has since his retirement, enjoyed fairly good health. At the time of his retirement he had been in bad health for some time, but his ambition to serve upon the supreme bench longer than Chief Justice Marshall induced him to refuse retirement, although long past the legal age, until after his term had exceeded that of the first chief justice.

That Throbbing Headache Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by Blakeley & Houghton, druggists.
