

VAST ARMY IS NEEDED AT MANILA

Lawton Says 100,000 Troops Will Be Required to Pacify Philippines.

HIS FORCES AT MANILA

All the Towns and Territory They Captured Abandoned to the Insurgents—Return of the Expedition to Manila.

New York, April 17.—A dispatch to the World from Manila says: Major-General Lawton, at Palte, today authorized the World correspondent to make this statement:

"The present prospect is that 100,000 troops will be necessary to pacify the Philippine islands." General Lawton's expedition has returned to Manila. All the territory he had captured was evacuated, and the launches he seized will be given back to the persons from whom Aguinaldo's soldiers took them."

After giving the opinion that 100,000 men will be required to subdue these islands, General Lawton explained the situation to the World correspondent as follows:

"The difficulties in the way are those of fighting guerrillas in a tropical country. With my brigade I could force my way from one end of the island to the other if I did not have to hold the territory I traversed. But leaving garrisons behind would soon eat up the whole of the force."

General Lawton regretted exceedingly being compelled to evacuate the territory he had captured.

Why Lawton Was Recalled.

New York, April 17.—A special to the Herald from Washington says: When shown a dispatch announcing the recall of General Lawton, Brigadier-General Schwan, acting adjutant-general, said it was in accordance with the understanding at the war department as to the purpose of General Lawton's campaign.

"General Otis sent this expedition to Southern Luzon," he continued, "for the purpose of destroying any insurgent forces that might be found there, to make a careful reconnaissance of the territory and, to spread broadcast the recent proclamation of the Philippine commission, setting forth the purposes of this government with respect to the islands. I expect he will clear all the prisoners he has taken, and they will be sent to their homes. By this action it is hoped he will prove to the Filipinos that the Americans are not as barbarous as the insurgents pretend we are and that we propose to treat the Filipinos humanely."

"Why is General Lawton needed at Manila?"

"General Otis has not communicated his plans to the department, the matter being left entirely to his discretion. The insurgent leader has established his headquarters at San Fernando, to the northwest of Malolos, and I suppose General Otis contemplates a movement against that city. General Lawton had only 1500 men under his command, and it was of course impossible for him to divide his force by stationing detachments in every village captured. His command will be useful, however, in assisting in the advance on Malolos, or in reinforcing the line about the city of Manila. It is possible that when the lake rises, General Otis will resume the campaign in the southern part of the island."

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate the stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good looking, charming woman of a run-down invalid. Only 50 cents at Blakeley & Houghton's drug store. 2

VOLUNTEERS WANT TO RETURN

Small Per Cent of Them Desirous of Re-enlisting.

WASHINGTON, April 16.—The desire of the volunteers to return to this country is evinced in a report which shows that of those who have been offered opportunity to re-enlist with the offer of a bonus in travel pay of over \$500, only about 7 per cent will accept. The volunteers, it is said, desire to come home by organizations, instead of individually. Some discharges of individual soldiers have been brought about by congressional pressure, but as a rule General Otis has been disapproving all applications for discharges except in case of sick or wounded soldiers.

Deafness Cannot be Cured:

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

When quite young she was bitten by a dog, the name of which she called (Garfield) in her delirium.

LAND ENTRY WAS CANCELLED

Tracts Were Granted to the Military Wagon Road.

WASHINGTON, April 12.—The commissioner of the general land office has cancelled the homestead entry of Albert Officer of a number of small tracts of land in The Dalles land district, Oregon, as those identical lands were granted to The Dalles Military Road Company in 1867, to aid in the construction of its road. Last year Officer was permitted by the local land officers to make entry of these lands, and final certificate was issued to him, he claiming to have settled on them in 1890.

Later, when the error was realized, the entry was held for cancellation, and Officer given sixty days within which to show reason why the entry should not be finally cancelled. This he attempted to do, saying that there was no other claim than his to the land when he settled, that no such grant was ever made to the road company, and the further fact that he has made improvements valued at \$2000. The commissioner holds, however, that Officer failed to show that the lands were excepted from the grant for the military road company, and the mere fact that the lands were not listed by the company in no way affects the company's right. He therefore held Officer's homestead entry for cancellation, but subject to right to appeal.

EMMA NEVADA HISSED IN SPAIN

Queen Regent Did the Right Thing by the Singer.

LONDON, April 17.—The Paris correspondent of the Daily Mail, recounting an interview with Madame Emma Nevada, the first American operatic singer who has visited Spain since the war, says:

"Madame Nevada's manager had arranged an operatic singing tour, but on the first night, at Seyville, though the house was bought up, the curtain rose on empty seats. The opera was 'Lucia de Lammermoor.' In the second act all the elite arrived, together, but turned their backs to the stage and talked ostentatiously until the end of the opera, when on returning to acknowledge a burst of applause, Nevada was roundly hissed. At Madrid the queen regent was informed of the occurrence. Her majesty invited Nevada to a soiree at the palace, and presented to her a diamond and sapphire bracelet. Nevada arrived here in a state of the greatest indignation.

Remarkable Cure for Rheumatism.

KENNA, Jackson Co., W. Va. About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddock insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. Warrant for John L. Sullivan.

ASTORIA, April 16.—The John L. Sullivan show appeared here tonight to a packed house, but as soon as the show opened, Manager Selig, of Fisher's opera-house, was arrested on a warrant sworn out at the instigation of the Ministerial Alliance. He gave bonds and the show proceeded. Later a warrant was issued from the same source against Sullivan. The warrant against him was not served, as he left with the company on a special train as engineer, dressed in oily overalls, jumper and peaked cap.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by Blakeley & Houghton Druggists.

COLFAX, Wash., April 16.—The 3 year-old daughter of George Tempero, a farmer living near the foot of Kamak butte, was burned to death yesterday evening. Mr. and Mrs. Tempero had gone to the barn to milk the cows, and the child accompanied them, but returned to the house before the parents, and attempted to start a fire. Its clothes became ignited, and before the parents reached the house, attracted by the child's screams, it was fatally burned. It died in the night.
