

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

NOTICE.

School District No. 5 of Wasco County, Oregon, will issue two coupon bonds of the par value of four hundred dollars each bearing interest at the rate of six per cent per annum, interest payable semi-annually; said bonds being redeemable at the pleasure of said district after ten years from their date, but due and payable absolutely twenty years from date. Principle and interest payable at the office of the Treasurer of Wasco County, Oregon, or at such place as may be designated at the option of the purchaser.
The board of directors of said district are lawfully authorized to issue said bonds in accordance with the provision of an act of the Legislative Assembly of the State of Oregon, filed in the office of the Secretary of State February 22, 1906, and providing among other things for the issuance of bonds by school districts.
In compliance with the terms of said act, I, as treasurer of said county, will receive sealed bids for said bonds at my office in Dalles City before said until 5 o'clock p. m. on the 1st day of May 1909. All bids must be accompanied by a certified check of five per cent of the amount of bonds for which the bid is made. No bids for less than par will be considered. Bids to be submitted for district to execute. The right to reject any and all bids is reserved.
The Dalles, Oregon, April 1, 1909.

Dyspepsia Cure.

Artificially digests the food and aids Nature in strengthening and reconstructing the exhausted digestive organs. It is the latest discovered digestant and tonic. No other preparation can approach it in efficiency. It instantly relieves and permanently cures Dyspepsia, Indigestion, Heartburn, Flatulence, Sour Stomach, Nausea, Sick Headache, Gastralgia, Cramps, and all other results of imperfect digestion.
Prepared by E. C. DeWitt & Co., Chicago.

NOTICE.

To whom it may concern:
By virtue of an order, made by the Common Council of Dalles City, Oregon, on the 7th day of March, A. D. 1899, notice is hereby given that the Common Council of said city will cause to be constructed in accordance with the laws pertaining thereto, a sewer system in and for said city; the nature, extent and location of said system is hereinafter set forth; and the cost thereof will be charged to the property benefited thereby.
That all of said sewers are to be of terra cotta pipe and of such sizes as may be hereafter determined by said Council.
First—A main sewer, commencing from the low water mark on the Columbia river at the foot of Union street, thence running south on Union street to the intersection of the alley between Fourth and Fifth streets with Union street, thence south on Union street to the intersection of Tenth and Union streets.
Second—A main sewer, commencing at and connected with the sewer at the intersection of the alley between Fourth and Fifth streets with Union street, thence running easterly through private property in block 10, thence easterly through the alley between Fourth and Fifth streets to Washington street, thence south on Washington street to Fulton street.
Third—A sewer commencing at and connected with the sewer at the intersection of the alley between Fourth and Fifth streets with Union street, thence running easterly on said alley to Fourth street.
Fourth—A sewer commencing at and connected with the sewer at the intersection of the alley between Fourth and Fifth streets with Union street, thence running easterly through said alley to Jefferson street, thence north on Jefferson street to the intersection of Third and Fourth streets, thence easterly to a point in the middle of T. York street about 130 feet north of the north side of the intersection of Taylor and Second streets.
Fifth—A sewer commencing at the intersection of the alley between Second and Third streets with Taylor street, thence westerly on said alley to Monroe street, thence north to connect with sewer in alley between First and Second streets.
Sixth—A sewer commencing at and connected with sewer on Laughlin street at the intersection of Fourth and Laughlin streets, thence easterly on Fourth street to Jefferson street.
Seventh—A sewer commencing at and connected with sewer on Laughlin street at the intersection of Fourth and Laughlin streets, thence westerly to Washington street.
Eighth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Ninth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Tenth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Eleventh—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Twelfth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Thirteenth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Fourteenth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Fifteenth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Sixteenth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Seventeenth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Eighteenth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Nineteenth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Twentieth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Twenty-first—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Twenty-second—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Twenty-third—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Twenty-fourth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Twenty-fifth—A sewer commencing at and connected with sewer on Union street at the intersection of the alley between Second and Third streets with Union street, thence westerly through said alley to the intersection of said alley with Washington street.
Dated at Dalles City, Oregon, this 10th day of March, 1899.
NEO. H. GATES, Mchl. Recorder of Dalles City.

HOME CURE FOR BLOOD POISON.

Beware of the Doctors' Patchwork; You Can Cure Yourself at Home.

There is not the slightest doubt that the doctors do more harm than good in treating Contagious Blood Poison; many victims of this loathsome disease would be much better off to-day if they had never allowed themselves to be dosed on mercury and potash, the only remedies which the doctors ever give for blood poison.

The doctors are wholly unable to get rid of this vile poison, and only attempt to heal up the outward appearance of the disease—the sores and eruptions. This they do by driving the poison into the system, and endeavor to keep it shut in with their constant doses of potash and mercury. The mouth and throat and other delicate parts then break out into sores, and the light is continued indefinitely, the drugs doing the system more damage than the disease itself.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I had spent a hundred dollars with the doctors, when I realized that they could do me no good. I had large spots all over my body, and these soon broke out into running sores, and I endured all the suffering which this vile disease produces. I decided to try S. S. S. as a last resort, and was soon greatly improved. I followed closely your 'Directions for Self-Treatment,' and the large spots on my chest began to grow paler and smaller, and before long disappeared entirely. I was soon cured perfectly and my skin has been as clear as glass ever since. I cured myself at home, after the doctors had failed completely." It is a valuable time thrown away to expect the doctors to cure Contagious Blood Poison, for the disease is beyond their skill. Swifts Specific—

S. S. S. FOR THE BLOOD

—acts in an entirely different way from potash and mercury—it forces the poison out of the system and gets rid of it entirely. Hence it cures the disease, while other remedies only shut the poison in where it lurks forever, constantly undermining the constitution. Our system of private home treatment places a cure within the reach of all. We give all necessary medical advice, free of charge, and save the patient the embarrassment of publicity. Write for full information to Swift Specific Co., Atlanta, Ga.
